Bowers Appoints Allen Tate As Chairman Of Campus Chest

Last week Al Tate was appointed to become the chairman of this year's Campus Chest. Tate was appointed by Henry Bowers, president of Student Government, to take office immediately.

Tate is a member of the Order of the Grail, Chi Phi, and several other campus organizations. He ran for the Secretary-Treasurer of the Student Government last year, but was defeated.

As chairman of the Campus Chest, Tate will serve on the only organization that solicits funds the University campus. The Red Cross and other organizations solicit funds in Chapel Hill but and other organizations must work through the yearly Campus Chest to receive aid from money collected here on the campus.

The Campus Chest is set up similarly to the Community Chest. It is a fund organized by students, put into effect by students, and aided by students.

Each year the Chest receives applications from many various organizations. Some of these include the Southern Regional, which collects money and awards scholarships to worthy persons; World Student Service Fund, which gives scholarships to Americans to study abroad and to foreigners to study here; the American Heart and Cancer fund; and the National Polio Fund. Out of these applications five or six are selected and aided by the Campus Chest.

Last year the Chest through Care gave a German University \$300 worth of books for a library. On the fly leaf of each book was "contributed by students of the University of North Carolina".

Also over \$200 was given to be used by the National Polio Fund here in North Carolina.

The six man committee, which is now being appointed by Tate, and the chairman will set the date for the drive, decide the organizations to be aided, and run the drive.

The date for the Campus Chest drive has not yet been set. It will be in the near future and will last for five days, Monday through Friday. Special events will be on tap for that week.

The Chest will have representatives in each house and on each dormitory floor. Tate said that he hoped this year's drive would be the biggest and best yet and that it would be 100 per cent participated in.

Kashmir Relief Fund For Graham Planned

A Frank Graham Relief Fund is in the making, Allen Tate, chairman of the Campus announced yesterday.

The fund, to be raised through the Chest on the three campuses of the Greater University, would be used in Kashmir for relief. If present plans become a reality, the money will be presented to Dr. Graham, former president of UNC and now ambassador to the far eastern country, to be used in the way he thinks best.

"We hope the fund will start this year through the Campus Chest drive," Tate said.
