FBI to question suspect in Atlanta killings

BEACON, N.Y. - A New York City man has been arrested for the alleged abduction of a 9-year-old boy and will be questioned by the FB1 about the killings of 20 black youths in Atlanta, police said Thursday.

When arrested Sunday, Frankie Edmonds, who lives in Queens, was driving a yellow van rented in Georgia with Georgia license plates, said East Fishkill Town Police Chief

Edmonds was ordered held in lieu of \$25,000 bail on charges of unlawful imprisonment and endangering the welfare of a child, Criscolo said. Edmonds and the child, who was not identified, are both black.

Officers said Edmonds had served time in prison, but they did not know for what

offense. The task force investigating the Atlanta deaths and disappearances and the FBI

were notified of the arrest by town police. The FBI in New York City called to say that agents would interview Edmonds about the Atlanta cases, Criscolo said. Atlanta Police Commissioner Lee Brown said Thursday the task force would leave

the Edmonds inquiry to the FBI, adding, "At this point we're just following up another

WASHINGTON — Alexander M. Haig Jr., said Thursday "the obituary is wrong" as to his tenure as secretary of state, and he and President Ronald Reagan remain of one mind on foreign policy despite their dispute over George Bush's crisis management role.

The Bush appointment, announced by the president late Tuesday over Haig's objection, amounted to "a subject of form," the secretary said. "The problem is to get on with the subject of substance."

A night earlier, Haig's aides - who asked not to be identified - portrayed him as "very upset and sulking" and said they were unsure whether Haig would stay on the job, despite

Haig denied that he had threatened Reagan with resignation, but sidestepped questions from reporters as to his future. Instead, he joked that "somebody told me I looked 'Bushed' this morning, but I'm not sure what he meant," when he was asked about the possibility of stepping down.

And Haig told the Senate Appropriations subcommittee on foreign operations that now that Reagan has made his decision, "the time has come to get on with the conduct of foreign policy," but he did not explain whether he thought that good or bad. catcher Rick Cerrone driving in runs with

News In Brief

Bill gets House approval

WASHINGTON (AP) - The House gave swift passage by voice vote Thursday to the administration's bill to scrap an April 1 boost in dairy subsidies. It sent the bill back to the Senate so that chamber could complete enactment

on the first of President Ronald Reagan's spending cuts slated to clear Congress. The Senate already had approved a similar bill.

The administration said eliminating the April 1 increase in dairy product subsidies would save the government an estimated \$147 million, and also would spare consumers from paying an extra 7.5 cents for a gallon of milk, a dime more per pound of but er and 9 cents more for a pound of cheese.

Reagan won an 88-5 victory in the Senate on Wednesday, despite earlier skirmishes which had twice delayed the vote.

WASHINGTON (AP) - The Democratic-controlled House, told that budget austerity begins at home, voted to trim its own spending Wednesday, but by half as much as Republicans wanted.

\$3.3-million package of reductions offered by House Democratic leaders, for an overall \$39.6 million pricetag.

Speaker Thomas P. O'Neill, D-Mass., and Majority Leader Jim Wright, D-Tex., orchestrated the middle-ground series of cuts in a move to keep conservative Democrats from breaking rank and joining the Republican minority.
