Mr. Campbell, who has directed the drive from a hospital bed for a week, was lavish in his praise for the drive's workers.

"I've never seen a group of people put as much effort into anything as these people."

Norman Smith Is Chairman Of Committee

Norman Smith has been named as head of a special student committee to work for the financial needs of the University, and specifically for a new student union.

As chairman of the Student Committee on State Affairs, Smith will try to impress the University's needs on the student body so as to elicit action on the part of students.

This committee will work immediately to have students contact and 'ell needs of the University to their representatives to the North Carolina Legislature. A brochure on needs of the University is being prepared for distribution to interested students.

In appointing Smith chairman of the committee, Student Body President Don Furtado said the Student Committee on State Affairs will work to further the acquisition of all UNC's budget requests.

Students who work with the committee, Furtado said, have one of few opportunities to make a real contribution to the University.

Smith previously served as head of a committee to investigate the self-liquidating dormitory policy.

Narrow Margin Cited

by 273-271. I have been informed by several people of discrepancies which occurred during the election."

Young is asking the Student Council to review the election for the following reasons:

- 1) No ballots were distributed to the sophomores who were in the Infirmary Tuesday.
 - 2) The ballot boxes in Town Men's II and IV were picked up and taken to Graham Memorial before the election officially ended at 6 p.m.
 - 3) The ballot box in Everett Dormitory could not be located or brought to Graham Memorial until after 8 p.m. on the day of the election.
- Young said, "In no way is this a personal attack upon Charlie Graham, Win or lose, I expect to cooperate fully with him in attempting to unify the sophomore class. If he margin were any more than two

votes, I would not trouble the Student Council of the sophomore class with this appeal.

"However, feeling that I, as a candidate, have the right to have these points reviewed, I am taking this action."

Jack Lawing, University Party chairman, said yesterday, "Davis (Young) has every right to have his case reviewed by the Student Council. Of course, I would prefer that the decision remain the same; but in view of the circumstances, I would like to see the Student Council investigate the charges."

Student Party Chairman Leon Holt said the SP will stand behind Young and aid him if necessary.

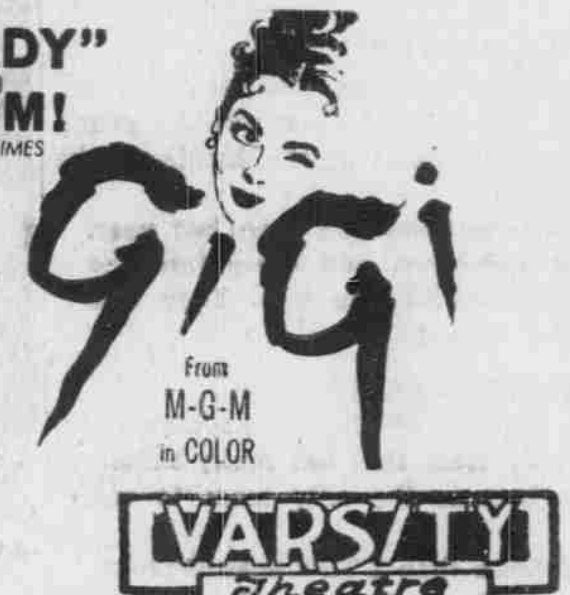

Charlie Graham, who won the presidency of the sophomore class, was unable to be reached yesterday for comment.

Habitual worry simply puts the highlight on the tail-end.
