

Model UN Club wins awards

By **BILL STUDENC**
Staff Writer

A delegation from the UNC Model United Nations Club recently attended a conference held at the University of South Florida at Tampa and returned with an award for the best delegation.

Club president Stephen Stock, a sophomore and one of the two delegates, also received the best delegate award. He and freshman Heather Asby went as the delegation from France.

The club, sponsored by Claudio Cioffi-Revilla, a political science professor, meets with clubs from other colleges and simulates the proceedings of the United Nations.

"We're play-acting," Stock said. "We take the role of the nation we're assigned to and look at its best interests. We come up with treaties and try to solve the problems facing our nation and the model world."

At the Florida conference the delegation held simulated SALT negotiations in which all nations, not just the United States and the Soviet Union, took part. "We successfully negotiated a treaty," Stock said. "We sent it to Washington for Ronnie to consider, but it will probably end up in the can. It's a little too simplistic."

The club also is involved with establishing international awareness throughout the university community. "We're

trying to project the idea that America isn't the only country in the world and to present the other countries' views concerning world peace and security," he said.

UNC-MUNC, as the club is called by its members, also sent a delegation to the prestigious conference at Princeton in February, at which Carolina students Charlie Madison, Adrienne Meddock and Steve Scher won runner-up delegate awards.

A high school level simulation was sponsored by UNC-MUNC during January. Schools from all over North Carolina, South Carolina and Virginia sent delegates to that conference.

Stock said that UNC-MUNC was invited twice to participate in a national competition in New York but that a lack of funds prevented them from going.

"We are not funded by CGC (Campus Governing Council), though we are an officially recognized organization. We have to raise our own money," he said. "We're hoping to get funding this year."

UNC-MUNC is a relatively new club at Carolina — only four years old. The club now has eleven active members, almost tripling the membership from last year. Stock hopes to double the membership next year, and then keep it at a steady level.

Stock also hopes to obtain office space in the Carolina Union. "A centralized office will greatly increase the efficiency of the club," he said.

Food service talks extension desired

Recommendations for improving food service facilities on campus and suggestions for funding these renovations should be extended past the April 30 deadline, representatives of various student organizations said at the last scheduled Food Service Advisory Committee hearing Wednesday.

"The April 30 deadline is too short of a notice for students," Residence Hall Association President Robert Bianchi said. "The average student is not aware of the magnitude of what (a recommendation) means. We're talking about major capital improvements here."

Student Body President Scott Norberg said, "Before you make any hard decisions you must do a thorough job of informing students about the hearings. There hasn't been enough publicity."

He also recommended holding a student referendum before any proposal was adopted.

Representatives from the Interfraternity Council, the Panhellenic Council, the Campus Governing Council and the Student Consumer Action Union also recommended an extension of the deadline.

"It seems like the recommendation is trying to be rushed through all of a sudden," SCAU Food Quality Chairperson Bill Watts said. "Students have so many other obligations this week that many can't make the hearings."

The office of the vice chancellor of business and finance, which oversees ARA operations, requested last October that the committee recommend the type of food facilities the University should have over the next ten years, committee chairperson Douglas Elvers said. Committee members said larger kitchen facilities were needed before the quality of food or employee morale could be improved.

"The committee is not looking for a new contractor. ARA is just limited by

our facilities," student committee member Beth Gregg said.

To improve the problems of long serving lines, cramped seating and inadequate kitchen facilities in the three cafeterias and to increase the patronage at Chase Cafeteria, the committee proposed five options.

Ranging from \$400,000 to more than \$3 million in renovation costs, these options include closing the Pine Room and renovating the first or second floors of Lenoir Hall into dining-serving areas; renovating Lenoir Hall, closing the Fast Break and converting the Pine Room into a fast foods cafeteria; renovating the kitchen and dining areas of the Pine Room; and converting Chase Cafeteria into a fast food operation.

The committee reported that the best way to fund renovations would be from a general student fee increase from \$2.30 to \$20.50 per year for 30 years or from a mandatory student meal plan. Alternate means of funding have not been ruled out, Elvers said.

Gas prices increase; supply good

By **TRACY FORD**

If you're planning to fill your car up with gas in Chapel Hill before leaving on that trip to Florida, you'll have to pay an average of 6 cents more per gallon than you did on Feb. 6.

That was the date of *The Daily Tar Heel's* last monthly survey of prices at gasoline stations in the Chapel Hill area.

Though area service station managers said that gasoline supplies are plentiful, prices on regular, unleaded and premium gas, both self- and full-service, rose during the month at every station surveyed this week. (The Etna station on East Franklin Street was not included in last month's survey.)

In addition, the 6-cent rise in gas prices from February to March was double the approximately 3-cent rise from January to February noted in last month's survey.

None of the stations' managers questioned Monday would venture an answer as to why gas prices have risen so much.

"All I know is that (the oil companies) raise my wholesale prices and I have to raise my prices at the pump," said Etna manager Bobby Blake.

In February, the lowest prices on self-service regular (\$1.18.9) and unleaded

(\$1.21.9) were found at the Pantry on Jones Ferry Road in Carboro. This month the lowest self-service regular and unleaded prices, \$1.26.9 and \$1.31.9 respectively, were found at Walker's Gulf.

Etna tied with Walker's for the lowest self-service regular price at \$1.26.9.

The lowest price on self-service premium, \$1.37.9, was also found at Etna. In February, the Happy Store had the lowest self-service premium price at \$1.26.9.

In this month's survey, full-service prices were an average of 10 cents higher than self-service prices, with full-service regular 12 cents higher than self-service, and full-service unleaded 11 cents higher

than self-service, and full-service premium 8 cents higher than self-service.

The lowest full-service prices on regular and unleaded were found at Tar Heel 66 in both February and March. The March prices were \$1.38.9 and \$1.43.4 for regular and unleaded, compared to \$1.26.8 and \$1.30.8 in February.

The lowest full-service price on premium was found at Brinkley's Eastgate Gulf in both February and March. The March price was \$1.47.8, the February price \$1.40.9.

Full-service unleaded showed the biggest rise from the February survey. It went up an average of 7.8 cents at the stations surveyed.

"WHY DO THE HEATHEN RAGE?"
Psalms 2:1 and Acts 4:25

"WHY DO THE HEATHEN RAGE?" Why? what is the cause? It is to get rid of the Government of God, His King, His Moral Law, His Ten Commandments: "To break the bands, cast away the cords" of restraint the Almighty has thrown across our paths to hold us back from damning ourselves, children and posterity in time and eternity!

WHAT ARE THE CONSEQUENCES OF THE RAGE OF THOSE WHO DO NOT BELIEVE IN THE GOD OF THE BIBLE? "HE THAT SITTETH IN THE HEAVENS SHALL LAUGH. THE LORD SHALL HAVE THEM IN DERISION: THEN SHALL HE SPEAK UNTO THEM IN HIS WRATH, AND VEX THEM IN HIS SORE DISPLEASURE." Psalm 2:4, 5.

The writer has been asked more than once the purpose of these articles. Thought it had been made plain, as a personal Christian witness. The above Scriptures give the basis and inspiration for these articles.

Today we are asking: Why the rise in Communism? Why the race situation? Why the labor troubles? Why the youth rebellion? Why the horrible breakdown in the family and moral life? Why the crime, the lawlessness, rebellion, and anarchy just about all over the world? All the answers are in the above Scriptures and they come from God Almighty Himself, though we may not find them and the way out on account of unbelief.

HERE'S ANOTHER DANDELION... GIVE IT A "POOF!"

POOF!

POOF!

SORRY... I DIDN'T KNOW THEY EVER "POOFED" BACK.

WHY'S ZERK HONEY? GOOD NEWS, HE LEFT.

HE LEFT WHY, THAT'S GREAT! WHAT HAPPENED? DAVE'S COMING TO VISIT ME. APPARENTLY, THEY'VE HAD SOME SORT OF FALLING OUT.

I CAN'T SAY I'M SORRY HE'S GONE. I DON'T WANT TO SHARE THE ATTENTION OF MY LOVED ONE.

OH, DO YOU WANT ME TO MOVE AROUND THIS... NO, NO, I MIGHT NEED YOU. AFTER A YEAR IN CAPTIVITY, HE MIGHT BE A LITTLE FRISKY.
