'Little Mary' lets the sun shine in

By BOB ROYALTY
Staff Writer

Any fan of musical comedy, spoofs and good songs will enjoy the UNC drama department's current production, *Little Mary Sunshine*. The play, a parody of melodramatic, soupy musicals of the turn of the century, premiered in 1959 in a crowded Off-Broadway theater and will run at 8 p.m. today, Friday and Saturday at Paul Green Theatre.

Little Mary Sunshine, written by Rick Besoyan, would be difficult to enjoy unless one realized that although the characters onstage seem sincere, we are supposed to be making fun of them. The success of a production of this play depends on the sincerity of the actors; the production at Paul Green theatre, directed by Dan Scuro, is successful.

Theater

Because it is in a different genre than other great American musicals, such as *OklaHoma!*, *The Fantasticks* and *Sweeney Todd*, *Little Mary Sunshine* cannot be compared with them. It stands on its own as an enjoyable celebration of satire.

The plot of *Little Mary Sunshine* is not the most crucial element of the play, which is propelled by the introduction of characters. The action takes place at Little Mary's Colorado Inn, which hosts one of the most unlikely mixtures of guests imaginable. There is a troop of forest rangers, led by the fearless Captain Jim and his corporal, Billy Jester; a bevy of maidens from the Eastchester Finishing School; a retired general; a retired opera singer and assorted Indians. Love, of course, is the motivating factor at the finale there are 15 couples onstage.

Megan Macknee, a sophomore from Chapel Hill, does an admirable job in the central role. Little Mary cannot be overplayed or underplayed; she must be "the epitome of

innocence—sincerely innocent," as Macknee described her. Macknee's performance is sincere, subtle and one of the high points of the show.

Shelley Pritchett, the attractively naughty Nancy Twinkle, and Jody Parker as Billy Jester also give noteworthy performances in comic roles.

The rest of the performers do well, and the chorus seems manageable. In some instances, the production is too subtle and some humorous parts are not brought out well. This is especially true with Michael Prigen as Madame Ernestine.

Fine choreography by Joy Javits is a primary reason for the success of *Little Mary*. The execution is not the most precise; however, the dancing enhances and does not break up the play. A pitfall in many musicals is the interruption of the action for an unnecessary dance. The first entrance of the Forest Rangers, the song "Mata Hari" and the courtship scene between Nancy and Billy are good examples of the supportiveness of Javits' choreography.

Although the music is good, the singing, unfortunately, is not very strong. The chorus has a good tune, but most of the solo voices are plain. There are some good voices—Macknee's and Rick Blanks' as General Fairfax. Besoyan's rhymes are horrendous, but that only makes the songs funnier.

The versatility of the Paul Green Theatre is exhibited in this production. *Little Mary* was not written for a thrust stage, but Scuro's staging is quite adequate. Although a character may have his back turned for a moment, he soon faces the audience again.

The costumes, done by Carol Vick, are very pretty and stand out especially well in the finale, when the stage is alive with color. McKay Coble-Randall's set is fairly simple, but includes a picturesque backdrop of the Colorado Rockies. The inn and an Indian teepee, the major props, are versatile and allow for reasonably smooth scene changes.

Although *Little Mary Sunshine* makes fun of musicals, in another way it affirms the power of America's most original art form. The charm is there—we believe. People can fall in love in just a song. Reality, thank goodness, is far away.

The bus saves you money. The latest figures say it costs 38¢ every mile you drive your car. Meanwhile, the bus fare is just 30¢ a ride, no matter how far you go. A bus pass can cut that cost below 20¢ a ride. That difference can amount to a heap of money, without making a heap of your car. Or yourself. Just imagine... you can take your eyes off the road. Read the paper. Study. Or serenely contemplate the four-wheel world below. Add it up. The bus is safe, comfortable, convenient and cheap. That's more than a good ride. That's a good deal. So be a miser. Let the bus wrap a tight fist around your transportation dollar.

SAVE YOUR CAR. SAVE YOUR MONEY. TAKE THE BUS.
