

Student insurance changes?

A committee has been organized to study and revamp the current student insurance policy.

James Cansler, associate dean of Student Affairs, is the chairman of the committee. Other members are Fred Schroeder, of Student Life; Frank Schwentker, professor of insurance; Dr. James Taylor, director of the Student Health Service; Ernie Patterson, a married student; and Mike Stephens, an undergraduate.

The new plan will attempt to reduce insurance costs and develop a better policy for married students, said Stephens.

The committee was organized in response to various complaints received by the Office of Student Affairs. It is currently conducting a survey to get a broader view of the opinions on the present insurance policy to determine what changes people would like to include in the new plan.

When the new policy is completed, in about six weeks according to Stephens, different insurance companies will be asked to make bids for it.

Those having suggestions are urged to send them to the Insurance Committee room, 01 Steele Building or to one of the committee members.

GOING SOUTH FOR Spring Break.. THEN GET A LOAD OF THIS!

Rip off Europe.

STUDENT-RAILPASS

The way to see Europe without feeling like a tourist.

Student-Railpass is valid in Austria, Belgium, Denmark, France, Germany, Holland, Italy, Luxembourg, Norway, Portugal, Spain, Sweden, Switzerland.

Eurailpass, Box 90, Bohemia, New York 11716

Please send me your free Student-Railpass folder order form.

Or your free Eurailpass folder with railroad map.

So you plan to spend the Summer in Europe this year. Great. Two things are mandatory. A ticket to Europe. And a Student-Railpass. The first gets you over there, the second gives you unlimited Second Class rail travel for two months for a modest \$135 in Austria, Belgium, Denmark, France, Germany, Holland, Italy, Luxembourg, Norway, Portugal, Spain, Sweden, and Switzerland! All you need to qualify is to be a full-time student up to 25 years of age, registered at a North American school, college or university.

And the trains of Europe are a sensational way to travel. Over 100,000 miles of track links cities, towns and ports all over Europe. The trains are fast (some over 100 mph), frequent, modern, clean, convenient

and very comfortable. They have to be. So you'll meet us on our trains. It really is the way to get to know Europeans in Europe.

But there's one catch. You must buy your Student-Railpass in North America before you go. They're not on sale in Europe because they are meant strictly for visitors to Europe—hence the incredibly low price. Of course if you're loaded you can buy a regular Eurailpass meant for visitors of all ages. It gives you First Class travel if that's what you want.

Either way if you're going to zip off to Europe, see a Travel Agent before you go, and in the meantime, rip off the coupon. It can't hurt and it'll get you a better time in Europe than you ever thought possible.
