**The Low Down On The Upstairs**  
by RUTH GORDON

This is by way of being sort of a birth announcement; Birth of a new season (and what a baby!) New arrivals are by Susan Thomas, Jonathan Logan, Anita, Tailored Junior, Sue Brett, like Clark of Dallas, Juno Theme, Gigglin Young, Susy Perret and many others. I have never seen so many pretty clothes — They are every size, style, every fabric and every price. I'll go so far as to say that it is almost impossible for a woman not to find something up here to please and fit her.  
I haven't taken an actual count (and my husband says that I exaggerate a lity bitty bit) but it looks to me like thousands of brand new exciting dresses — so get your little "cotton-picking" hands up here and pick out some cottons . . . Incidentally, we will be glad to lay-away your cotton selections until you are ready for them.  
In the meantime (back at the ranch) we have plenty of suits, dresses and coats, you can put right on and wear right away — (and I do mean right). So remember, fat or thin, short or tall, RUTH GORDON fits 'em all — whether you're buying or whether you're looking — drop up here and see "what's cooking."

- In buying a radio, would you be influenced more by (A) low price, or (B) product features despite a slightly higher price?  A  B
- When deciding on what movie to see, do you usually prefer films that (A) are gay and diverting, or (B) have a social message?  A  B

If you're the kind of person who *thinks for yourself* . . . you use judgment in your choice of cigarettes, as in everything else. Men and women who think for themselves usually smoke VICEROY. Their reason? Best in the world. They know that only VICEROY has a thinking man's filter and a smoking man's taste.

\*If you checked (A) on three out of the first four questions, and (B) on four out of the last five . . . you really think for yourself!
