## Rogers says expulsion of N. China 'dangerous'

WASHINGTON - Secretary of State William P. Rogers warned Sunday that expelling Nationalist China from the United Nations would set a "very dangerous precedent" which could be "detrimental to the future" of the world body.

His voice rising with emotion, Rogers said he could think of 10 other nations which might be expelled under such a precedent and added:

"Let me say, that if the Republic of China is expelled, I can imagine that nations like Albania and others might claim that because of that action - expelling the Republic of China - that all the actions taken by the Security Council of the United Nations since its beginning were illegal.

"In other words, if the United Nations is going to take the position that after all these years in dealing with the Republic of China, that it would be expelled and thereby be an international outlaw and that its presence was never appropriate in the first place, I can imagine an attack on the United Nations that would be very serious indeed."

## Dockers work 'grudgingly'

SAN FRANCISCO - Longshoremen passed tattered picket signs Sunday to "grudgingly" work the backlog of ships idled by the 100-day West Coast Dock Strike.

Longshoremen from Los Angeles to Seattle Saturday began loading and unloading the 250 ships stacked in 24 West Coast ports under a back-to-work federal court order issued Wednesday.

Some men were glad to be back on the job but were bitter about the circumstances. "We didn't gain anything," said one veteran who has worked the docks since 1944. "We're not making any more money. In 80 days we'll be back out."

The federal court injunction ordered the men back to work under the old contract for 10 days and a hearing was set for October 15 on whether to grant a permanent injunction for the full 80 day "cooling off" period sought by President Nixon under the Taft-Hartley law.

## Agnew traveling again

WASHINGTON - Vice-President Spiro T. Agnew left Sunday on an official overseas mission to Turkey, Iran, and Greece and a sentimental journey to his ancestral home.

The 10-day trip is Agnew's fourth, making him one of the most widely traveled vice-presidents in the nation's history.

Agnew journeyed twice to the Far East and this summer made a 32-day, 10-nation round-the-world trip.

With one refueling stop in Spain, Agnew will fly directly to Ankara for a two-day official visit to Turkey.

## Sadat flies to Kuwait

MIDEAST - Egyptian President Anwar Sadat flew from Cairo to Kuwait Sunday on the first leg of a diplomatic mission which will be climaxed by talks in Moscow Soviet leaders on the crisis in the Middle East.

Sadat's arrival in the oil rich Persian Gulf Sheikdom for a one-day visit was reported by Kuwait radio. It said he was greeted at the airport by Kuwait's ruler, Sheikh Sabah as Sajah, and high ranking government officials.

The Egyptian semi-official Middle East News Agency said Sadat and the Sheikh discussed the Arab-Israeli conflict and the situation in the Persian Gulf.

## Attica toll rises to 43

ROCHESTER, N.Y. - The toll of the Attica prison riot has risen to 43 with the death of Harrison Whalen, a 37 year-old guard who was held hostage by the rioters. Whalen died Saturday in Rochester's Strong Memorial Hospital.

Eleven prison employees and 32 inmates lost their lives in the riot, the worst in this century.

Whalen was wounded September 13, when a force of state police, National Guard troops and sheriff's deputies stormed the prison.

He was taken to St. Jerome's Hospital in Batavia, N.Y., suffering from gunshot wounds in the neck, back, and abdomen, according to a hospital spokesman.

## Emperor ends tour

GENEVA - Emperor Hirohito of Japan neared the end of his European tour Sunday with a quiet day in neutral Switzerland which contrasted sharply with earlier hostile incidents elsewhere.

Swiss authorities, at the specific request of the 70-year-old emperor, kept his 22-hour visit strictly private.

Both in Geneva and near Lausanne, where Hirohito and the Empress Nagako, 68, went sightseeing and spent the night, police far outnumbered spectators.

Switzerland was the next to last stop on Hirohito's seven-nation European tour. Departure for Bonn, last stop on their tour, was scheduled for early Monday.

## Series game cancelled

BALTIMORE - Rain postponed the second game of the World Series Sunday. The game was called off by Baseball Commissioner Bowie Kuhn about an hour and a half before the 2 p.m. starting time.

Approximately two and a half inches of rain fell in the Baltimore area since early Saturday evening. The infield at Memorial Stadium was covered by a tarp but the outfield was left bare.

Pat Santaroni, head groundskeeper, said he decided not to cover the outfield because recently resodded grass in short leftfield had knitted.

Sunday's game was postponed until 1 p.m. EDT Monday.

As a result of the rainout the first travel date will be cancelled. The teams will meet Tuesday in Pittsburgh.
