

THE ROOF FELL IN and then the flames spouted out of the cavernous crevice that used to be the Varsity Theatre. Firemen thumped their arms about themselves to keep warm in the 29-degree night that hosted the fiery holocaust. Famed campus news stand, Jeff's, was totally ruined by the early

Wednesday morning fire. Water poured through the ceiling and spewed out of the still lighted neon tubes, and spat through a listless fan like a sprinkling system. On the other side of the theatre, the City Optical Co. took it hard also. Three students who lived upstairs over the theatre all escaped, one with

only his pants, and another ran out carrying the first completed chapter of his dissertation; he lost the notes on the remainder in the fire. Town officials place the damage at \$300,000. —DTH Photos by Jock Lauterer

Frosh Coed Ruling

Freshmen women who have 30 hours credit are not eligible for sophomore social privileges, Women's Residence Council ruled Tuesday night.

WRC said that social privileges are based on the number of semesters a coed has been in residence at the University, rather than the number of hours academic credit she has.

Nancy Ehle, president of Cobb Dormitory, asked WRC to clarify the definition of freshman standing. She said that several freshman women in Cobb will have sophomore standing next semester due to advanced placement, and would be affected by the ruling.
