The random-selection method of room sign-up will be used to determine who will be assured space in University housing for the 1977-78 academic year, the Housing Department announced Thursday.

While the process will be the same as last year, this year the students will be required to pay a \$75 prepayment rather than \$50, as in past years.

According to Peggy Gibbs, assistant to the director for housing contracts, the \$25 increase resulted from suggestions by the newly formed Housing Advisory Board. The faculty-student group was formed last fall to offer suggestions for improving the University's residential programs.

24 hour answering service.

"The idea was to make students take a serious interest in living in University housing," Gibbs said. "We're trying to give people more incentive to cancel their contracts early if they are contemplating canceling at all. That way we can

get the students off the waiting lists sooner." Of the \$75 prepayment, \$25 will be credited to fall semester rent and the remaining \$50 to spring semester. The entire \$75 will be refunded to applicants who cancel prior to being assured of

Students assured of housing at the time of signup and canceling before June 15 will receive a \$25 refund. Student assured of housing and canceling after June 15 will forfeit the entire \$75.

While not without its shortcomings, the random-selection method (drawing names out of a box) at least eliminates the need for lines. The benefits of having no lines make the randomselection procedure more desirable than any other the department can perceive, according to Gibbs. "We're fully convinced our system is the best for Carolina," Gibbs said.

Gibbs noted that the results of a survey conducted among other Southern universities with enrollment over 10,000 were considered in determining the optimal procedures for Carolina

"A lot of schools give priority to upperclassmen, but then those schools don't require that freshmen live in a dorm their first year as we do here," Gibbs

In order to provide the number of spaces needed for the incoming freshmen class, quotas, established on an individual dorm basis, limit the number of present residents who can return to their building the next year.

"The quotas must be established on a per-dorm basis so that every student has the same opportunity to return regardless of how many students are returning," Gibbs said. Of the 6,528 spaces available in University housing, 56 per cent must be allowed for returning students.

Ten dollars is cheap for a football ticket to the Notre Dame game. Prices for tickets to the ACC Basketball Tournament have been scalped for more than \$100, a practice

which the Legislature may make legal for the first time in 36 years. Important dates for housing

Outlawed since 1941 Will scalping be legal?

State Sen. William G. Smith, D-New Hanover, has introduced a bill which would make it legal to sell tickets to athletic events privately at prices higher than the normal value. The bill easily won committee approval Tuesday morning and goes to the floor for a vote today.

The law would make it legal to "scalp" tickets to athletic events.

"All it does is repeal the law that makes it a misdemeanor to sell a ticket to an athletic event at a higher price than normal," Smith said Tuesday.

He said he did not know what chances the bill has on the floor but said that the bill received strong support in the committee. Smith said he wanted to repeal the law

against scalping because Att. Gen. Rufus Edmisten had told Smith that it is virtually immpossible to enforce the present law against scalping, which was passed in 1941.

Wednesday, February 9, 1977 / The Daily Tar Heel / 3

Nobody could be reached to confirm a story that has circulated behind the scenes in the legislature, but rumor has it that the original law was passed in 1941 after a group of legislators attending a Wake Forest-N.C. State basketball game were unable to get tickets beforehand and were forced to buy from student scalpers,

Upset at this inconvenience and extra expense, the lawmakers decided to make the practice illegal.

BSM backs Moss, Fulwood

The Black Student Movement (BSM) endorsed Bill Moss for student body president and Sam Fulwood for Daily Tar Heel editor Monday night following a meeting with the candidates.

"We considered him (Moss) to be very realistic in what he had to say," said Allen Johnson, BSM Central Committee member and editor of Black Ink. Johnson said candidates have a tendency to bend over backward trying to please the BSM.

"Moss was very honest and straightforward," Johnson said.

Johnson also said Moss' proposal to organize students on existing committees appealed to BSM members.

In endorsing editors, Johnson said there were two well-qualified candidates, Greg Porter and Sam Fulwood.

"We were particularly impressed with Sam's idea of a sixth issue," Johnson said. He added that the BSM felt that the expanded beat system Fulwood proposes would be beneficial to the organization.

The endorsements were determined by a vote of the BSM Central Committee.

Correction

The Daily Tar Heel incorrectly reported Tuesday that Robert Lyman, Blue Sky Party candidate for Student Body President, had made proposals that were self-admittedly not serious. Lyman maintains that he is just as serious about his platform as the other candidates are about theirs.

Wants NCSU ticket system

Mason in running for CAA

Gary Mason, a candidate for president of the Carolina Athletic Association (CAA) could not be reached for comment Monday, and therefore, his campaign platform was not included in the Daily Tar Heel article

West Minton and David Royle are also running for CAA president.

Mason, a junior history and political science major from Rocky Mount, says he will work to change the UNC basketball ticket-distribution system if he is elected.

modeled after the alphabetical system used at N.C. State University. Faculty members also would be given tickets under this system, he said, adding that the ticket allotments for alumni would not be changed.

would be guaranteed tickets to at least three home games, one of which would be a major big four contest. Mason says he will also work to increase

Under his proposed system, each student

the funding and facilities for both women's and club sports. He also plans to preserve Mason said the present system for homecoming and says he will keep regular distributing tickets is unfair and should be office hours to keep in contact with students.
