

# Befuddled Briton Awed By Football

By RICHARD HILL-BROWN

(The following was overheard in London recently. The lady seemed to be telling her friend of one of her American experiences, after a recent visit. Could it have been a Carolina football game?)

"... Well, yes, there were all these people, thousands of them, dressed elegantly enough for a Royal garden party, but all going into the huge stadium. We had to pay ten dollars—yes dear, one pound sixteen each — to follow them through the turnstiles. However, at least we had a seat, not like at Twickenham where about 30,000 have to stand for the big rugby matches, and that was lucky because it took from one-thirty until nearly four to play a game that actually lasted one hour. At first there were lots of boys running around in crash helmets and bright clothes, with rugby footballs. Then two large bands came on; they weren't very smart at marching, not like the Guards, but it was very colourful and they played the anthems nicely. . . . Yes, the South has a separate one. . . . Then the boys came back on, but out of fifty or sixty only eleven from each side actually started to play.

"What happened next is hard to describe. Hubert said it looked a bit like Rugby League, except that they could throw the ball forward. They stopped every few seconds, and players kept running on and off the field and having little conferences about what to do next. But these don't seem to have been always successful as a boy would run a dozen yards backwards to go ten yards forwards, with the others pushing one another all over the grass, and then he'd fall over, and two men with chequered markers would come out to measure something. I think I saw some scores, but they stopped before they reached the goal-line

and didn't touch it down. Hubert discovered they got one point for the kick. And do you know, dear, they had four referees! But the crowd didn't insult them as they do at the Wembley soccer games, though a trainer on the touchline shouted something rude once when the referees lost count of something in the play.

"It was funny about the crowd. Hubert had his little flask that he takes to Twickenham on a cold day, but he didn't need it there as the temperature was over seventy, and in fact they kept on bringing round iced drinks. (Actually, one reason why I get confused about the game is that I spent too much time passing drinks and change to concentrate.) Yet all the spectators near us were pouring liquor out of hidden bottles into the paper cups. The police didn't seem to bother them, so I asked Hubert what all the secrecy was about, and why they couldn't go to the bar at half-time instead. He laughed and showed me the ticket: NO intoxicants.

"And another thing about the crowd. Each team had a boy with a microphone, and some pretty girls, and they told us what to shout, and when. Most of the shouts came when the boys were at their conferences, not when they were playing. Hubert thought this showed what a silly game it was. He said some of the players were not on the field two minutes the whole match, and then they have all that padding, not like rugby where they keep playing, unprotected, for almost one and one-half hours. It looked rough enough to me; the tackling was hard, the heat was great, and the boys were heavy and fast to. But Hubert grumbled for days about the money. He said he could have seen England against France, not a pack of college boys, for a dollar and a half. . . .

"But isn't it odd to see girls in heels and boys in suits and ties at a football match?"

# History Highlights

By OTELIA CONNOR  
STUDENT ACTIVITIES

The Hellenian was the first Student Year Book. It was considered too partial to the fraternities, and was discontinued after 1900. It was succeeded in 1901 by the Yackety Yack. The Tar Heel was started in 1893. Edward Kidder Graham was the editor for the year 1897-1898.

The Order of the Golden Fleece was begun in 1903. Its purpose was to include all phases of campus life.

The Order of Gimgoul was established in 1889. Gimgoul Castle was built in 1925.

The Order of the Grail was started in 1920 as far as I have been able to determine.

Phi Beta Kappa was initiated in 1904.

The Order of the Coif, an Honor Law Society, was established in 1928.

Davie Poplar, Jr. was planted March 15, 1918.

The Forest Theatre was created in 1919.

William Howard Taft, former President United States, was brought to the University by the Weill Foundation, 1914-1915, spoke on "The Presidency: Powers, Duties, Obligations and Responsibilities."

Graham Memorial, built during 1924-1931, was a Student Union in memory of President Edward Kidder Graham, who had been concerned because so little had been done for the non-fraternity men at the University. The completion of the Memorial took so long because many of the alumni failed to pay their pledges. Finally, L. Ames Brown, class 1910, of New York, donated \$80,000 to complete the building.

## CAROLINA INN

Chapel Hill was full of boarding houses and inns up until 1924, when the Carolina Inn was built. One "hotel" was located on East Franklin Street where President Friday's office is now, another where Graham Memorial now stands, and a third where Battle-Vance-Pettigrew dorms are now. The coming of cafeterias put the boarding houses out of business.

The Carolina Inn was built by a private corporation in 1924, headed by John Sprunt Hill of Durham, an alumnus of the University. In 1935 Mr. Hill made an outright gift of the Inn to the University. Plans are in the making now to greatly enlarge the present Inn.

The entrance will be on Pittsboro Street. A new cafeteria will be added and the office and lobby will occupy the site of the present ball room, and the present dining room will be used for private dinner parties, etc., not open to the public for dining.

NOTE: I am greatly indebted to Messrs. Battle, Wilson and Henderson for their remarkable achievement in preserving the history of the University of North Carolina. Often I have quoted phrases and sentences, without giving them credit. But my job was not to write history, but to get the history out of the books and into the heads of the students, and other people, who are associated with and love the University. My apologies to the above mentioned three authors.

Brynum Gymnasium, the first gymnasium built on the campus, was the gift of Judge William Preston Brynum in 1905, in memory of his son who died in 1893 of typhoid fever at the University.

Kenan Stadium and Field House, which cost \$275,000 was built in 1927. It was the gift of William Rand Kenan, Jr. (UNC 1893), who made his fortune as the result of the discovery of calcium carbide when he was a student in President Venable's class. The seating capacity was 24,000.

Kenan Stadium was enlarged in 1964; it now has a 43,000 seating capacity. It was also a gift of Mr. Kenan, who died in 1965, in his 90th year.

The Kenan Fund, a \$2,000,000 bequest of Mrs. Robert W. Bingham, formerly Mary Lily Kenan, was made in 1917, for the purpose of retaining and recruiting distinguished faculty.

The Ronald Reagan exam: The same exam given in two different courses.

The Dean Rusk exam: You repeat the same answers over and over again.

The Beatles exam: You scream as soon as you see it.

The Robert Kennedy exam: Pretty good, but not nearly as good as the last one.

The Johnny Carson exam: The professor interrupts you every ten minutes for further instructions.

The George Romney exam: You decline to answer the most difficult questions.

The Students for a Democratic Society exam: You attack the professor's sex life.

The Bill Moyers exam: You shot your bolt on the first two questions and leave early.

The Warren Commission exam: Convincing at first glance, but tends to fall apart on second reading.

The Stokely Carmichael exam: Most of the class flunks.

The George Hamilton II exam: You flunk the exam,

# Token Integration Is Still Practiced

(Editor's Note: This first appeared in the *Minnesota Daily*.)

It wasn't so long ago that administrators and students of southern white colleges fought tooth and nail to keep out Negroes.

While most universities and colleges in the South today are still reluctant about admitting Negroes, a new pattern is emerging.

All over the South, according to an article in the *New York Times*, "Negro valedictorians, salutatorians and finalists in such nationally known scholarship competitions as the National Merit and National Achievement awards are being offered scholarships worth up to \$15,000 over four years to go to predominant white colleges." Some Negro high school seniors report getting scholarship offers from 20 to 40 white schools.

This is all very good, of course, but it still is not enough. The fact is, as one Negro educator points out, that "if you're Negro you still have to be better than the best to be admitted to the white schools. And that leaves the Negro schools with all the risk students—all of those who need some type of remedial work."

Before one can really speak of an integrated system of higher education in the South, the predominant white colleges must be willing to accept not only the brightest Negroes but also those with the same ability as the average white students.

# New Kidney Machine Grant

WASHINGTON (UPI) — Awards totaling \$743,895 for the establishment of community artificial kidney demonstration centers have been made by the Public Health Service to the University of Louisville School of Medicine in Kentucky.

## A TEACHING CAREER IN THE ALFRED I. DUPONT SCHOOL DISTRICT NORTH OF WILMINGTON, DELAWARE

- ★ Salary—\$5800 or \$11,940
- ★ Free summer school tuition at the University of Delaware.
- ★ Add'l increments for military service and previous teaching experience.
- ★ Free life insurance.
- ★ Free income protection plan.
- ★ Campus interviewing scheduled for: February 9, 1967

One of the members of the Dukes of Dixieland who will appear Thursday night the 9th in Memorial Hall—10 p.m. after the game. Students Free with I.D.

# Smoking May Cause Poor Achievement

WASHINGTON, D. C. (CPS) — Freshmen who have poor grades and participate in few campus activities are also likely to be smokers, a recent University of Illinois study has shown.

Published in the current issue of the *American Medical Association's Journal*, the study of 3,557 freshmen showed 40 per cent to be smokers.

The director of the study, Dr. Dorothy Dunn, said "there was an inverse asso-

ciation between grade averages and smoking." She reported 16.7 per cent of the "A" students smoke while 59.1 per cent of the students below the "D" level have the nicotine habit.

Dr. Dunn reported that participation in campus activities reduced the odds of a student's smoking.

## Colorful Scenes From A Medieval Tapestry

We have just put out this small collection in our Print Room. Limited to sixteen prints, each different from the others, and there'll be no more when these are gone. \$1.25

# Several Examinations Credited To VIP's

By ED SCHWARTZ

WASHINGTON (CPS) — Wind-up dolls have had their day; magazine hybrids never got started; "would you believe" has been run into the ground — it's time for something new. With some finals just past, a new rhetorical pastime suggests itself — exams for the examined. "The examined" are those whose foibles are on the collective lips of the nation. The exams are designed to represent those foibles. The following are several to get the ball rolling:

The Hubert Humphrey exam: You start off with an original thesis, but end by repeating the lectures verbatim.

The Bob Dylan exam: Good answers, but you can't read the handwriting.

The William Manchester exam: You have to cross out half the essay.

The Warren Commission exam: Convincing at first glance, but tends to fall apart on second reading.

The Stokely Carmichael exam: Most of the class flunks.

The George Hamilton II exam: You flunk the exam,

but get an "A" in the course.

The Adam Clayton Powell exam: You get caught cheating.

The TIME Magazine exam: Your style is entertaining, but your content is distorted.

The Cassius Clay exam: You get sidetracked by answers which have nothing to do with the course.

The Ronald Reagan exam: The same exam given in two different courses.

The Dean Rusk exam: You repeat the same answers over and over again.

The Beatles exam: You scream as soon as you see it.

The Robert Kennedy exam: Pretty good, but not nearly as good as the last one.

The Johnny Carson exam: The professor interrupts you every ten minutes for further instructions.

The George Romney exam: You decline to answer the most difficult questions.

The Students for a Democratic Society exam: You attack the professor's sex life.

The Bill Moyers exam: You shot your bolt on the first two questions and leave early.

## GM Ski Trip Planned

The Graham Memorial Social Committee is sponsoring another skiing trip to Blowing Rock, N. C. on Saturday, February 18.

The cost of the trip is \$24, which covers bus fare, motel room, tow fee and ski rental. Those interested should sign up and pay at the GM Information desk by Friday, Feb. 10.

Applicants will be taken on a first come-first served basis.
