## UNC Defeats Duke; Ties For Top Spot

By BILL KING

Centerfielder Dick Hudson squeezed in Bomber Hill from third base in the top of the 10th inning to give the Carolina baseballers a 6-5 win over Duke and a tie with the Blue Devils for first place in the ACC in Coombs Park yesterday.

The two teams now have identical 8-3 records in the conference.

The Tar Heels made their desperation comeback after watching the Blue Devils score two runs in the bottom of the ninth to send the game into extra innings. Carolina carried a 5-3 lead into the ninth but the Blue Devils knotted the count as Carolina coach, Walt Rabb sent four pitchers to the mound. Don Saine was the last hurrier and got credit for the win as he stopped the home team in the bottom of the tenth.

Hudson's squeeze was an odd play. The Tar Heel outfielder had Hill on at third as the result of a single, a sacrifice, and Rog Honeycutt's single. Hudson got the ball sign. The pitch was inside and he fell back to hit the side.

## Legislature To Hear Resolution Censuring State Park Incident

### Experiment Is Planned For Cobb Dorm

Cobb Dormitory will act as a proving ground next September for a new experiment designed to provide a specialized counseling plan, supervised study periods and other assistance in academic areas for the 445 students living in the dorm.

William D. Perry, chairman of the Division of Student Affairs announced that the program will act as a model and proving center for undergraduate social and academic life.

According to Perry the University will provide four counselors, one for each floor who will be available for individual help or group instruction in mathematics, the sciences, English and other subjects.

In addition, the Athletic Assn. will provide another counselor to aid approximately 60 athletes who will be living in the dormitory.

"Students and counselors will work jointly to bring about a better social and intellectual environment in the dormitory," Perry said.

Room assignment in Cobb will be voluntary and by application, according to the announcement yesterday. Students who choose to take part in the experiment, however, will be expected to participate in the study and other programs in the experiment.

Graduate students, particularly in the fields of mathematics, English and Romance languages have been encouraged to apply for the counselor positions in the Cobb program. They have been asked to contact W. D. Perry, 103 Peabody Hall.

Students interested in making applications for room reservations have been asked to contact the Housing Office in New East Annex.

### Feasting In Jordan

AMMAN, Jordan—(AP)—Feasting, frivolity and finery were the order of the day in Jordan yesterday.

The political crisis which rocked the country recently, and which King Hussein says is ended, appeared forgotten by crowds celebrating the three-day feast that marks the end of the month-long Moslem Fast of Ramadan. At dawn, King Hussein headed a motor procession to a mosque for prayers.

### Long To Introduce Proposal; Embarrassment To Club Cited

The Student Legislature tonight will be presented with a resolution censuring the action taken by a park attendant recently which included asking a University student to leave the grounds of the William Umstead Park between Durham and Raleigh.

The resolution will be presented by Representative Tom Long in connection with an incident at the Park whereby Leroy Frasier, a Negro undergraduate here, was asked to leave the segregated area.

Frasier was a guest member of the Cosmopolitan Club which was to hold its annual spring picnic at the park when the incident took place.

When the group arrived, an attendant told them Frasier would have to go to the nearby Reedy Creek Park for Negroes. The Club picnic was ultimately held at Hogans Lake.

Included in Long's resolution is a condition that copies of the bill be sent to the Governor, the N. C. State Park Administration, Um-

stead State Park Administration and the Cosmopolitan Club here. His action requesting censure of the Park incident states that:

Whereas: A student of the University of North Carolina, while participating in his capacity as a member of an extracurricular organization of UNC, was asked by an attendant to leave a North Carolina State Park; and

Whereas: Though this student was participating in an international group which contained men and women of many races, creeds and colors, this request was made solely on the basis of his race; and

Whereas: this request caused great embarrassment both to the particular student and to the members of the organization, causing the movement of the outing from this state park to a private grounds; and

Whereas: This act did the state of North Carolina and its people, and the people of the South, irreparable harm by presenting to members of foreign nations a bad view of a difficult problem for which there is all hope for an amicable solution.

Therefore: Be it resolved by the Student Legislature of UNC:

Article I: The Student Legislature acting as representatives of the students of UNC censures the action of a state park attendant. Article II: The members of the Student Legislature, as citizens of the great State of North Carolina, and as Southerners, extend their apologies to the Cosmopolitan Club and to the individual involved for any embarrassment and inconvenience by aforementioned act.

### Deadline Is Today For Applications

Today is the last day for students interested in student government positions to submit applications, according to student body President Sonny Evans. "It is essential that all who are interested in working as appointive personnel in student government next year submit their applications by today," said Evans.

"We are eager to begin organizing student government, and I want to assure each and every person that all appointments will be considered by the merit system with desire, willingness to serve, and interest as chief prerequisites," Evans said. Application blanks may be obtained from either the student government office or the Information desk in Graham Memorial.

### Glee Club Meeting Today To Be 'Highly Important'

It was explained by the Glee Club source that all students who have sung with the club this year should be present because of the forthcoming Glee Club banquet.

The invocation and benediction will be rendered by the Rev. W. W. Finlator, pastor of the Pullen Memorial Baptist Church in Raleigh.

Following the inauguration, there will be an informal reception for delegates and guests.

### Opposition To Spending

Its target included President Eisenhower's programs to assist school construction and depressed cities, and a Democratic plan for government construction of atomic power plants.

After a three-day annual meeting at which speakers daily belabored high taxes and federal spending, the Chamber raved through a policy session in 3½ hours. It declared its stand on 69 national issues.

### news in brief

#### U. S. Has Atomic Shell

WASHINGTON — (AP)— The Defense Department officially confirmed yesterday long published reports that United States forces have an eight-inch atomic artillery shell.

An Army training circular, marked "for official use only" until yesterday, also disclosed that the army has both eight-inch guns and eight-inch howitzers capable of firing nuclear warheads. And the Marine Corps has said that its reinforce battalion, now on board ships of the 6th Fleet in the Mediterranean, is equipped with eight-inch howitzers.

Reports that the Army was seeking something lighter and less cumbersome than its huge atomic cannon were published as early as 1955. But formal confirmation that atomic charges had been packed into eight-inch shells has been withheld. The Pentagon's written statement that eight-inch atomic shells are in existence was made available in response to inquiries that have been made by reporters for several years.
