BILLS MEET LITTLE OPPOSITION

Permanent Jurors Abolished

By DEE DANIELS

Permanent jurors on Men's and Women's Honor Councils were abolished by the Student Legislature last night with no debate on the bill which proposed this action.

According to Bill Porter (SP), permanent jurors were established to familiarize other members of the jury as to what their functions should be and to answer any questions they might have.

However, as the majority of the jurors on the Attorney General's list have served on at least one case already, someone on each jury in the future will be familiar with the system.

The solons also sanctioned under special orders the establishment of a Bi-Partisan Selections Board to interview candidates for editor of the Yackety Yack for 1959 spring elections.

Harold O'Tuel (SP), author of the bill to which there was no opposition, explained that the Board is to function for this spring only due to another bill, introduced by him last night, for revision of the Publications Board by-laws, which would provide for such a board permanently.

Members of the temporary board will include the present editor, managing editor and business manager of the Yackety Yack, chairman and treasurer of the Publications Board and the Board's two faculty advisors.

O'Tuel pointed out that candidates for the Yack editorship may run independently and are not required to appear before the Bi-Partisan Board.

A hold-over session of Student Legislature is now mandatory following spring elections due to the approval by the student governing body of a bill, introduced by Jim Crownover (SP), authorizing such.

Old and new legislators will be required to attend the extra meeting, although only old legislators will be able to vote. An amendment proposed by the rules committee stipulates the voting power.

Crownover, in speaking for his bill, said the extra session would be helpful for the old legislators in clearing up matters concerning the budget as well as helping indoctrinate the incoming legislators.

A resolution, presented by Tom Cordle (SP), for improvement of the Cobb dorm parking lot was sanctioned.

A bill to appropriate \$500 to the Playbill was held in the Finance committee for another week.

Sixty-three students were tapped into the Order of the Old Well here last night.

Following the pre-dawn tapping and initiation ceremonies, President Albert L. Goldsmith Jr. made a short talk.

He emphasized that "too much service is being done in the University and not enough recognition is forthcoming." Steele Explains Move In Lenoir Resolution

Cash payments to self-help students working in Lenoir Hall was the resolution introduced into the Legislature last night.

"I realize that there are several arguments against this measure," said Hobart T. Steele, chairman of the dining hall committee. "Withholding and Social Security regulations among them, but I feel that the Ways and Means Committee will explore them fully, and hear the student's side of the argument as well as the administration's."

"Therefore I asked Dave Jones, our legislative liaison, to introduce this measure and allow it to go through the regular legislative processes. We have heard the students concerned; we will hear the administration of Lenoir Hall, and it will be up to the Legislature to make a decision next Thursday night."

The resolution will be discussed by the Ways and Means Committee Wednesday afternoon at 1:30. Steele has invited George Prillman, director of the Student Dining Halls to give his administration's views at that time.

Action in drawing the resolution was based upon appearances by students employed at this time by Lenoir and the Pine Room, before the

Minter Calls For 'New Deal'

John Minter, chairman of the University Party, yesterday called for "a new deal" in campus politics.

"The old deal," Minter said, "has resulted in an ever-widening gap between the students and the student (so-called) 'leaders.' While the old style 'leaders' persist with the same old routines, the same old razzamatazz, the average student on this campus pays absolutely no attention."

The U. P. chairman pointed to the failure of this year's Campus Community Chest drive as an example of the breakdown in student government.

"This drive was of crucial importance but since it did not concern itself with some great cause on the other side of the world it was neglected by our present leaders."

Minter criticized the present editor of The Daily Tarheel, Curtis Gans, for the recent editorial in which Gans urged students not to contribute to the campus chest.

"This was an astounding spectacle, even by the standards of Mr. Gans, who is very good at astounding spectacles."

Borrowing a phrase from Adlai Stevenson, Minter said it was time to "talk sense" to Carolina students. Students government can not accomplish miracles. Its power, even on campus, is limited. The point, however, is that even this limited power is negated by wild-eyed leaders out to save the world.

"All of this is beginning to be realized by the candidates of the Student Party. I note where their leading candidate is going into the dormitories with notebook and pencil, not to talk, but to listen."

"Well, we of the University Party have been listening for several years now, and we are delighted that
