# 'Weak' Spartans Optimistic

By PETE GAMMONS DTH Sports Writer

Last year pre-season forecasters picked Michigan State for sixth place in the Big Ten, but they went on to post a 6-2-1 record to tie for second place.

This year the "Skywriters," forecasters who visit all the preseason camps and predict the order of finish in the Big Ten race, have picked the Spartans for seventh place. The forecasters feel that Coach Duffy Daugherty cannot compensate for the loss of such stars as All-American Sherman Lewis, Dewey Lincoln, Roger Lopes, Matt Snorton, Dave Herman and Earl Lattimer.

This Saturday, the Spartans open their season here at Kenan Stadium against the Tar Heels. Last year, the supposedly weak Daugherty team opened with a smashing 31-0 victory over the Jim Hickey-coached Tar Heels. In 1962, the Spartans smashed Crolina 38-6.

But both these games were played in East Lansing. This year the Tar Heels have the Spartans on home grounds for the first time and have their best opportunity for getting re-

Junior quarterback Steve Juday (5-11, 173) returns to lead the attack. Juday was brilliant as a soph before getting hurt against Wisconsin. Reserve quarterback Dick Proebstle suffered a concussion in practice and won't make the trip with

Harry Ammon (5-7, 182) is the only runner returning with much experience, and will start at right halfback. Last year, Ammon carried the ball 25 times and picked up 123 yards while playing behind Lincoln.

The other backfield starters, fullback Eddie Cotton (5-11, 199) and left halfback Dick Gordon (5-10, 178) are short on experience, but are highly regarded by the coaching staff. Top sophomore is Clinton Jones, a flashy runner who could see plenty of action behind Ammon.

Tom Krzemienski (6-0, 198) and soph Gene Washington (6-2, 204) will be the ends. Washington is regarded as one of the top flank prospects to come to State in years. Dick Flynn (6-1, 196) and Jerry Rush (6-4, 240) are two quick tackles. Rush and guard Rahn Bentley (5-9, 209) form a rugged right side. The other starters will probably be guard John Karpinski (5-11, 199). and center Don Ross (6-0, 194). The Spartans use an offense-

Two years ago it was George Saimes who made this defense go, and this year it's captain Charlie Migvanka, a 5-10, 184 pound terror from Pennsylvania. He is equally adept at stopping the running game and covering pass receivers, and is considered the most valuable member of the team. Although problems may be more bountiful for Michigan State this year than in recent years, the Spartans will still be a tough team from a tough league. They are an unknown quantity who could spell trouble for Jim Hickey and his Tar Heels

While the curveball pitcher's forte these days is relief, there is a sneaking suspicion that Manager Gene Mauch might surprise in the Series and start Shantz.

Shantz vividly recalls his days with the Yankees, especially the 1960 World Series against the Pirates in which he relieved in the deciding seventh game. He was the pitcher when a potential

hop and hit shortstop Tony Kubek in the throat. All the runners weresafe. Shantz was taken out, the Pirate scored three runs and went on to win on Bill Mazeroski's dramatic ninth-inning home run.

"The Yankees are still a very tough club," he said, "Sure, I'd like to pitch against them in the Series. And I think I remember their strengths and weaknesses. But even with the knowledge, Roger Maris, Micky Mantle and those guys are rough."
