LOST: Tan suede wallet in grad or undergrad library. Oct. 21. Please return pictures and credentials to 6-D Townhouse Apts., Chapel Hill. No questions.

Brezhnev, Pompidou ask European conference

PARIS—French President Georges Pompidou told Soviet Communist Party leader Leonid I. Brezhnev Monday the road was clear to prepare a European Security Conference, long sought by Moscow, now that the Big Four powers have reached agreement on the status of West Berlin.

Brezhnev said the Soviet Union has no objections to inclusion of the United States and Canada as members of the conference, which would in effect recognize the post-World War II map, including the Communist regimes of Eastern Europe.

Brezhnev, beginning his first official visit to a Western nation since taking power, smiled his way through a lukewarm public welcome Monday.

Although as secretary-general of the Soviet party, Brezhnev is not head of state, official France gave him the 601-gun welcome normally reserved for that rank.

Brezhnev met for two hours in the Elysee Palace with French government leaders in the first of four scheduled meetings to discuss world and European problems.

War protest rained out

WASHINGTON—Rain washed out an antiwar protest here Monday, but its organizers vowed to conduct a year-long campaign against President Nixon's reelection bid next year.

About 400 persons showed up at the Washington Monument to protest the war, but they sought cover when the gray skies opened up with torrential rains.

John Froines, Chicago Seven defendant and a leader in the antiwar movement, said the demonstration would be rescheduled for Wednesday. He said the Wednesday protest would include a march on the White House.

Pentagon officials said more than 2,000 troops are stationed on standby alert in the city in case of trouble.

Veterans Day observed

WASHINGTON—A few hundred persons dotted Arlington National Cemetery in rainy weather Monday to honor America's war veterans, including those of the Vietnam War who Vice President Spiro T. Agnew said have "paid a higher price than usual."

A 21-gun salute honored the 1,078,000 Americans who have died in battle since 1776 and the 40 million others who have come home from those wars.

Agnew laid a wreath at the Tomb of the Unknown Soldier and then addressed a crowd that filled about one-quarter of Arlington's open amphitheater.

"The nearly 5.5 million Americans who have served in our Armed Forces during the Vietnam War have, in my opinion, paid a higher price than usual," said Agnew. "For fighting in an unpopular war, they have had to bear the brunt of its unpopularity."

Veterans Day was celebrated this year for the first time on the fourth Monday of October rather than Nov. 11 as in the past.

U.N. to vote on China

UNITED NATIONS—The final round of the historic China debate began Monday in the General Assembly, and the United States expressed confidence that it had sufficient votes to retain Nationalist China's membership in the balloting expected today.

Banias, which is speaking in half of Communist China, and the United States and Nationalist China scheduled concluding speeches Monday afternoon along with Honduras and Tunisia.

There is little doubt that Communist China will be admitted to the U.N. The issue is whether Nationalist China will be expelled, as Albania has insisted, or whether it will remain a member, as the United States wants.

"We continue to feel genuinely confident," U.S. delegation spokesman Nicholas L. King said. "We have signs of favorable movement over the weekend."

Kissinger leaves China

WASHINGTON—An announcement on the date of President Nixon's visit to mainland China is expected soon after presidential assistant Henry A. Kissinger returns from Peking Tuesday.

White House observers believe the trip may take place sometime between November and January.

Kissinger and 30 White House aides arrived in Peking last Wednesday to work out the date and other details of Nixon's historic journey.

Kissinger stayed a day longer than planned. His new schedule calls for him to arrive at Andrews Air Force Base near here at 4 p.m. EDT today.

India, Pakistan tense

NEW DELHI—India and Pakistan accused one another Monday of firing artillery barrages across the India-East Pakistan border into population centers.

In New Delhi, the Pakistani diplomatic mission confirmed Sunday that a large part of its 140-member staff was prepared to return home.

Indian cabinet leaders met Monday to discuss the reported Pakistani shelling of Agartala, capital of Indian territory of Tripura, on East Pakistan's border.

Four persons were reported killed and 20 wounded in the shelling during which mortar shells fell in the central part of the city of about 60,000 persons.

Food can control asked

WASHINGTON—Industry asked the government Monday to impose tighter federal controls on food canneries to prevent a recurrence of last summer's discovery of deadly botulism in canned soup.

Both Dr. Ira I. Somers, research director of the National Canners Association (NCA), and Sam D. Fine, associate commissioner of the Food and Drug Administration (FDA), said they could recall no previous instance of food processors seeking stricter federal regulation of their own plants.

"We just don't think the canning industry can tolerate any more bad publicity," Somers said in an interview. "From a statistical standpoint our record is good but we want to tighten every screw we can."

SCORPIO, OCT. 24-NOV. 22

Scorpio and Schlitz Malt Liquor. They both come on bold.

No one can resist the forceful, dynamic personality of Scorpio. No one (not even Scorpio) can resist the dynamic, good taste of Schlitz Malt Liquor, bearing the sign of Taurus the Bull.

Scorpio, you are the sexiest, most magnetic sign in the Zodiac, but you may tend to shun the world and live secretly. However, if you show any sign of welcome, people flock to your door. So call a few Pisces and Cancer friends and show them a real sign of welcome... Taurus the Bull.

Your piercing Scorpio eyes will tell you. Schlitz Malt Liquor is not to be taken lightly. It's decidedly different from beer. True, you're cagey enough to know that Taurus comes on bold. But look out, it may surprise even you.

Nobody makes malt liquor like Schlitz. Nobody.
