Theriot: ticket distribution to help dorms

By R.L. BYNUM DTH Staff Writer

If you got tickets in your dorm's block last year and found you were among

strangers, you weren't alone. Many students would hear which block had the best seats and would ask for them

no matter which dorm they lived in. "It really took away from the real point of having block seating for groups," said Carolina Athletic Association President Steve Theriot, who is offering dorms a voluntary token system that he hopes will curb the problem.

"Last year people would call and reserve block seats, but this year you must reserve a block in person. We are encouraging each group to get a stamp that is unique to their group, give the ticket copies to the group. People will be able to get two tickets for every card," Theriot

"We want to preserve the benefits of block seating. Abuse of dorm blocks was pretty widespread, frats weren't really hit that hard," he said.

Theriot, who will be sending memos to campus groups this week on how to participate, says that dorm officers could buy a stamp for seven or eight dollars, distribute index cards to residents, asking them to laminate the stamped cards.

"If 75 percent of the dorms don't participate, I'll be disappointed," he said. Theriot says that the placement for block seats will still be the same because

to give the best seats to blocks. For most games, distribution will be the same as last year, with block reservation

on Monday, block distribution on Tuesday and regular distribution on Wednesday and Thursday. The ticket office will be open from 8 a.m. until 6 p.m.

Because there are no classes the Monday before the East Carolina and South Carolina games, block reservation will be on those preceding Fridays.

Theriot said that the Athletic Department would continue to enforce the rule not allowing a student to get a non-student into a game.

"We will keep a file of all of those people that were warned the first time, and if they are caught again, they will be taken to honor court," he said.

Theriot is also trying to set up charter buses to the away games in Maryland, Virginia and Georgia Tech, that would be complete with kegs.

recruits will see varsity action this season, the freshmen form a solid nucleus for the future, UNC coach Dick Crum said.

"It looks like we have a good group. We are satisfied with our recruiting, especially in-state," Crum said. "But we don't like to put playing pressure on them immediately. Statistically, it is not impossible that a freshman will start or play a great deal but it is highly improbable."

Only nine freshmen are from outside North Carolina.

Crum said the coaches are looking at all the freshmen, who arrived in town four days before upperclassmen, but he would

not say if any stuck out of the crowd. Quarterback Ethan Horton and bro-
