

## South Carolina History Praised

"South Carolina: A Short History," by the late David Duncan Wallace, which has just been published by the University of North Carolina Press, has been incorporated into the basic "Guide to the Study and Reading of South Carolina History," distributed by the South Carolina Historical Commission, it was learned here today.

The Guide is a syllabus for a course in reading or study in South Carolina history. Covering 30 aspects of the state's past, the Guide lists with page references those volumes which best illuminate each field of South Carolina history.

Would you believe it? After all this time and all this progress in the industry... there are still folks who don't believe in television. Why that's like not believing in automobiles or electric lights. Because no matter how you slice it, TV is here to stay... a permanent fixture in our way of life.

Maybe there are a lot of things you don't like about television. But you can't deny it. It deserves a place in your home ESPECIALLY if you have children. If you're prejudiced against a large number of the shows, just remember that a child's choice of television entertainment can be controlled and supervised to include educational and instructive as well as entertaining programs.

There are television shows to suit all tastes and needs. And children as well as adults will benefit in untold ways when you break down and get the TV set they've all been clamoring for. Don't put it off.

## Cribbing Revealed At Cornell

(Special to The Daily Tar Heel)  
Ithaca—Nearly half of 322 Cornell students who responded to a student council questionnaire admitted cribbing in classes or examinations.

The questionnaire recently was sent to 500 students at random.

Of the 322 students who returned the questionnaire, about 10 per cent admitted cheating "frequently or occasionally," the council said. An additional 37 per cent admitted cheating "once or twice."

For purposes of the questionnaire, cheating was defined to include "cribbing, copying, giving and receiving aid such as signals and notes, and discussing and using information about an examination which had been obtained illegally."

The council said that although 47 per cent of the students who admitted cheating, two-thirds of them disapproved of it.

Cornell has an enrollment of 10,000.

## Stores To Stay Open Until 9

In a meeting yesterday morning, members of the Merchants' Association voted to keep their stores open until 9 o'clock at night during the first week of December and during the week of Dec. 18-24.

At a later meeting on Nov. 27 in the Carolina Inn, the Association will take up the question of making it a permanent policy to keep the stores open until 9 p.m. once a week.

operation of the students in sitting right behind each other, flipping at the right time, getting the right color up at the right time, and filling up the card section before halftime. Claude McKinney, head artist of the cardboard, stated, "More work has gone into this series than any other this year, and I hope these stunts will be the best yet."

## Duke Concert Series Slated

Durham—Three outstanding chamber music ensembles will appear at Duke University during the 1951-52 academic year under the auspices of the local Chamber Arts Society, Loren Withers, chairman, announced today.

The concert series will open on Monday, Dec. 10, with a concert by the Quartetto Italiano. The Hungarian Quartet will make its fourth Duke appearance on Feb. 9, 1952, and the Mannes Trio will perform on April 5.

Now entering its seventh season, the Chamber Arts Society was founded to stimulate interest

in chamber music and to bring noted ensembles to Durham.

Membership in the society is open to all interested persons, Withers said. Information concerning the group may be obtained by calling Mrs. Elizabeth Ropp, treasurer, phone 7-9585.

Several Carolina football players are members of the Tar Heel baseball team.
