Covering The University Campus

Six Sororities Lead Chest Drive Effort

By WALKER BLANTON

Six Carolina sororities have contributed more than any other group to the 1959 Campus Chest drive, said Chairman Doug Kellam Saturday.

But the contributions still fell short of the Campus Chest goal, and, as a result, the drive has been extended, Miss Kellam said.

Of over \$1,200 collected or pledged to the Campus Chest, \$338.46 came from six sororities. (Kappa Kappa Gamma sorority, which has not yet moved into the sorority house, did not contribute in a body but through the dormitories.)

Since the \$3,000 Campus Chest goal is short about \$1,800 solicitors

in dormitories will continue to ask students for contributions through Monday.

Another means of raising money for the Campus Chest will go into effect Monday. YW-YMCA members and student government leaders will be asked to take part in the \$5 program, in which each person participating is responsible for soliciting \$5.

In addition to the sororities' donations, eight women's dorms have contributed \$275.52, 20 men's dorms, \$245.65; 24 fraternities, \$214.00 (\$250.00 more has been pledged but not yet collected); 20 faculty members, \$94.50; Glen Lennox and Victory Village, \$81.59. The total amount collected is approximately two-thirds short of the \$3,000 goal.

A table will be set up in Y Building this week by Campus Chest to solicit money from students.

'Scotty' Leaves UNC Post

By MARY ALICE ROWLETTE

Edward "Scotty" Scott, the campus policeman who has been at UNC for nearly three years, will don his blue uniform and walk his beat for the last time March 15.

Although Scotty's official duties consist of directing traffic, especially during concerts and plays, and generally "watching over" the campus from 3:30-11 every night, he has gone beyond these duties to help students and townspeople alike.

Recently he sponsored a benefit dance so that a 16-year-old boy might undergo an expensive operation.

He always carries a prayer book with him "just in case somebody needs it."

Students of the Chapel Hill High School have asked him to sponsor a dance for them in near future.

"I was in the service (Air Force) for 20 years," said Scotty. "And I didn't mind leaving it half as much after 20 years as I mind leaving this place after only three."

"I don't think there's a building on this campus that I don't have friends in," declared Scotty. "If there is just I haven't been in that building."

Meeting people has been Scotty's biggest joy while on campus, "especially the new freshmen when their parents would bring them on campus for the first time and I would take them on guided tours."

Speaking of UNC, Scotty said, "I think it's one of the best schools in the country — and I know we have the best basketball team in the country! As for the football team, it had the best line anywhere this fall."

Scotty is resigning "for personal reasons" to manage a filling station and grocery store on the Pittsboro Road about six miles north of Chapel Hill.

"And I want to see all those students out there filling up," he said.

Nothing To Do?

For students who complain that there's nothing to do at the beginning of the new semester, here's how to rid yourself of the "boredom." Work on The Daily Tar Heel.

The newspaper needs new staff members to write news, columns, sports and do art work. Most of the work done on the paper is completed between 2 and 5 p.m. daily. This time is usually convenient for students who have classes in the morning hours.

Students interested in work on The Daily Tar Heel may come to the newspaper office in Graham Memorial any afternoon.

A staff meeting will be announced soon.

MORE BEAUTIFUL, YOUNGER-LOOKING SKIN... YOURS WITH NEW POLYDERM!

SCIENCE DISCOVERS AGING, DRY SKIN NEEDS ESSENTIAL POLYUNSATURATES TO FRESHEN, BEAUTIFY COMPLEXION

Recently, science discovered that young, 20-year-old skin is almost twice as abundant in vital elements called essential polyunsaturates as skin at forty. As you grow older, or as you deplete your natural supply through low-fat diets, these essential polyunsaturates drain away. Dry, lifeless skin, wrinkles, premature lines and crow's feet may follow.

Rich, concentrated Polyderm lets you "beauty-feed" these essential polyunsaturates back to your skin... helping your complexion bloom again with radiance and vigor.

In just a few days you begin to see a noticeable improvement. Fine lines fade. Pores seem finer, and your skin is smoother, healthier-looking.
