First date in November

National Teachers Exam administered

Students completing teacher preparation programs and advanced degree candidates in specific fields may take the National Teacher Examinations on any of three different test dates in 1978-79. Educational Testing Service, the non-profit, educational organization that administers this testing program announced Monday the tests will be given Nov. 11, 1978, Feb. 17, 1979 and July 21, 1979 at test centers throughout the United States.

Results of the National Teacher Examinations are one of several factors in the selection of new teachers and used by several states, including North Carolina, for giving credentials to teachers or licenses to advanced candidates. UNC requires all seniors preparing to teach to take the examinations.

On each full day of testing, registrants may take the common examinations, which measure professional preparation and general educational background, and an area examination that measures mastery of the subject they expect to teach.

Prospective registrants should contact the school systems in which they seek employment, their colleges or appropriate educational association for advice about which

examinations to take and when to take them.

The "Bulletin of Information" contains a list of test centers and general information about the examinations, as well as a

registration form. Copies may be obtained from the Career Planning and Placement office or directly from National Teacher Examinations, Box 911, Educational Testing Service, Princeton, N.J. 08541.

Campus Calendar

Public service announcements must be turned in at the box outside the DTH offices in the Carolina Union by 1 p.m. if they are to run the next day. Each item will be run at least twice.

housing

Orange County's strict sewer-allocation policy, the area's history of water problems, etc., etc., etc.

All of this is no comfort, of course, to the students who this year are tripled in double rooms or living 15 miles from campus. The crunch is here, and it will stay until some of the policies that are preventing new construction, either on or off campus, are changed.

Part 2: Proposed solutions to the housing shortage.
