

University of Chicago Ousts Editor of Student Weekly

(Special to The Daily Tar Heel)
 Chicago, Oct. 5.—The University of Chicago yesterday fired the editor of its weekly student newspaper, the Chicago Maroon, for attending the Communist-sponsored East Berlin Youth Festival and suspended publication of the paper "until further notice."
 Aroused by the administration's action, Maroon staff members scheduled a campus meeting next week and said that today's issue of the paper, the last, would feature editorials attacking the ruling.

A spokesman for the staff said

that the student journalists were "very angry and will fight this to the end. We feel it is unfair because" Allan D. Kimmel, 24, of Chicago, the ousted editor, "went to Europe as an individual, not as a representative of the Maroon."

Recently threatened with a Congressional investigation of reputed communist activities on the campus, the university acted through its dean of students, Robert M. Strozier, who sent a letter to Kimmel's home informing him of his dismissal. Kimmel is still in Eastern Europe, according to Strozier.

Correction

Deadline for Rhodes Scholarship applications for students of the University is October 15, not November 3 as printed in the October 3 issue of The Daily Tar Heel.

The final date of November 3 concerns those in the state, other than University students, who wish to apply.

Renowned as a four-wheel grid talisman is this 1931 model Chevrolet which was brought to the Michigan campus 14 years ago when the football team's slumping fortunes began to recover. The vehicle has been passed from one coach to another and is currently owned by Bill Orwig, shown at the right of Head Coach Bennie Oosterbaan. Superstitious coaches kick the car's tires, pat its fenders or sound the horn before big games.

Y Completing Camp Butner Activity Plan

The YMCA is completing plans for a recreation-education program to be carried out at Butner Youth Camp.

Last spring "Y" inaugurated a series of visits to the youth rehabilitation center. Following these visits, boys from Butner were invited to tour the campus and examine the facilities of the University. The series of visits will be resumed at the South Carolina game when the boys from Butner will sit with members of the YMCA and the student body.

James Waite, superintendent of the camp, described the work of the YMCA as "one of the most wholesome sources of social contacts the boys have had access to." Butner is something new in rehabilitation centers, according to Waite; no security measures other than checks and counts are exercised, no punishment by imprisonment. He said that any program by the "Y" would be of in-

estimable value. Claud Schotts, secretary of the "Y," has issued a call for help in the program from persons skilled in crafts, recreation and sports instruction.

Carolina's next home football game will be here October 13 against South Carolina.
