

Scholarship Applications Due Nov. 2

The deadline for 1964 Rhodes Scholarship applications is nearing, potential candidates were reminded today.

All applications should be in by November 2.

Inquiries and completed application forms for the 62-year-old scholarships, which provide for two or three years' study at Oxford University, England, should be sent to the state secretary, Edwin M. Yoder Jr., at the UNC-G History Department or to Mrs. D. D. Smith, editorial secretary, Greensboro Daily News.

Conditions of eligibility, according to Yoder, are simple: candidates should be unmarried male citizens of the U. S. between 18 and 24 at the time of application, with at least junior standing in some recognized degree-granting college or university.

A candidate may apply either through his home state or through the state in which he has attended at least two years of college.

Regulations for selection, laid down in the will of the late Cecil J. Rhodes, include: "Literary and scholastic attainments — exhibition of moral force of character — (and physical vigor, as shown by fondness for and success in sports."

Career Program

Planned Thursday

The University Placement Service will conduct a Career Program for all seniors and graduate students Thursday evening at 7:30 in Hill Hall. The meeting is jointly sponsored by Alpha Kappa Psi and Delta Sigma Pi business fraternities.

All men and women students who will be looking for jobs following graduation or after completion of military service are urged to attend this career meeting.

J. M. Galloway, director of the Placement Service, will explain how his office assists students in beginning their careers in business, industry, government and college teaching.

The guest speaker for the program will be Mr. Andy Robertson, president of Crawford and Company of Atlanta, Ga. His many years of experience in the field of college recruiting make him well qualified to discuss problems facing job seekers.

Any student who has satisfactorily completed two semesters of work at UNC is eligible to register with the Placement Service. Students are urged to register early in order to participate in the employment interviews conducted through the Service from mid-October to April. Job counseling and career information are also available to students, and permanent personnel files are maintained for every individual registered with the office.

Campus Briefs

Book On Sale

Copies of the book "North Carolina and the Negro" will be sold at the Information Desk of Graham Memorial beginning today.

The sale is being sponsored by the National Student Association Campus Committee for the benefit of a fund to send one UNC student to the Crossroads Africa project.

The book, published by the North Carolina's Mayors' Cooperating Committee, is an attempt to provide an objective view of the events which occurred prior to the passage of the 1964 Civil Rights Act.

A study of each North Carolina community and the special factors surrounding its racial situation is presented.

Honor Commission

Appointments to the Honor System Commission have been announced by Student Body President Bob Spearman.

Appointees are: V. King, M. Colison, L. Merrow, E. Rollins, E. Millington, M. Kirk, C. Wright, C. Miller, D. Leslie, E. Baur, P. Clay, B. Roberts, G. Teague, P. Taylor, C. Angel, B. Harris, J. Coffield, G. Fiek, B. Gordon.

Commission chairman Paul Dickson has asked all new appointees to meet with him in the Grail Room of Graham Memorial tomorrow from 3-4 p.m.

Plans for the coming year and arrangements for an orientation program instructing fall candidates for the Honor Council will be discussed.

Quizzes will also be composed for the Honor Council, IFC Court members, and the Attorney General's staff.

Reserve Meeting

Naval Reserve Research Company 6-6 of Chapel Hill will have its first meeting of the school year tomorrow at 6 p.m. in the NROTC Armory.

The program will feature a lecture on training duty reports and administrative matters. Speakers at other meetings

during the quarter will lecture on geological studies for a second canal in Panama, cosmic ray research, archaeological excavations in Winchester, England, dynamics of leadership, the Ranger 7 moon shot, applying statistical theory to personnel problems, and NASA's technical transfer program.

Meetings are conducted on three Monday nights each month, and participation in the unit provides retirement and promotion credit for Naval Reserve officers. New members are welcome.

Recruiters Here

A special USAF officer selection team will visit UNC this week to counsel and interview students interested in the USAF Officer Training School program for college graduates.

The team, under Maj. John C. Elkins, will be in Y-Court from 10 a.m. to 3 p.m. tomorrow-Wednesday.

Persons unable to meet with the team should write USAF Recruiting Detachment 307, 201 W. Cabarrus St., Raleigh, for further information.

Yack Photos

Yack pictures for freshmen and nursing students will be taken tomorrow-Friday in the basement of Graham Memorial.

A late fee of one dollar will be charged for all juniors and medical students who haven't had theirs taken yet. There will be no exceptions.

Amateur Radio Club

UNC Amateur Radio Club will hold an organizational meeting at 7:30 p.m. tomorrow in Caldwell annex.

Students interested in joining the club may apply for membership at the meeting. Club officers said that both hams and novices are invited to join.

In the past years over 100 hams have belonged to the club in a single year.

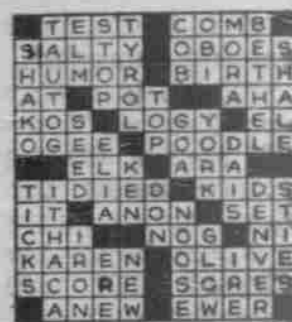

88th Congress Adjourns

WASHINGTON (AP)—A politically impatient Congress disposed of some odds and ends Saturday, then shut up shop and hustled off to the hustings—where its lengthy legislative record will loom large in campaign oratory. Both Houses adjourned until Jan. 4 which means the 88th Congress has completed its record—unless it is recalled in special session by President Johnson.

Regardless of issues, the adjournment only a month from ballot day means that members of the 88th who want to come back with the 89th—as nearly all of them do—must do a fast job of pointing with pride and viewing with alarm. All House seats and a third of those in the Senate are to be filled.

DAILY CRYPTOQUOTE — Here's how to work it:

Double Header

German Science Books

From a great University Library we bring you a large selection of duplicates and discards of books on the sciences, written in German.

Here are important books in mathematics, chemistry and physics — with a smattering of other sciences.

Prices are low, and there'll be no more when these are gone.

Goodies from Harpers Warehouse

When the great publishing firm of Harpers cleared out their warehouse, we were offered a share of the loot. These books are not dropped titles—they are copies of live sellers that were slightly damaged in the handling.

While they last, they're all yours for half price or less.
