

In "Henry IV" Production Here

William Callahan, left and Dan Ruslander of the Players, Incorporated will portray Falstaff and Bardolph in a production here March 11 of "Henry IV." The play will take place in Memorial Hall at 8 p.m. Tickets are \$1.25.

Traffic Committee Clarifies Jurisdiction

FASTER, FASTER!

Pick up your paper every morning and what do you read? "CRISIS IN HIGHER EDUCATION." That's what you read. "ENROLLMENT SPIRALING UPWARD - DESPERATE NEED FOR MORE CLASSROOMS, MORE TEACHERS." But classrooms, alas, do not spring up like mushrooms, nor teachers like mayflies. So what must we do while we build more classrooms, train more teachers? We must get better use out of the classrooms and teachers we now have. That's what we must do.

This column, normally a vehicle of good-humored foolery, of joy that wrinkled care derides, of laughter holding both his sides, will today forsake levity to examine the crisis in higher education. My sponsors, the makers of Philip Morris Cigarettes, as bonnie a bunch of tycoons as you will see in a month of Sundays, have given cheerful consent to this departure. Oh, splendid chaps they are, the makers of Philip Morris! Oh, darlin' types they are, fond of home, mother, porridge, the Constitution, and country fiddling! Twinkly and engaging they are, jaunty and sociable, roguish and winsome, as full of joy, as packed with pleasure, as brimming with natural goodness, as loaded with felicity as the cigarettes they bring you in two convenient sizes - regular in the handy snap-open pack, and new long-size in a crushproof flip-top box - both available at moderate cost from your favorite tobacconist. Light one now. Light either end. No filter cigarette can make that statement.

Let us then, with the gracious connivance of the makers of Philip Morris - Oh, splendid chaps! Oh, gracious connivers! - take up the terribly vexing question of how we can turn out more graduates with campus facilities as they now exist.

The answer can be given in one word: *speedup!* Speed up the educational process. Streamline courses. Eliminate frills. Sharpen. Shorten. Quicken.

Following is a list of courses with suggested methods to speed up each one.

PHYSICS - Eliminate slow neutrons.

PSYCH LAB - Tilt the mazes downhill. The white mice will run much faster.

ENGINEERING - Make slide rules half as long.

MUSIC - Change all tempo to allegro. (A collateral benefit to be gained from this suggestion is that once you speed up waltz time, campus proms will all be over by 10 p.m. With students going home so early, romance will languish and marriage counselors can be transferred to the buildings and grounds department. Also, housing now used for married students can be returned to the school of animal husbandry.)

ALGEBRA - If "x" always equals 24, much time-consuming computation can be eliminated.

LANGUAGES - Teach all language courses in English.

DENTISTRY - Skip baby teeth. They fall out anyhow.

POETRY - Amalgamate the classics. Like this:

*Hail to thee, blithe spirit
Shoot if you must this old gray head
You ain't nothin' but a bound dog
Smiling the boy fell dead.*

You see how simple it is? Perhaps you have some speedup ideas of your own. If so, I'll thank you to keep them to yourselves.

©Max Shulman, 1957

The makers of Philip Morris have no interest in any speedup. We urge our fine tobacco slow and easy. And that's the way it smokes - slow and easy - a natural smoke.

A statement was released yesterday by Lawrence Matthews of the Student Government Traffic Committee in an effort to clarify the origin, purpose and jurisdiction of the committee.

Lawrence stated that questions had arisen from cases tried before the committee as to its jurisdiction. He said that this report is to answer such questions.

The statement released is as follows: Some students appear to be confused as to the origin, purpose, and jurisdiction of the Student Government Traffic Committee; so the Committee would like to again clarify its position in student government.

On Feb. 27, 1956, the Board of Trustees approved the Visiting Committee's report for 1956. This report contained an ultimatum to the students for a definite plan for taming the parking problem at the University. The plan was to be submitted to them by May 1, 1956.

Immediately following the spring elections, Student Body President Bob Young, appointed a commission to investigate the problem and produce a plan. The report of the commission was submitted a week later to the Student Legislature, where it was approved. The proposals were then endorsed by the Chancellor and the Dean of Student Affairs, who, in turn, sent the plan to the Board of Trustees for final approval.

The Student Legislature, meanwhile, had been paralleling this activity by officially establishing the Student Government Traffic Committee. Also, the Student Legislature endorsed the Committee were then enumerated. The Student Government Traffic Committee members were then selected, and the first official committee meeting was held last June. This

UNC Faculty To Advise Nat'l Census Bureau

A committee composed chiefly of University faculty members will advise the U. S. Census Bureau on key questions in its national census of 1960.

The group, which received a \$1,350 grant from the Population Assn. of America, will make recommendations useful in the national scope of race, color, ethnic background and country of birth.

Dr. Dan Price, professor of sociology at UNC, identified the Population Assn. of America as a professional group which makes statistical studies of populations.

He said other faculty members on the committee of which he is chairman are Dr. Rupert B. Vance, Kenan professor of sociology and Dr. Guy B. Johnson, professor of sociology and anthropology.

All three are of the Institute for Research in Social Science at UNC.

The committee will deal with such questions as: "What is the best way to identify oriental, American Indian, Puerto Rican, Mexican and other similar groups?" and "How should census data regarding these groups be analyzed?"

Also, "Should information about mother tongue be asked in the

meeting, and several others last summer, were largely devoted to ward compiling the Trustee's recommendations and the Student Legislature's provisions into one document, which comprises the Traffic Regulations for the University at Chapel Hill.

Copies of the Regulations were delivered to all dormitory rooms and posted in dormitories, fraternities, sororities, and at several conspicuous places elsewhere.

Since the parking problem was not contained within the campus limits, the committee was also empowered to handle cases arising from violation of Chapel Hill ordinances.

The \$2.50 automobile registration fee was approved by the Board of Trustees for the purpose of constructing parking facilities for students. The Buildings and Grounds Committee now has the problem of obtaining a good site for construction of a parking area.

Among the immediate concerns of the Traffic Committee is the problem presented by students who receive too many parking tickets. In past years, students who could afford it merely paid their dollar fine each day for having a parking space on campus. This procedure, however, restricted those who could not afford the fine each day from parking on campus. The Traffic Committee is now attempting to give all students an equal parking privilege.

In keeping with the equality theme, the \$2.50 registration fee might be considered as payment by upperclassmen for a privilege that underclassmen do not have. The idea is, of course, that from this fee, facilities will be provided by the privileged upperclassmen so that soon the underclassmen may enjoy the same privilege, namely, that of having a car at school.

Training Meets On Leadership To End Tonight

The final YMCA leadership training session is to be held tonight.

The meeting will be in the cabinet room of the "Y", and will begin at 7:30.

Larkin Kirkman and Roy Taylor will be the discussion leaders of the session. The topics for discussion will include the purpose, the progress, and the role of the Y on the Carolina campus.

Anyone who is interested in becoming a cabinet member, officer, or in holding any other position in the Y has been invited to attend.

This is the last time that a training session will be held this year, according to Y officials.
