## BLACK BILE

Complacency and melancholia  
spell defeat says the editor  
polysyllabically on page two.

SPONSORS  
U.N.C. FALL GERMANS

GERMAN CLUB SPONSORS—Shown above are the 16 girls who will be escorted by German Club officers and representatives to the Fall Germans Dance tonight. They are, left to right, at top: Ginny Dawson of Snow Hill, escorted by Mark Cherry, German Club president; Sister Mattox of Greensboro, escorted by John McKee, German Club vice president; Lilia Scott of Shreveport, La., for Thad S. Bostic, German Club Secretary; and Sara Williamson of Darlington, S. C., for A. Kelly Maness Jr., German Club treasurer. Second row: Joan Brooks of Greensboro, for Sam Yancey; Catherine Cline of Charlotte, for John R. Crawford; Suzie Donald of Nassau, Bahamas, for Charlie Pittman; Anita L. Edwards of Raleigh, for William H. Taylor. Third row: Linda Flynn of Salisbury, for Wallace Plyler; Shan Helms of Monroe, for George W. Wray, Jr.; Kay Musgrave of Lexington, for Bob Timberlake; Carolyn Myers of Raleigh, for Bob Stewart. Fourth row: Ann Norton of Atlanta, Ga., for Chuck Nisbet of Charlotte; Stuart Pegrum of Asheville, for Smith Bradfield; Anne Stewart Pinckney of Richmond, Va., for Julian Tucker Baker, Jr.; and Linda Low Weaver of St. Louis, Mo., for Dave Fox.

## Polls To Open 9 a.m. Tuesday

Poll will open Tuesday at 9 a. m. for the fall election of legislators, honor council members and freshman, sophomore and junior class officers.

Closing time for the polls has been set for 6 p. m.

Boxes will be placed in every dorm except Kenan and Connor. Members of Kenan will vote in McIver dorm; Connor in Winston.

Town polling places will be attended by persons chosen by the Elections Board. Attendants for dorm polling boxes will be selected by the dormitory presidents.

ID cards of all voters will be stamped by the Elections Board. Dorm voters will sign dormitory rosters at the polling places.

Town voters will be required to fill out index cards giving name, class and address. These cards will be retained by the Elections Board.

Town Men's district I will vote at the Carolina Inn; Town Men's II at the Seabreeze; Town Men's III at Graham Memorial, and Town Men's IV at Victory Village.

Town Women will vote in Gerrard Hall.

Art Sobel, chairman of the Elections Board, has asked all interested persons to come to the basement of GM Tuesday night after 7 p. m. to help tabulate election returns.

## Strange Object Is Seen At Smithfield

SMITHFIELD, N. C. (AP)—A Smithfield police captain reported today he and a number of other persons had watched an unidentified cigar-shaped object hovering over a vacant lot here yesterday.

Capt. Jim Massey said he spotted the object about 5 p. m. and called it to the attention of several persons. He said they were able to watch it for several minutes before it traveled slowly over buildings and away from Smithfield.

## World In Brief

### No Major Surprises

MOSCOW, Nov. 7—(AP)—The Soviet Union paraded a mighty array of new tactical rockets and guns at its 40th birthday celebration today without unveiling any of the major surprises the world had been led to expect.

The big puzzlers for western military men in the massive march in Red Square were two huge guns of strange design. Moscow radio talked of "a new type of artillery based on the principle of jet propulsion," but there was no explanation.

### Closing Gap

WASHINGTON, Nov. 7—(AP)—A Defense Department scientist said today the United States fell four or five years behind the Russians in missile development but "We're very close to them now."

"I think we'll be ahead of them in another year in all missile work in general," said Dr. Paul D. Foote, Assistant Secretary of Defense in charge of research and engineering.

Foote testified before the House post office and civil service subcommittee.

### Ike Holds Pow-Pow

WASHINGTON, Nov. 7—(AP)—President Eisenhower held his largest-ever meeting of the National Security Council today, just hours before the first of his series of chins-up speeches to the American people.

He called in a total of 45 advisers from the military, diplomatic, scientific and mobilization fields.

The Security Council gathering was so large it wouldn't fit in the cabinet room at the White House and was transferred to the broadcasting room in the basement.

### Results Expected

WASHINGTON, Nov. 7—(AP)—The United States said today any high level meetings on East-West problems would be desirable "only if there are reasonable grounds

for expecting . . . beneficial results."

A State Department spokesman set out this official reaction to the implied bid in Soviet party Chief Nikita Khrushchev's speech for a new summit conference. The idea was also cold-shouldered in London and Paris.

### Flowers Appears

RALEIGH, Nov. 7—(AP)—Percy Flowers, Johnston County merchant and farmer wanted by state and federal officers on illicit liquor charges, has given himself up to federal authorities and been released under \$5,000 bond—but he is still being sought by state authorities.

Federal officials in Raleigh and New Orleans confirmed today that Flowers had posted his bond at New Orleans last Saturday for his

See WORLD BRIEFS Page 3

## IN THE INFIRMARY

Students in the infirmary yesterday included:

Misses Ann Coffield, Elmira Herring, Rebecca Smith, Pat Hamer, Mary Hartzog, Beverly Culbreath, Claudia Milham;

And Kenneth Brimmer, John Gibson, Charles Gibson, William Watkins, Lawrence Bryson, James McGee, Reid Brawley, James Summey, George Schroeder, Michael Merbaum;

James Miller, Gerald Kilpatrick, Robert Peckles, Wehla Deasouky, Richard McAllister, Wadie Michail, Jack Lineberger, Bruce Berryhill, Orvid Norstrum;

Hugh Toland, Sid Shuford, Sellers Crisp, David Graves, William Huff and John Brown.

## Germans Club In Limelight On Big Weekend

By MARY MOORE MASON

If you have looked through a 1901 Yackety Yack lately, you will have seen on the page dedicated to the Germans Club a group of dignified young men in tuxedos with slicked back hair and celluloid collars.

The Germans Club, which supposedly has existed since back before 1890, is now in the campus limelight as it presents its Fall German's concert this afternoon and dance tonight.

Traditionally the Germans Club consists of thirteen members, these members being thirteen fraternities. The fraternities that are members have not stayed exactly the same through the years, for as one fraternity drops out another one will take its place.

The fraternities that now compose the Germans Club are Alpha Tau Omega, Beta Theta Pi, Delta Kappa Epsilon, Kappa Alpha, St. Anthony Hall, Kappa Sigma, Phi Delta Theta, Phi Gamma Delta, Phi Kappa Alpha, Sigma Alpha Epsilon, Sigma Chi, Sigma Nu, and Zeta Psi.

The membership of the German Club organizational body consists of seventeen members: one representative from each fraternity and four officers who at present are Mark Cherry, president; John McKee, vice president; Thad Bostic, secretary; and Kelly Manness, treasurer. The membership of the club as a whole is at present from 700 to 800 fraternity men. However, according to Cherry, the membership was about 1,200 after the last war.

Each year the Germans Club sponsors three German weekends, one in the fall, one in the winter, and one in the spring. During these weekends there is a concert and a formal dance.

"We are concerned by the fact," said Cherry, "that so many people have lost interest in dances. We always have a formal dance at each German's because it is traditional and because there are so few occasions like this still held on the campus."

Cherry also stressed that the Germans Club always brings the

best in musical entertainment to the campus on these occasions. Such celebrities as Ray Anthony, Louie Armstrong, Charlie Spivak, Stan Kenton, Fats Domino, the Four Freshmen, and Billy May have presented the music in the past.

This year music will be furnished by Les Elgart and by the renowned Negro Washboard Band which has been playing for some time at Sea Island, Ga.

The concert will be held at 3:30 p.m. in Memorial Hall. However, in the past the Germans Club has been known to have the concert on the lawn or in the stadium for Spring German's.

The dance will be in Memorial Hall, starting at 9 p.m. In the past it has been held in the Tin Can which was the old basketball stadium before Woolen Gym was built. "The decorations were most elaborate and beautiful back then," said Cherry, "however, we are planning to have beautiful decorations in the gym this year although it is considerably harder

to decorate than the Tin Can."

Members of the German Club stressed that although the dance is exclusive it is not just open to those boys in the thirteen member fraternities. Just about anyone who wants a bid can obtain it, for each member of the club is given a bid which he may use himself or give to someone else who wants to go to the dance.

Complimentary bids are also given to certain members of the faculty and the administration. The housemothers of the various dorms, sororities, and fraternities serve as chaperons. The Dance Committee is also present as a group to see that the dance runs smoothly.

The dates of the 17 members of the governing body of the club always serve as sponsors of the various fraternities and of the weekend, and are presented in a figure at the dance.

"We have all indication that this year's Fall German's will be one of the most successful ones so far," said Mark Cherry, "and we hope to see many of you there."

## Legislature Urges ACC Cooperation Meager Turnout Reported At Clinic

### Only 135 Get Asian Flu Shots

A mere turnout of 135 students—far below university expectations—was reported at yesterday's "on campus" flu vaccine clinic at Gerrard Hall.

The disappointing response to the cost-free vaccine prompted University Physician E. M. Hedgpath to remind that vaccine not used here will be "disposed of."

He gave a final plea for student response to a second clinic slated at Gerrard Hall today between 11 a.m. and 1 p.m.

The meager turnout yesterday brought to some 1,700 the number of UNC students who have received shots for protection against Asian flu since the vaccine has been available here.

But that number was substantially below expectations of infirmary and administrative officials. They hoped to distribute the total vaccine supply in the closing clinics.

Just what the lack of student response would mean here was not known, but officials feared it left the campus vulnerable to a major outbreak of flu if the Asian virus sweeps through the community.

It was with the idea of preventing any such epidemic that infirmary officials offered their facilities at Gerrard Hall, conveniently located on campus.

Dr. Hedgpath, commenting on the clinic Thursday, said he is "more concerned about what might happen in December or March than what happened a few weeks ago."

He was referring to a siege of respiratory infections which swept across the university campus, affecting almost one-seventh of the student body. Some of the cases were identified as the Asian strain.

### Eisenhower Names Killian; Plans No Extra Spending

WASHINGTON, Nov. 7—(AP)—President Eisenhower announced tonight a revamping of the nation's scientific defense setup with Dr. James R. Killian of Massachusetts Institute of Technology in command.

Eisenhower made the announcement in a television-radio broadcast intended to reassure Americans about this country's defense strength in the light of recent Soviet advances.

WASHINGTON, Nov. 7—(AP)—President Eisenhower went out of his way in his TV-Radio address tonight to praise American scientists and congressional Democrats.

Eisenhower made a few departures from his prepared text. In

one of them he said scientists and engineers "have been generous, patriotic and prompt" in responding to the government's demands upon them.

Some administration critics, including former President Truman, have said unwise security programs have kept many scientists from accepting public service.

Eisenhower elaborated on his prepared address again when he said Democratic leaders of Congress have accepted his invitation to confer about 1958 legislation "with alacrity and good will."

The President has invited both Democratic and Republican congressional leaders to meet with him next month on the entire leg-

islative program for the coming year.

With the President as he spoke to the nation tonight on "Science in National Security" were his son, Maj. John S. Eisenhower, and the President's television advisor, Robert Montgomery.

Mentioning U.S. technological advances, Eisenhower said:

(1) "We have fired three rockets to heights between 2,000 and 4,000 miles, and have received back much valuable information about outer space."

Here the president was discussing the Air Force's "project Far Side." That experiment, conducted from Eniwetok Atoll in the cen-

### Duke Delegate Wins SSL Post

By ETHAN TOLMAN

RALEIGH — Dick Phillips of Duke University narrowly edged by Jim Holmes of UNC in a mid-afternoon election here Thursday for Speaker of the House of the State Student Legislature.

Phillips' election to the key position came on the opening day of the three-day event which brings together representatives of most colleges and universities in the state.

The assembly—the only of its kind in the nation—convened in the capitol building here to discuss and vote on problems facing the state and the nation.

It brought together men and women, Negro and white, many of whom will take part in state affairs of the future. The assembly is run by students who are representative of the state legislature.

The unique legislative body has no faculty or government control and has existed since the war as an entirely independent organization.

Representatives were welcomed to the assembly Thursday by guest speaker Robert Giles, administrative assistant to the Governor. Giles is a former UNC student who also attended the SSL sessions.

Following his address, Dr. Alphonso Elder, president of North Carolina College, spoke to the assembly about values which could spring from the three-day event.

Business was expected to continue into the late hours Thursday, with a full calendar of events slated for Friday and Saturday.

### Founder's Day Dinner Held By Business Frat

The Alpha Lambda Chapter of Delta Sigma Pi, local chapter of this National Business Administration Fraternity, celebrated Founder's Day Wednesday Night with a steak dinner at Watt's Restaurant.

Herman Rhinehardt, vice-president of Wachovia Bank and Trust Company Branch in Durham, and one of the founders of and a trustee of the Alpha Lambda Chapter of Delta Sigma Pi, spoke to 80 brothers, pledges, and guests.

The topic of Mr. Rhinehardt's speech was, "Opportunities for Young College Men in the Banking World." He stated that prior to World War II there were few opportunities for college graduates, the salaries were low, and advancement was slow.

"But, since World War II, the banks realized they were in competition with industry and large business," Rhinehardt said, "and began to recruit college graduates, offering them better opportunities."

He added that this was accomplished by increasing the starting salaries, speeding up promotions, and leaving most of the detailed work to women clerks so that today opportunities in the banking world match those of other businesses and industry.

Rhinehardt said some of the fields open to college graduates include: lending operations, consumer credit, mortgage lending, investment banking, trust departments, and personnel management.

Some of the personal characteristics banks want in young men include: honesty and integrity, average intelligence, good judgment, imagination, desire, willingness to

work, and the ability to get along with people, he added.

Rhinehardt criticized personally the general attitude of many young college graduates from a banking point of view by saying that many of them (1) demonstrated a lack of interest, (2) expected too much, (3) were impatient with the basic training programs, and (4) were unwilling to continue studying.

Guests from the Business School were Miss Gladys Cox, Miss Sue Stehr, Dean H. Q. Longenderfer, Dr. C. S. George, Dr. J. E. Dykstra, and Mr. Dick Levin. Mr. Nelson Denett, a Delta Sig alumnus was also present.

Al Alphin served as Master of Ceremonies for this function which was arranged by Don Nance, professional chairman, and Al Jordan, Social Chairman. Jim Burroughs is President of the Alpha Lambda Chapter of Delta Sigma Pi.

### Dance Tonight Strictly 'Dry'

Students and guests who are planning to attend the German concert and dance were reminded yesterday that both of these functions come under the jurisdiction of the University Dance Committee and are subject to its rules and regulations.

Larry Harris, President of the Dance Committee, said: "Doormen will not let anyone into either the dance or the concert who is intoxicated."

Harris related three important rules of the Dance Committee which apply at the concert and dance:

1. Anyone showing signs of drinking or other misconduct shall be dealt with at the discretion of the University Dance Committee.
  2. Anyone giving wrong identification when confronted by dance committeemen or doormen will automatically be suspended from attending all dances indefinitely.
  3. Anyone bringing intoxicating beverages on the dance floor or concert auditorium will automatically be suspended from attending all dances indefinitely.
- Harris said: "The purpose of having the Dance Committee and the rules which must be followed, is to ensure the proper atmosphere for all to enjoy the concerts and dances. Both the German Club and the Dance Committee will appreciate your cooperation to make this German's weekend a good one."

### ENGLISH CLUB SPEAKER

Richard W. Goldsmith, an instructor of English at State College, will be the guest speaker at the regular meeting of UNC English Club to be held Friday at 7:30 p. m. in Birmingham Hall. His topic will be "Browning and Religious Controversy."

### Better Seats For Events Now Sought

By PRINGLE PIPKIN

The Student Legislature in its last session of the 23rd Assembly unanimously passed a resolution "encouraging closer cooperation" among Atlantic Coast Conference schools in regards to seats for visiting schools.

The resolution will be sent to ACC schools "to let the athletic directors know we are aware of the situation," said Dick Sessoms, University Party, introducer of the bill.

Sessoms said the bill was to emphasize especially football and basketball seasons. He pointed out that Carolina students had been put in the poorer seats.

He named Virginia, Duke, Maryland and Wake Forest as schools which had given UNC students bad places.

He said that on the west coast of the United States both the host students and the visiting students were given group seats around the fifty yard line.

Sonny Evans' appointments to the committee to study the policy of other college newspapers were passed almost unanimously; other appointments passed unanimously.

"I should like to make it clear that the purpose of this committee is to do away with the present editor of The Daily Tar Heel," said Student Body President Sonny Evans in a letter containing the appointments.

Pat Adams will be chairman of the investigation committee. Other members are Ann Frye, Curtis Gans, Anthony Wolf and Jeannie Margaret Meador.

Bruce Beveridge will be chairman of the Bad Check Committee, a committee to help the Merchants Association in the notification of those individuals who have issued bad checks, according to appointment approvals.

Other members of the committee are Pat Hamer and David Veasy. Frank Lowe, Mike Fleisher, Ruth Neisler and Anne Stallings were appointed to the Campus Traffic Committee.

Wilson Partin and Craven Brewer were appointed to the Elections Board.

As Speaker Don Furtado was at the State Student Legislature, Al Goldsmith (UP) presided at this session.

Nine members of the Student Party were absent, and five University Party members missed the meeting.

### History Dept. Adds To Staff

Addition of three men to the History Department faculty at UNC has been announced by Dr. Fletcher M. Green, chairman.

Serving as instructors in history are Dr. Robin D. S. Higham and Dr. Richard Burgess Barlow, while Otto H. Olsen has been added as lecturer in social science.

Higham, a native of English, holds the A. B. degree from Harvard College, the M. A. from Claremont Graduate School, and the Ph. D. from Harvard University.

Formerly on the University of Massachusetts faculty, he has special interest in the fields of American and English history.

English and European history are Barlow's special fields. A native of Massachusetts, he holds the B. D. degree from Andover, and the A. B., A. M. and Ph. D. from the University of Pennsylvania. He studied two years at Cambridge University.

Olsen, a Pennsylvanian by birth, was trained at Columbia University and the Johns Hopkins University. His special field of interest is recent United States history.
