

Party chairman praises college Democratic group

By LEISHA PHILLIPS
DTH Staff Writer

College Democrats have a vital role in the future of state politics and in the North Carolina Democratic Party as the party prepares for the 1982 General Assembly elections, Sen. Russell G. Walker, D-Randolph, and chairman of the N.C. Democratic Party, said in a speech here Tuesday night.

"It's been a tremendous 50 years of progress (for the Democratic Party) and if you know the history, you can tell it and help get the Democratic Party back on track," he told members of the UNC Young Democrats.

One of the party's main concerns is that many of the state's young people are switching to the Republican Party, Walker said. "They're not seeing the great things

the Democratic Party has done for this nation and now we're seeing much of it being dismantled," he said.

Because the majority of registered voters in North Carolina were senior citizens, Walker emphasized the need to reach the younger population. "We've got to get our young people interested. You got the 18-year-old voting privilege in '72 and I'm not sure it has been taken advantage of as it should. You can get your friends interested in it," he said.

Walker also pointed out the need to monitor what he called misleading ads which have been printed and aired by the Republican Party and organizations such as the Committee for the Survival of a Free Congress.

"We know certain congressmen are going to be targeted and ... we've just got to counteract that kind of thing," he said.

Walker called for college-age Democrats to aid in registration and campaigning. He said the Democratic Party would never be able to raise as much campaign money as Republicans can raise.

"But we've got something they don't have," he added, "people like you in grassroots organizing. And no other county like Orange County organizes to get the Democratic vote."

The party's main emphasis in 1982 will be winning back some of the 24 Republican seats in the N.C. House lost in last year's election, Walker said. "Since there is no gubernatorial or national elections, we can concentrate on the legislative and congressional branches," he said.

"1982 is a year we need to be serious about."

News in Brief

Union stage one-hour strike

WARSAW, Poland (AP) — Solidarity workers by the millions struck across Poland for an hour Wednesday, singing the national anthem and waving red and white flags. Communist Party chief Wojciech Jaruzelski demanded an end to the protests, and his army indirectly warned of Soviet intervention.

Jaruzelski, a general who is also defense minister and premier, spoke to the party's Central Committee hours after the strike ended at 1 p.m.

"Our national anthem, revered by generations ... has become an accompanying tune to various strikes and protest actions," he said.

"Poland has not yet perished — but it is perishing. There remains little time. This blockade must be lifted," Jaruzelski said.

Blood-type breakthrough reported

NEW BRUNSWICK, N.J. (AP) — Researchers say they changed one type of blood into another using an enzyme from green coffee beans, a development that could help eliminate periodic shortages of blood.

Using the enzyme, researchers changed Type B blood into Type O, the universal donor type that can be transfused into virtually any patient, according to Dr. Mercy Kuriyan, medical director of New Jersey Blood Services.

Because Type O can be used by almost any patient, the ability to change other blood types into the universal donor type would allow blood banks to juggle the supplies on hand to meet any needs, said Jack Goldstein, chief investigator of cell biochemistry at the blood center.

OPEC meets to set prices

GENEVA, Switzerland (AP) — The world oil cartel, convening its second meeting in three months today, is expected to fix base crude oil prices that analysts say would slightly increase the cost of fuel and heating oil in the United States.

"The way is paved to reach the target," said Iraq's Tayeb Abdul Karim, one of 13 Organization of Petroleum Exporting Countries ministers arriving for the special pricing session. "We are very near to each other, so nothing can prevent us from reaching a unified price."

Several OPEC sources said the ministers, who adjourned a meeting here in August without agreeing on a unified price structure, would go along this time with the \$34-per-barrel base price pushed by Saudi Arabia. The current OPEC base price, set in December 1980, is \$36 a barrel.

Position for U.N. still undecided

UNITED NATIONS (AP) — Two more ballots Wednesday failed to break the deadlock between incumbent Kurt Waldheim and Tanzanian Foreign Minister Salim Ahmed Salim, but well-placed sources said the voting trend favored Waldheim in the contest for U.N. secretary-general.

But after six rounds of secret balloting over two days, the 62-year-old former Austrian foreign minister remained blocked by a veto, apparently cast by China.

Cellar Door position open

Applicants for the position of business manager of the Cellar Door should leave their applications, along with three letters of recommendation, in the Media Board box in the Union by Friday Oct. 30. The Media Board will conduct interviews at their next meeting on Monday Nov. 9.

profile From page 1

week as attorney general hasn't been easy. Carpenter, who carried a 3.68 grade-point average into his last year, plans to attend law school next year. At Carolina, he is also a voting member on the Chancellor's Committee on Student Conduct and a member of the Senior Class Committee.

"My first concern when I got here from day one has been my education," he said. "I used to say it was my academics, but it's my education more than my academics. Through this position and being involved with the honor system, I've gained a portion of education that there's no way I could have gained from a book."

Neither rain, nor sleet, nor snow, nor hail can keep The DTH from UNC. Look for it in the 40 drop-boxes across campus.
