Flu Clinic Ends Today At Gerrard

Asian flu vaccine will be distributed today in another on-campus clinic at Gerrard Hall between 11 a. m. and 1 p. m.

University Physician E. M. Hedgpeth said yesterday that 242 students showed up at the on-campus clinic yesterday for the flu shots.

However, he did not think that as many students took advantage of the "convenient" and free vaccine as should have.

Dr. Hedgpeth said, "It is entirely desirable to have 75 percent of the student body take the shots."

The staff at Gerrard Hall today will be prepared to care for about 1,000 students who want the vaccine.

Two nurses, one doctor and a secretary will be at Gerrard Hall to conduct the clinic.

The clinic today and the one yesterday were set up as a convenience to the students.

The purpose of these clinics is an attempt to help curb any major outbreak of Asian flu cases here. According to a report from the State Board of Health, one of every 34 Tar Heels has been afflicted with the disease since mid-September.

The report further said that in some North Carolina counties the disease is still on an increase.

Editorship Recall Vote Threatened Solons Defeat Lenoir Hall Bill

Tarnation Debts Will Be Paid

By PRINGLE PIPKIN

The Student Legislature, meeting last night, defeated a bill to establish a committee to study Lenoir Hall and a resolution calling for trash cans in the dormitory areas.

The legislature passed by a vote of 21 to 13 a bill to pay debts of the Tarnation, former campus humor magazine. The sum of the bill is \$451.06 which will be paid by the Student Activities Fund.

After the business of the evening was concluded, Kanniah Konuri, a private citizen who is a good will ambassador from India, spoke to the body on the problems which the Indians face.

The Ways and Means Committee report deleted some of the more "obnoxious parts" from Pat Adams' (SP) bill to investigate Lenoir Hall so that the bill was less pointed at the management of Lenoir Hall.

Speaking on the bill Adams said he had made the bill constructive. He charged, however, that some of the food in the 40 cent special "was just not up to par." The bill failed 25 to 10.

In speaking for his bill to place trash cans in the dormitory areas, Al Walters (SP) said "no one can honestly say that trash is better looking than trash cans."

Al Goldsmith (UP) questioned the durability of the trash cans and opposed "unsightly looking trash cans."

The bill was defeated by a vote of 15-21; the vote against the bill was largely from the University Party.

At this point Speaker Don Furtado rebuked what he called "a usually bi-partisan legislature" for "acting like children." He said he did not think the legislators were thinking for themselves.

Ed Levy (UP) termed the payment of the Tarnation debt a "moral issue." He claimed the Tarnation was considered an official organ of student government. He did, however, say that when the Tarnation went out of business it was receiving student funds.

Levy said he did not believe that this payment would be setting "a bad precedent."

Long opposed the measure and named three organizations which also had debts. He claimed the debt was bad management on the part of the printshop.

He called it selling a bad precedent and said he would introduce three bills to pay the other organizations' debts.

There was a good deal of debate as to whether the printshop thought the Tarnation was being supported by student funds. The opposition to the bill came largely from the Student Party.

Petitions Assert Bass 'Incompetent' For Top Daily Tar Heel Office

A recall election for editorship of The Daily Tar Heel was in the making today and backers were hoping to include the vote in November 12 campus elections.

Petitions calling for recall were distributed yesterday, asserting that Editor Neil Bass "has proven himself incompetent, irresponsible and incapable of functioning any longer in his present capacity."

The petitions were being circulated by Wally Kuralt, sophomore from Charlotte. He declined to say who else was backing the recall vote.

"Actually it doesn't matter," he said, "because there are so many of them."

Neither would Kuralt elaborate on charges against Bass, although he said they grew out of recent editorial stands taken by the campus newspaper.

Kuralt said 1,050 names—or one-seventh of the student body—are required to call the revote. He said he believes the names will be obtained by Friday night.

Asked who might oppose Bass in the recall, he said that backers of the vote "have no one in mind to run for the post."

Under the student constitution, petitions with the required number of names would be handed to Student Body President Sonny Evans, who would then call for the election.

If a sufficient number of names are obtained for the recall vote it would mark the second such election held on the UNC campus in the past three years.

Co-editors Louis Kraar and Ed Yoder, soundly defeated a recall opponent in February, 1956, in the first recall election in the history of the university.

Students demanded a recall then after Kraar and Yoder had editorially attacked football coach Jim Tatum, predicting a return of "big time athletics" to the UNC campus.

World In Brief

Middle East

UNITED NATIONS, N. Y., Oct. 30. (P)—Rival plans for settling the Syrian-Turkish border crisis were submitted to the U.N. General Assembly today. They reflected a split in the 82-nation body and it appeared doubtful if either would get the required two-thirds approval.

Syria, which has been contending for more than three weeks that Turkey is about to launch an attack, formally proposed that the assembly appoint a seven-nation fact-finding commission to investigate the situation on both sides of the border.

Dr. Jones will discuss the impact of Sputnik on the domestic-political scene and in the world at large with respect to the position of the United States.

The scientific technological aspect of Sputnik will be considered by Dr. Palmater.

Jenzano will point out Sputnik's significance in the realm of astronomy.

According to Bill Jones, there remains a possibility that a fourth speaker from the statistics department, who has done considerable research on the satellite, will speak.

The speakers, after giving their preliminary talks, will serve as a panel for a question and answer session, according to Bill Jones.

Refreshments will be served, and the forum is open to students, faculty and townspeople. Bill Jones said.

NO FREE FLICKS

No free flicks are scheduled to night and Saturday night.

Friday free flicks was not ordered because of the possible conflict with the Homecoming Hop. Mike North, chairman of the GMAB Free Film Committee, said.

Saturday free flicks will be suspended indefinitely, probably for a month, he added. "We were running low on your budget by showing flicks twice a week," North said.

Resentment

WASHINGTON, Oct. 30. (P)—A long classified U. S. Army document reports there has been considerable resentment among Soviet military men over meddling by politicians in military matters.

It said that after wartime glory, some of the top Red Army men were shabbily treated.

The document is four years old. It apparently was declassified from its secrecy ranking about two months ago, but quietly.

A second, and generally ignored, Army publication, "The Information Digest," indicates the Army recently completed a reappraisal of the Soviet armed forces—and that U. S. superiority is doubtful.

At this point Speaker Don Furtado rebuked what he called "a usually bi-partisan legislature" for "acting like children." He said he did not think the legislators were thinking for themselves.

Sputnik Will Be Discussed

Four campus professors will discuss Sputnik, Russia's Earth satellite, Monday, Nov. 4 at 7:30 p. m. in GM's Main Lounge, according to Bill Jones, chairman of the GMA Student-Faculty Forum Committee.

The speakers will be Professor Shepard of the political science dept., Everett Palmater, chairman of the physics dept., and Anthony Jenzano, manager of Morehead Planetarium.

Dr. Jones will discuss the impact of Sputnik on the domestic-political scene and in the world at large with respect to the position of the United States.

Today being Feast of All Saints day, there will be a celebration of the Holy Eucharist at 5:30 p. m. at Chapel of the Cross Episcopal Church.

HOMECOMING TIME AGAIN

By DAVIS YOUNG

Parades, rallies, dances, beauty contests, receptions, and frat hop will all play an important part in the 1957 Homecoming Day festivities beginning tomorrow night or the eve of the Carolina-Tennessee game.

A parade will start the ball rolling at 7 p. m. Friday night. It will kick off at Wollen Gym going up to Pittsboro Rd., the Carolina Inn, Raleigh St. and back to the parking lot by the gym.

Featured in the parade will be the cheerleaders, the band, the team, the Homecoming Queen con-

estants and a police escort. The termination of the parade will mark the initiation of the pep rally and non-fire ceremonies behind Wollen Gym.

It is hoped that various team leaders will speak to the crowd some time during the rally. Head cheerleader Frank Black had this to say concerning tonight's rally: "Once again I urge the entire student body and anyone back for Homecoming to turn out for the rally."

"These rallies are extremely important to the morale of the team. Let's show Tatum and Co. that we are behind them 100 per cent."

Following the rally the annual "Homecoming Hop" will begin in the gym featuring the music of "The Embers," a well known local combo and a floor show. Some time during the dance the Homecoming Queen will be selected and presented along with the nine other finalists composing the Homecoming Court.

On Saturday, Homecoming displays will be shown and judged. They are being sponsored by the dorms and fraternities. The winners will be announced at half-time and presented trophies by the University Club.

Press Freedom Is Real Issue In Vote - Bass

Daily Tar Heel Editor Neil Bass predicted today that UNC students "will uphold editorial freedom of expression" if a threatened recall vote is effected here.

He said the issue involved "in the recall which Sophomore Wally Kuralt initiated Thursday is 'freedom of the press guaranteed under Art. I of the United States Constitution.'"

Bass's remarks came after Kuralt announced distribution of petitions across campus charging that the current editor is "incompetent" for the post.

"Petitioner Kuralt is endangering, far more than he realizes, editorial freedom of expression," Bass remarked. "If such recall action were to be successful on any future editor would be working under severe limitation of expression."

Bass said the "threatening possibility of a recall election would force him to limit his editorial coverage purely to popular issues." "It appears that petitioner Kuralt—riding on the coat tails of opposition aroused by editorials opposing professional athletes—feels he can forward his own editorial aspirations, or those of a hidden dark horse whom he will support."

The current editor continued that "commitments of petitioner Kuralt's ambitious, threatened recall election are vastly more far-reaching than he imagines."

"I feel confident," Bass added, "that the student body—regardless of opposition on particular issues—will uphold editorial freedom of expression and see through petitioner Kuralt's dangerous schemes."
