REPLY

The editors say whoa to Mr. Anonymous. See page 2.

VOLUME XLI—NUMBER 32

CHAPEL HILL, N. C., THURSDAY, OCTOBER 30, 1952

FOUR PAGES TODAY

NEWS IN BRIEF

AROUND THE COUNTRY— With time running short, 11 top candidates yesterday shot the works with a killing pace of personal appearances and radio-television addresses arguing issues ranging from peace to prosperity, Korea to Communism. Gen. Dwight D. Eisenhower, Republican presidential candidate, and Sen. Robert A. Taft of Ohio, a major supporter, were keeping the Korean War in the forefront. Gov. Adlai Stevenson, Eisenhower's Democratic opponent, and Pres. Truman, Stevenson's leading backer, were talking of prosperity for the Little Man, and predicting a Democratic victory six days hence.

ABOARD STEVENSON SPECIAL— Gov. Adlai E. Stevenson opened his bid yesterday for Pennsylvania's important bloc of 32 electoral votes by labeling the Republicans obstructionists in the fight for social gains. Stevenson stood bare-handed in a raw wind that whipped snow flakes around him as he told thousands at Scranton that "The Democrats have proved their concern for the average man through legislation such as the minimum wage law." "This was done in spite of the Old Guard Republicans," he added.

NEW YORK— Gen. Dwight D. Eisenhower, pointing a powerhouse drive at the big voting centers around New York City, says a "top secret document" on Korea is being used against him by his political enemies. He did not identify the document other than to describe it as "a top secret document of the American Defense Department." In a radio broadcast he said, "This morning, there was a very significant item in the paper. It was this: There was quoted a top secret document of the American Defense Department. How it got there, we will never know, probably."

HOLLYWOOD— Dixie Lee Crosby, wife of crooner Bing Crosby and mother of four sons, was near death as she lay in a coma yesterday. Her husband and children were at her bedside. Larry Crosby, brother of the world famous Bing, said Mrs. Crosby's condition was "highly critical." She has been ill for several years. Mrs. Crosby, a singing and dancing star who gave up her own film career to raise a family, suffered a relapse Sunday while recuperating from a serious operation.

SEOUL— United Nations troops, on the alert for another "human sea" assault on Pinpoint Hill, forced 1,000 Chinese forming east of Sniper Ridge to disperse last night under a deadly rain of artillery fire. The barrage hit the Communist formation about 7 o'clock, but it was too dark to tell how many casualties were inflicted. Allied infantrymen captured Pinpoint Hill yesterday in an attack that began at dawn in near-freezing weather. They reached the crest at 10:30 a.m. and began herding the Reds down the northern slopes with grenades, bayonets and rifle fire.

THROUGHOUT STATE— Fresh forest fires spread across widely scattered sections of the Carolinas yesterday, threatening thousands of acres of valuable woodland. Cold winds, which shot the mercury down to freezing, fanned the costly blazes and the weather man could promise no rain to ease the work of the weary firefighters. Forest fires, helped by a long dry spell, crackled in several areas yesterday from the mountains to the coast of both states and a heavy pall of smoke reduced visibility.

New Deal

Students got a new deal offered them yesterday. Those planning to attend the Miami game in Coral Gables, Fla. over Thanksgiving may go by train at the roundtrip price of \$39.62. This also includes meals enroute and a bus trip from Chapel Hill to and from the train station.

ABOUT 300 CONVICTS AT THE STATE PRISON in Menard, Ill., have rioted and taken seven guards hostage. This same prison was the scene of a 27-hour uprising five weeks ago. The above picture shows officers firing tear gas after they were called in to quell the September riot in the same East Cell House. The convicts threatened to throw their seven hostages from a 40-foot gallery if gunfire were used to subdue the rioters.—UP Telephoto.

Di And Phi Also Support New Union

Tuesday night the two oldest extra-curricular organizations on campus passed resolutions in support of the administration's request for funds to build a new, larger, more centrally located student union building.

For the past year a group of interested students, faculty members and members of the administration have been working out the case for a new union building. Last spring it was put into a formal proposal to the Board of Trustees and subsequently to the Advisory Budget Commission, where the proposal is now being considered. The Budget Commission will make its recommendations to the State Legislature after the first of the year.

In other action Tuesday night the Dialectic Senate defeated a bill calling for all-out war in Korea, after which a resolution was introduced calling on President Truman to draft General Dwight D. Eisenhower and send him to Korea for high level observation and supervision. This resolution was referred to the Ways and Means Committee for further consideration.

The Philanthropic Assembly sent back to committee a bill calling for the disbanding of the Republican Party and the acclaiming of Adlai Stevenson as president.

Tom Lloyd, conditional D Senator, was sworn into full membership in the Dialectic Senate.

Bruce Crater was accepted into conditional membership in the Senate.

Imports Be Warned

Svelte Coeds To Look Their Cotton Best For Germans

FOR THAT GAME, FOR traveling, for any occasion, a coed can't have too many corduroy suits. Pictured on the left is a Juillard striped corduroy in the new boxy silhouette. At right is a wide-wale corduroy raincoat design by Bonnie Cashin for Main Street Fashions.

By Deenie Shooppe

With a big weekend such as Germans, topped off with Homecoming, the Carolina coed is giving much thought to her wardrobe so she may look her stylish best.

Featured this year are many new cotton fabrics such as the woven cotton "tweed" used for lightweight suits and dresses. This fabric has all the appearance of tweed, and combines many new colors with the soft lightness of cotton.

New corduroys, pin wale and wide wale, plaids and checks are on campus and in leading fashion magazines as well. Corduroy has gone dressy too with rhinestone studded date dresses made of the fabric. These will be good for those after-the-game parties.

That all-time favorite velveteen is a cotton fabric that will make its appearance at Germans. Its vibrant colors and soft richness make it flattering to the wearer.

Whatever the occasion, cotton will be there.

'Pink Circus' By Playmakers Opens Tonight

Story Of Labor Camp In Mexico; Admission Free

"The Pink Circus," a psychological drama of a Mexican labor camp, will be given tonight and tomorrow night at 7:30 by the Carolina Playmakers.

"The Pink Circus," by Gonzalo Estrada of Modesto, Calif., is the first of a series of new plays by University students. Entirely student-produced, the play is directed by John Clayton. Hal England plays the lead. Others in the cast Nancy Green, Manly Wade Wellman, Betty Vickery, Frances O'Neal, Jane Kottmeier, Carl Williams, William Casstevens, John Riordan, Richard Burton, John Taylor, George Spence, Martha Ann Boyle, Martha Davis, Peggy Caldwell, Florence Williams, Lunde Lenoir, Rose Marie Raymer, Betty Fay Lentz and Neta Whitty.

The set was designed by Richard Epler, with lighting by Anne Edwards, costumes by Jeannette Pratt and makeup by Edgar Daniels.

Referring to the play, Student Director John Clayton said, "It's good theater, but . . ." Thomas Patterson, who advised the writing of the play, termed it "a psychiatrist's nightmare." Foster Fitz-Simons, staff adviser, emphasized that "this is not a play for children."

There is no admission charge.

Radio Series On America Slated Here

The Communication Center will produce a series of 13 one-hour radio shows entitled "American Adventure."

The series is made possible by a grant of \$5,000 given by the National Association of Educational Broadcasters and the Ford Foundation's Fund for Adult Education.

Forty-five institutions applied for grants in the field of radio and the University received one of the seven awards given.

"American Adventure" will explore the "heritage of values of Western civilization as these values affect the lives and strengthen the souls of individuals in crisis," Earl Wynn, director of the Communication Center, explained.

The series will be written by John Ehle and directed by John S. Clayton.

The only other Southern institution to receive one of these grants is the University of Alabama. The Alabama project is entitled "Document Deep South" and will be undertaken by two graduates of the UNC Department of Radio, Walter Whitaker and LeRoy Bannerman.

Flight Time Is Reduced

On Saturday Eastern Air Lines will inaugurate the fastest flight schedule ever operated between Raleigh-Durham and Atlanta.

Silver Falcon Flight 587 will make the first 105-minute flight when it leaves Raleigh-Durham Airport at 5:30 a.m. and arrives in Atlanta at 7:15 a.m. The two cities now are linked by five flights daily.

It will replace the last DC-3 flight out of Raleigh-Durham, as these planes have been replaced with faster Silver Falcons. Reservations for this or any other flight or form of transportation may be made free of charge with the Graham Memorial Travel Agency, located on the south mezzanine.

MORE ENGINEERS

During World War II, there was one engineer for every 25 production workers in the aircraft industry; today there is one for every six.

James Gray Dies Of Heart Trouble; Long-Time Trustee

Was Prominent In UNC Activities And '08 Graduate; Was Gordon Gray's Uncle

Heart failure at noon yesterday took the life of James A. Gray of Winston-Salem.

He has been for many years a University Trustee, serving as chairman of the Finance Committee, chairman of the Development Council and a member of the committee on Health Affairs. He was 63.

Campus Vote On President Set Monday

As this campus goes, so goes the nation?

An effort will be made Monday to determine the trend of student opinion by straw vote in regard to the presidential election. The nation will answer its side of the question on Tuesday at the official polls.

A straw ballot, sponsored by the Public and Campus Affairs Committees of the YWCA, will be held in the lobby of the Y between 8 a.m. and 2 p.m. Monday. Booths will be set up so interested students may vote for the candidate of their choice. Faculty members are also asked to come by and express their opinions.

Mase Chapin of the Campus Affairs committee has been appointed chairman of the voting.

Students must present their ID cards before voting in order to insure against ballot-box stuffing. Results will be announced Tuesday.

The ballot is a follow-up on last Tuesday night's discussion by John Sanders (He likes Adlai) and Ham Horton (He likes Ike) in Graham Memorial.

Members of the Campus Affairs Committee include Chapin, Jeff Gantt, Alice Jane Hinds, Sara Moore, Mary Helen Crain, Ann Hartzog, Mary Frances Allsbrook, Lois Collins, Dottie Law, Snook Stone, Nancy Davis, Harriet Maynard, Jean Ratliff and Janie Carey.

Rally Tomorrow As Team Leaves

Students are asked to attend an early morning pep rally tomorrow to cheer the team off to Knoxville and the Tennessee game.

The rally will be held at 8:30 in front of the Monogram Club. Lead Cheerleader Bo Thorpe asked all students who do not have classes at that time to attend the short rally.

Mars Rocket Still Makes Nightly Trip

Since her maiden voyage on October 7, the Morehead Planetarium's simulated rocket ship has made 46 successful round trips to Mars, the red planet of mystery. Last weekend nearly 1,500 passengers mentally made the one hundred million mile flight of educational entertainment, without mishap.

A light year of distance is compressed into an exciting 50-minute program of factual fun.

When on Mars, a highlight of the performance is the panoramic view of the "Mars-scape," which suddenly becomes apparent after the launching of the sub-rocket cruiser, which constitutes the entire nose of the great space ship.

More than 200 running feet of specially hand-painted scenery has been installed behind the huge Planetarium dome to create this singular effect.

Flights leave the Planetarium every evening at 8:30 and in the afternoons on Saturday at 3 and 4 o'clock and on Sundays at 2, 3 and 4 p.m.

The program will continue through Nov. 10.

Class Rings

Senior Class rings will be on sale today in the Y Lobby from 2 p.m. until 4:30.

The Order of the Grail is the only campus agency officially authorized to sell the rings.

IT'S GLAMOROUS VELVETEEN for the smart set of separates on the left by Greta Plattery. The portrait bodice tops a wide quilted and gold-embroidered skirt. The suit pictured at right is of the new light weight textured cotton suiting and designed by Esther Reifer.
