Unexpected Treasure
LONDON (UPI) — It was just a pretty little bottle that had been around the house as long as anyone could remember, until antique porcelain expert Anthony du Boulay spotted it in the Yorkshire country home. He told the owner — unidentified — that he had something, and he did. It was a 15th century Ming flask, one of only three known to exist in the world. At Christie's auction house here it was sold for 25,200 pounds (\$70,560).

Dooley Asks For Support, Loyalty

Coach Dooley addressed a capacity crowd in Carmichael during halftime last Saturday night. Here is the text of his speech.

I'm very proud and happy to be a Carolina Tar Heel! I have dedicated myself to devote all my time and effort and energy to rebuilding the football program here. Our goal is for the football program to enjoy the same degree of excellence as do the academics at the University, and the same degree of ex-

cellence as the other athletic teams.

The basketball team is ranked No. 2 in the country. The baseball team last summer was in the College World Series. And the other Carolina teams have fine records — in everything from swimming to tennis.

The records of these teams are a tribute to the fine athletes and coaches here at Car-

olina, and to Chuck Erickson, our fine athletic director. But they are a tribute, too, to you students, alumni and fans who have supported the teams so faithfully through the years.

And so I challenge you tonight to give our football teams the same type of support and loyalty. Our job won't be easy. The first year will be tough, and the second year even tougher.
