

New Congressmen Want Escalation To Win War

WASHINGTON (AP) — The typical newly elected House member favors military escalation if necessary to win the Viet Nam war and wants to cut domestic spending rather than raise taxes to finance it, an Associated Press survey showed today.

He doesn't see any need for new civil rights legislation but would study carefully any proposals that might be made.

This is the consensus stemming from a cross-section check which brought responses from 36 House members elected for the first time on Nov. 8. A majority — 27 — were Republicans, but GOP newcomers outnumber Democrats 48 to 14.

Minority viewpoints cropped up, too.

Four freshmen oppose escalation of the war, compared with 21 Republicans and 5 Democrats who favor expanded military action if present tactics fail to end the conflict.

Six new members said they are flatly opposed to a tax increase to finance greater war costs. Only two Democrats said they didn't see where domestic spending could be cut back without harming essential programs.

On civil rights, 5 new mem-

bers called for additional legislation, compared with 24 who said enough civil rights laws are already on the books. One favors repeal of existing rights statutes.

The sum of it all is that the House in the 90th Congress is likely to give President Johnson enthusiastic support for any additional steps in Viet Nam.

But it is likely to put pressure on him to cut domestic spending even more before resorting to a tax increase to meet war costs and to curb inflation.

And it means a tough fight when the administration seeks money for planned increases in some of the "Great Society" programs, such as antipoverty and demonstration cities. For- eign aid may also be in for a cutback.

The AP put these three questions to all newly elected House members:

1. Would you favor escalation of the war in Viet Nam if the present course fails to show signs of improving the situation?
2. Would you favor increasing income taxes or cutting domestic programs as a means of financing the war?
3. Do you think there is any need for new civil rights legislation at this time?

While a number of new congressmen said they needed more information before they could commit themselves on Viet Nam, the general feeling was that the United States could not let the war go on indefinitely.

"I feel we'd have no choice if there is no discernible improvement in the near future," said Rep. - elect S. Fletcher Thompson, R-Ga. "I am very much opposed to letting the war drag on for 10 or 15 years. We have an awful lot of prestige at stake there, and all of Southeast Asia is at stake as well."

But John Dellenback, newly elected Oregon Republican, said "I am not prepared to commit myself to further escalation until I see what else is being done. We ought to be pushing every effort that we can to settle this on a sound,

long-range basis."

How should the added expense of the war, now estimated by the administration as running around \$16 billion a year, be financed?

"I favor trying to hold the line on domestic spending and cut it where possible, in order to avoid a tax increase," said Rep. - elect Wiley Mayne, R-Iowa.

"I much prefer reducing domestic spending," said Rep. - elect Roger Zion, R-Ind. "I don't believe a tax increase is necessary."

And Rep. - elect Larry Winn Jr., R-Kan., said he feels enough money could be raised by cutting or postponing domestic spending "and in some cases throwing them out. I am against an income tax increase."

But Rep. - elect Bob Eckhardt, D-Tex., said he is opposed to cutting domestic spending as long as money is well spent.

If taxes have to be raised, Brasco added, "I would fight to have the tax structure changed so the burden would be taken from the poor."

UNC Students Help With Mail

Carolina students will aid the North Carolina Heart Association's February Heart Fund Drive - by filling 55,000 kits with 1.4 million pieces of literature to be distributed throughout the state.

Around 600 - 700 man - hours will be needed to complete the task, and they will be donated by students from Craige, Nurses' Dorm, Whitehead, Spencer, Winston, and all other volunteers who wish to help.

The work will be done Thursday from 1 to 9 p.m. in the fellowship hall of the Methodist Church.

For the past few years Craige assumed the task unaided, but an unexpected delay in the delivery of the material caused them to call upon other dorms to help in completing the job on time.

Jim Sprinkle, governor of Craige, is in charge of coordinating the project. Craige will be responsible for serving refreshments to the volunteers.

Residence colleges with participants will receive service project points.

"We certainly do appreciate the help of the UNC students, especially those of us who are alumni," said Mrs. Jerry Fife of the Heart Association.

The proceeds from the Heart Fund Drive will be used within the state to sponsor heart disease research and public health instruction.

Moore Lauds Drive

Gov. Dan Moore has sent a letter to the two originators of Operation Dime-A-Pak congratulating them on their efforts.

The letter, written to Charles Mercer and Chase Saunders, said: "I read of your efforts to send 20,000 packs of cigarettes to servicemen in Viet Nam for Christmas. This is a most commendable project on your part, and I wish you every success in it."

The Governor said it is too easy for many of us to forget the sacrifices being made by our servicemen in Viet Nam.

Saunders said yesterday over \$700 has been collected so far.

"I hope that when the rest of the money is in, we will have over \$1,000," he said.

The largest contribution so far has been from Ehringhaus which gave \$30 per floor for a total of \$150. Craige gave \$120.

Mercer said he had received several letters with contributions from North Carolina and from other states.

People wishing to donate should call Mercer at 929-6356. Sororities may turn their contributions in to Debbie Lazareth at the Phi Mu House and fraternities should turn theirs in at the GM information desk.
