

briefs

from the wires of United Press International

WASHINGTON—The House Appropriations Committee Thursday cut new spending proposals on intelligence activities by \$344.2 million, but beat back efforts to make public the spending total approved for the CIA.

The panel approved a \$112 billion defense spending bill for the 15-month period that started July 1, a nearly \$9 billion cut from the \$120.9 billion administration request.

The cut included \$1.3 billion the Pentagon requested in military aid to South Vietnam before that government fell.

The other \$7.6 billion in the cut, however, is the largest slash the defense-minded panel has made in recent years.

Rep. Robert Giaimo, D-Conn., was

Defense budget slashed

defeated on a 38-14 vote to list in the public report with the bill the amount the CIA would get. Rep. David Obey, D-Wis., lost on a 31-19 vote in an effort to have the figure made available to the committee as a whole.

Shapp to try for presidency

WASHINGTON—Promising full employment and a revitalized economy, Gov. Milton J. Shapp of Pennsylvania entered the race for the 1976 Democratic presidential nomination Thursday.

Shapp, the first incumbent governor to announce his candidacy, became the eighth announced Democratic candidate. At least two more are expected to enter before the

end of the year. Shapp, 63, predicted he will overcome obscurity by talking "common sense" about the economy.

He said massive new federal spending—along the lines of bond programs used to build the nation's highways—was needed to stimulate the economy and end high unemployment.

"It is incredible that we tolerate a condition where millions are unemployed and underemployed when there are so many unmet needs across the land," he said.

Shapp said he would enter primaries in New Hampshire and several other New England states and might enter primaries in Ohio, Wisconsin and New York.

ROTC enrollment shows little growth

Enrollment in UNC's two ROTC programs has shown little or no growth over last year, according to ROTC officials.

The Naval program has shown a small increase, having 41 students enrolled this semester, said USN Capt. Laurence Moore, director of the Naval program.

The Air Force ROTC, which is also the Department of Aerospace Studies, is basically the same size as last year, USAF Capt. Hoke Wilder said. Fifty-two cadets are enrolled in the general military training program and 40 in the Professional Office Corps.

Competition for scholarships is on a nationwide basis. Scholarships are offered for four years in the Naval program and for two to four years in the Air Force program. The Navy and Air Force determine how many scholarships will be offered each year, Wilder said. Such scholarships pay full tuition, fees and book costs.

In addition to the scholarship programs, non-scholarship positions are available in both Air Force and Naval ROTC programs. These positions, like the scholarships, pay for the cost of uniforms, ROTC texts and a \$100 per month stipend for juniors and seniors.

Completion of the Naval program leads to

a reserve officer's commission with a minimum service obligation of three years, Moore said. Students who are awarded National Scholarships receive an officer's commission and must serve a minimum of four years in the Navy.

Wilder said finishing the Air Force program leads to a reserve commission with a minimum service requirement of four years.

An air force cadet can also qualify for

undergraduate pilot training, a year-long program taken after graduation, he said. After completing the program, the cadet receives a reserve commission with a minimum service obligation of five years.

Wilder said the Air Force does not operate an officer's candidate school now and that the only way to get a regular officer's commission in the Air Force is to graduate from the Air Force Academy.

—Dwight Ferguson

Two SG positions filled

A new student information director and an executive assistant were appointed Tuesday by Student Body President Bill Bates while the position of Student Government executive secretary remains open.

Bryant Phillips, a junior journalism major from New Bern, has been chosen new executive assistant to replace Billy Richardson who resigned last week following disputes within Student Government.

Phillips, former student information director, was general manager of *Summer Life*, a summer Student Government

publication. In his new position, Phillips will coordinate staff assignments and advise the president.

Zapp Jennings, a senior journalism major from Louisville, Ky., will replace Bryant as student information director. As information director, Jennings, a Campus Governing Council representative, will promote Student Government activities through area media, Bates said.

Students interested in applying for the executive secretary position should sign up in Suite C of the Union, or call 933-5203 or 933-5200 for an interview appointment.

Working hours are noon to 5 p.m. weekdays, with starting pay of \$2 to \$2.50 per hour. Experience in typing and using office machines will be helpful.

Governors to choose Chancellor

The University of North Carolina Board of Governors will meet in special session in Raleigh today to choose a new chancellor for N.C. State University.

The 32-member board will meet at 2 p.m. in the N.C. State Student Center.

UNC President William C. Friday is expected to recommend Dr. Joab L. Thomas, currently vice-president for student affairs at the University of Alabama, for the post.

The meeting is a special session called primarily to approve the selection for the new chancellor, although two finance matters are also scheduled to come before

the board.

One will involve a \$25,000 allocation to the North Carolina Central University Law School. The allocation, which will be transferred out of another section of the consolidated university budget, will be used to hire one additional faculty member and purchase library materials for the school.

A bond sale for construction of a new gymnasium at UNC-Wilmington will also be considered.

At the end of the meeting, the board is scheduled to move into executive session to hear a report from the Committee on Personnel and Tenure.

Vets seek extension of benefits

The Carolina Veterans' Club is campaigning to gain support for a bill currently before the House of Representatives which would increase from 36 to 45 months, the length of time a veteran can receive federal benefits while attending graduate school.

The Veterans' Club will operate a booth in the Pit Tuesday where veterans and other interested people can sign letters supporting the bill. The letters will be sent to the students' respective congressmen.

Other action being taken by the Veterans' Club on behalf of the bill includes sending a

letter to campus veterans' advisers throughout the state urging them to support the bill on their campuses.

The bill was unanimously reported out of the House Veteran Affairs Committee Sept. 9. The bill is being sent directly to the full House, bypassing the Rules Committee, which normally sets debate rules for bills before they reach the House floor. This usually indicates widespread support for the bill among representatives.

The bill will reach the floor Oct. 6 with action being taken by Oct. 9.

UNC student found dead

A UNC student was found dead in his Alexander dormitory room Thursday morning after he apparently died of natural causes while sleeping.

Chapel Hill Police Chief Sidney Hilliard identified the victim as Harry Etheridge, 21, a senior from Wilson, who lived in 307 Alexander.

Etheridge's roommate Randy Goodnight discovered the body when he tried to wake him up for classes Thursday.

Goodnight told police that Etheridge ate a ham sandwich and drank a couple of beers at approximately 1:30 a.m. and then went to bed.

Goodnight said he heard Etheridge breathing heavily and kicking his legs around 3 a.m. but thought his roommate was "having a bad dream or something."

When Goodnight tried to awaken Etheridge around 10:30 a.m. he was dead. The exact time and cause of death are still unknown. Hilliard said an autopsy is not yet complete but that Etheridge apparently died of natural causes.
