Hester: 'Ease Far East Tensions'

2,677 Enrolled Here

The enrollment for the second Summer Session slightly exceeded pre-registration estimates as Dr. A. K. King, director of Summer Sessions, announced official enrollment figures at 2,677.

Previously, Dr. King estimated Second Session enrollment at approximately 2,600—or three-fourths of the number that attended summer school here during the first session.

At total of 3,513 attended during the first summer session and three-fourths of that number would be 2,659 or just 18 short of King's estimate.

"This summer's second session attendance is slightly off last year's figures for the same period, but not noticeably. I anticipate another successful summer sessions year and hope things run smoothly."

In all, a total of 6,190 students enrolled during one or both of the summer sessions in the oldest summer school in the country. These figures compare favorably with the enrollment of recent years.

Patterson Names 18 To Fill Vacant Slots

Student government for the second session moved into gear last Thursday as Hank Patterson, acting president of the student body appointed 18 students to summer student government positions.

Two bills, one changing the closing time of the polls Wednesday to 2 p.m., were passed under special orders. Dewey Sheffield introduced the bills.

The appointments were as follows: Student Government Board: Bob Thompson, Tom Efrid; Moyer Smith, secretary-treasurer of the student body; Men's Honor Council: John Minter, chairman Joel Fleishman, Troy Blanton, Harvey Wilkinson, Bob Bingham;

Women's Honor Council: Sophie Martin; Attorney General: Roy Goodman, with Jean Sutherland and Frank Ellford to serve as his staff.

Other appointments were Dewey Sheffield, Chairman of the Elections Board and Jerry

Fisher, Registrar of the Elections Board.

Marvin Taylor will serve as Chairman of the Finance Committee; Don Dotson and Tom Efrid were also named to this committee.

Bob Thompson was appointed to the Ways and Means Committee.

According to Patterson, the regular meeting of the Student Government Board will be each Tuesday at 4 p.m. A special meeting will be held Thursday, July 23, at 4 p.m.

Referendum: Officials Clear It; Urge Vote

Two statements, both coming from high student government officials, were made Monday urging students to vote in Wednesday's referendum and also explaining its details.

Voting on the referendum, which is to decide whether juries will be used at men' and women's honor council trials during the summer session as in the regular terms, may be done in Y Court between the 9 a.m. and 2 p.m. when the polls will close.

Hank Patterson, acting president of the student body, and Moyer Smith, acting student body secretary-treasurer, made a joint statement.

Their statement is as follows:

"When the Summer School Student Government Board passed the bill, which is governing procedures in Honor Council trials this summer, it was the general feeling of the members of the Board that elimination of a jury in Summer School Honor Council trials would insure justice in summer Council proceedings. The duties which would ordinarily be vested in the jury subsequently were given to the Honor Council.

"In order that justice would further be insured, a unanimous

Move Would Require Red China UN Seat

A re-evaluation of American foreign policies—especially the blocking of Red China from United Nations membership—was called for by Brig. Gen. Hugh B. Hester, U. S. Army (ret.) in an address Monday night.

"A third world war is almost inevitable in the Far East unless tensions are reduced soon," Gen. Hester said. UN mediation is the "only possible way to break the present impasse, and even this is unlikely to succeed unless and until Red China is admitted to the UN.

"Exclusion has always proved intolerable to those against whom it was exercised, and China is no exception to this," he added.

Gen. Hester, a native of Granville County and a 1916 graduate of UNC, served more than 34 years' active duty in the U. S. Army. Since 1951 he has been studying advanced international relations at the University of Pennsylvania, while writing extensively and lecturing in this field.

Speaking under YMCA-YWCA sponsorship, Gen. Hester presented "A Program for Survival."

"For the first time in history man has the power to destroy the human specie," he said. "Our survival and avoidance of a third world war depends on the establishment of world law, a world court to interpret those laws and a peace force to apply those interpretations."

Disengagement of great power military forces was listed by Gen.

Hester as the first step toward successful negotiation of crucial situations throughout the world. This should start in Europe, he said, especially in Germany.

"The Berlin crisis is dangerous," he said "but the real problem is German unification and it should be faced up to before it explodes into war. But Germany cannot be unified inside any great power alliance system."

Turning to Middle Eastern problems, he said that it is "completely irrational to expect the Arabs and Israeli to settle their disputes so long as each can play off one great power against the other in

UNC News Needs Staffers

If the rigours of college life are getting you down and even your college paper isn't offering enough of the type of student and University activities you like to read about, there's always one recourse left.

Don't drown your troubles, but join the hub-hub scrambling around in the office of the UNC News. (Mainly the hub-hub is caused by the rattling sound the few staffers now around make as they rattle in that room on second floor, GM.)

Don't attempt to beat the heat—ignore it in the hard work you're forced to do under that whip-cracking editor.

Your Churn To Flick Out

Thursday, July 23, 7-8 p.m.—Free ice cream party on the lawn in front of Carroll Hall. A free flick, "Nothing Sacred" starring Carole Lombard and Frederic March, will follow the party. Music for the party will be furnished by Kemp's Record Shop.

Thursday, July 23, 4:30 p.m.—Meeting of the Student Activities Council in Roland Parker Lounge III in Graham Memorial. At this meeting plans will be formulated for the remainder of summer school. Anyone interested in working on this council has been urged to attend.
