SP Officials Praise Current Candidates

Leaders of the Student Party issued statements Saturday in support of their candidates for Student Government positions in Tuesday's election.

Student body President Sonny Evans, in endorsing the candidacy of Don Furtado for the top student position said:

"I have had the pleasure to work with all of the candidates this past year and have observed them closely and feel as competent a judge as any of their talents. In all sincerity, I am endorsing the candidacy of Don Furtado for president of the Student Body, because I know him to be a person of highest abilities and one who will be a courageous and outspoken spokesman for all the students.

"His experience in so many fields of student government has given him an insight into problems which will serve him well next year.

"As one individual, I support Don Furtado as the next president of the student body."

Pat Adams, floor leader of the Student Party, said that the Student Party has done a "commendable" job this year.

Speaking for the party and Don Furtado, Adams said:

"During the 24th session of the Student Legislature the Student Party has done a commendable job. As SP floorleader I have noticed the excellent work that SP legislators have done. The record I believe speaks for itself! The SP members had 15 bills passed in the Legislature in which the UP had a majority of two. The UP had two bills passed. The SP and UP have co-introduced four bills that were of major importance. I feel that this good work by the SP legislators is to be commended.

"Don Furtado, as speaker of the Legislature has been an excellent leader. He has skillfully guided the body during many important decisions. He has also taken an active part in the Honor Council Bill which I believe was the session's most important piece of legislation."

Sonny Hallford, attorney general of the student body, added to comments on Don Furtado by saying:

"I am happy to support Don Furtado for president of the student body. For in Don, I feel that we have the most qualified and experienced candidate. His integrity and conscientiousness are above approach.

"I have a great deal of respect and admiration for the work that Don has done in the many areas of campus activities which he has been engaged and participated. I feel confident that he will do an outstanding job if he should be elected president of the student body of the University of North Carolina. I think his record of experience speaks for itself. At present he is doing an excellent job as vice-president of the student

body and as a member of the Board of Directors of Graham Memorial.

"He has been a member of legislature and a class officer. His academic achievements are in themselves a record to be proud of. Don's service to the campus has been recognized by the Order of the Grail of which he is currently a member.

"I would like to take this opportunity to encourage the campus to support Don Furtado for president of the student body.

Prexy Should Be Versatile - Furtado

Don Furtado, Student Party candidate for president of the student body, said in a statement Saturday

that the student body presidency is not a job which a student can fill adequately without an understanding of many student areas.

He added: "On Tuesday, the students of UNC will go to the polls to choose the president of the student body for the coming year.

"It is essential that everyone carefully and objectively consider the presidential candidates, for our campus has many obvious needs, and the person who assumes the presidency simultaneously assumes a tremendous responsibility.

"In the past two weeks, I have presented some of my plans and

Musicales Will Feature Ethel Casey

Graham Memorial Activities Board presents the sixth Petite Musicales for the spring semester in the lounge of Graham Memorial, tonight at 8 p.m.

Featured in this recital will be Ethel Casey, soprano from Raleigh. Petite Musicales are open to the public free of charge.

Mrs. Casey is well known to concert goers in Chapel Hill, Durham and Raleigh. Recently she performed in a recital sponsored by the Raleigh State Art Museum. She assisted Walter Golde, Chapel Hill teacher and composer, in a recital of his compositions. She will include one of Golde's songs on her program Sunday, "The Song of the Sea." She also has performed on several Petite Musicales.

Last February she assisted Suzanne Davids and Emily Kellam on their harp recital. This program was also the first program given in the above mentioned State Museum recitals.

Included in Mrs. Casey's program will be songs by Brahms, Poulenc, Gluck, de Falla, Thomas Arne, Michael Head, Marcello and Falconieri.

WRC Plans Training For Leadership Here

The Women's Residence Council Leadership Training Program will be held Monday at 7 p.m. in Hanes Hall.

The speaker for the meet will be the Rev. Harry Smith, minister to students of the Chapel Hill Presbyterian Church. He will speak on "Meaning of Leadership."

Following the opening address there will be individual discussions groups for the various officers. Pat Anderson will head the discussion group for Presidents in 105 Hanes. Carolyn Warren will lead the discussion for prospective vice-presi-

dents in 107 Hanes. Mary Montgomery will talk with prospective secretaries in 106 Hanes while Harriet Schaeffer will meet with social chairman in the same room.

Libby McCord will meet with prospective house managers at the same time in 108 Hanes.

Following the individual discussions Martha Parsley will conclude the meeting.

The Conference is being held for all old and new dorm officers and sorority house managers. All who are interested in the training program are invited to attend the meeting.

Work Of UP Solons Noted By Chairman

Syd Shuford, University Party chairman, praised UP Student Legislature candidates for an effective campaign in a statement Saturday. Shuford said that the candidates show "deep interest" in the legislature and "want to continue to uphold the Carolina

tradition of good efficient government."

In connection with this Shuford made the following statement:

"University Party candidates for Student Legislature have initiated an extensive campaign this week all over the Carolina campus. For several years the University Party

has held a majority, and has been in control of the Student Legislature. The views and programs expressed by the legislators representing the UP have been conservative and have embraced the interests of the students on our campus at Carolina. Various committees in the legislature under the leadership of competent UP legislators have performed excellently, and have organized excellent projects for the welfare of the Carolina students.

"The UP candidates for Student Legislature want to continue to uphold the Carolina tradition of good, effective government and ask for your earnest support on April 1. These candidates have shown their deep interest in the legislature by the effective campaign that is now in progress, and have pledged their services to give the students at Carolina an efficient Student Legislature."

Al Goldsmith Asks More Moderation

Al Goldsmith, University Party candidate for president of the student body, urged a more moderate form of student government in his final campaign statement Saturday.

Goldsmith said:

"For the past two years I have been deeply concerned over what has been happening in Student Government. It seems to me that dynamic leadership has often been lacking in many vital areas and in its place has been too much attention devoted to the passage of more or less radical measures. I would like to see a return to a moderate form of student government. I wish to see the campus progress, but progress in areas which desperately need attention.

"As this will be my final statement before Tuesday's election, I would like to summarize my stand on various problems and issues which the campus is faced with today. If elected I will work unceasingly for:

"1. Improved dormitory social facilities. I believe that dorm social rooms can and should be improved and I want to work to bring this about. With better dorm social rooms I feel that some visiting agreement can be worked out by which females will be allowed to visit dorms.

"2. An immediate attempt to solve the parking problem. I feel that the present administration has been unduly slow in working out a plan as to who will use the new Bell Tower parking lot. I favor

the eventual restoration of freshman parking privileges and will work towards that end.

"3. A clarification of the new cut system. I feel that the present cut system is basically good, but that it needs some clarification as there are many professors and students alike who do not understand it.

"4. An improved president's cabinet. I will work to install a new cabinet which, instead of being composed of ten members at large, will include, the presidents of the IPC, the IDC, the WRC, the Panhellenic Council, the chairmen of the Honor Councils and the Student Council, a representative from Legislature, and at least four members at large.

"5. Cooperation with the Interfraternity Council. I feel that it is up to the President of the student body to cooperate with the IFC and not try to run it. I feel that by including the IFC president on the Cabinet, Student Government and fraternities can work closely together. I oppose any attempt of Student Government to run fraternities unless these organizations request help or become incapable of handling their own affairs through the IFC.

"6. A strengthening of the dormitory adviser system. I feel most dorm advisers are not doing their job. I do not think they should attempt to run dorms but they should advise and make them

Band Concert Tuesday Night In Hill Hall

The UNC Concert Band, under the batons of Herbert W. Fred, director, and Calvin Huber, assistant director, will present a concert in Hill Music Hall on Tuesday at 8:00 p.m.

Sponsored by the Department of Music, the program is open to the public at no charge.

The University Concert Band has recently completed a tour of many North Carolina schools. Under the direction of Herbert Fred, whom Percy Grainger recently acknowledged as the best of all the many band directors with whom he had worked, the 60-piece band has been noted for its high calibre of musicianship.

Kelly Enters Senior Prexy Post Election

Jim Kelly, from Flemingsburg, Ky., announced Saturday that he is an independent candidate for president of the senior class.

Kelly, at UNC on a NROTC scholarship, was a member of the freshman basketball team. Last year he traveled with the varsity as a substitute during the drive for the NC-AA championship.

In a statement to The Daily Tar Heel Kelly said, "I am not a member of a political party, but as an independent I will be working for the senior class as a whole and will not have to cater to a political organization.

"I have several ideas concerning the improvement of the unity of the senior class—one of which is to establish a permanent student alumni secretary. The office of president, as it stands, is little more than an honorary position and I feel that it should entail more responsibility with the senior class and wield more influence in campus activities."

Radio Club Completes Writing Of Constitution

At an organizational meeting Friday night the UNC Amateur Radio Club completed the writing of its constitution. This is a major step in the direction of setting up a club radio station on campus.

Soon after the spring holidays the constitution will be presented to the Student Legislature for approval. At the same time, a proposal for appropriation of funds for the club will be presented.

A report was given on the preliminary results of letters of inquiry which were sent to more than 70 college and university Amateur Radio Club stations. From the replies which have been received thus far, it has been noted that the majority of the stations are supported by the Student Union (or its equivalent),

and many of these have the club stations located in the Student Union Building.

Jimmy Scott, W4GHQ, who moderated the meeting, announced that radiotelegraph code instruction will begin as soon as some code practice tapes have been made. These tapes will be available in the language lab at certain times for anyone to use.

The use of the language lab facilities has been made available to use through the cooperation of L. A. Sharpe, who is head of the lab. It was also announced that radio theory classes would start soon, and that anyone who is interested may attend. These classes are to be free of charge.

The next meeting will be held in Room 250 Phillips Hall April 12 at 7:30 p.m.

Candidate Carter Stresses His Qualifications For Post

Bob Carter, independent candidate for president of the student body, released his final campaign statement to The Daily Tar Heel Saturday.

In his statement Carter said: "For the past two weeks almost everyone on campus has had the opportunity to either meet the candidates running for president of the student body or to read their statements in The Daily Tar Heel concerning their stands and platforms. On Tuesday many of these students will take advantage of the opportunity to vote and we hope that everyone has evaluated the candidates and their qualifications before voting.

"I have been running on the qualifications of experience, knowledge, interest, service and leadership, and I feel that everyone will agree that these are characteristics a president needs. My work as treasurer of the student body, vice president of the IDC, member of the legislature, and the many other phases of student government in which I have worked have given me the experience and knowledge for the job of president.

"I foresee a great year in student government next year and I feel that an independent president could carry out the job well. I do not plan to let any job go undone and shall

work to see that every phase of student government functions completely and thoroughly.

"We will have a dynamic year and the whole campus will be working for the good of student welfare. Action and efficiency will be my policy while in office and the coordination of all areas of campus will be one of my primary concerns.

"It is my desire to make student government continue to grow and remain one of the best in the United States. I sincerely urge everyone to vote on Tuesday and vote for the candidate whom you feel will serve you best.

Grail Order - 38 Years Of Service

Friendship, truth, courage, and service are the watchwords of a 38-year old campus organization that was born to build better relations between fraternity and non-fraternity men at Carolina. To serve the UNC campus is the foremost objective of the Knights of the Order of the Grail.

In 1920 the social conditions existent on the campus were very poor, and the student body was divided by antagonism between the fraternity and non-fraternity men.

The ideals of the University had been subordinated to conflicts between the factions within the University. Of necessity, the objectives, policies, and methods of the Grail were made wholly unselfish.

The Grail first instituted a series of dances with the dual purpose of improving social life and obtaining a firmer unification of the student body. From providing for the first time in many years a successful social program, it next originated games and for providing the

athletes with better equipment.

The Grail also established an intra-mural program for campus participation, carefully including fraternity and non-fraternity groups. The Knights sponsored a song contest that resulted in the adoption of "Here Comes Carolina."

The Order was extremely active in the establishment of the first student government association. Through the years its many projects and activities have been turned over to responsible students

groups, but the Order of the Grail has continued to serve its founding aims by a free exchange of ideas among its members.

The Knights consider service the most important of their watchwords. The Order performs many services for the campus. It annually sponsors a series of informal dances when it feels there is a need for social activity, manages the sale of class rings, and composes, sells and distributes graduation invitations. Its regards itself

as a trustee of the funds it realizes through these activities and returns them to the campus through Grail Scholarships and contributions to worthy causes.

The Order of the Grail stands ready to offer its help to any individual or group that needs its assistance in the form of ideas, financial aid, or physical labor. Grail members work always to "help the campus in every possible way in making it a better place in which to live and to work."
