

# Great Decisions program focuses on world issues

The first in a series of eight discussion sessions called Great Decisions '82 will be held in the Carolina Union auditorium at 4 p.m. today.

Great Decisions is an eight-part discussion series on foreign policy sponsored nationally by the Foreign Policy Association of New York, a non-profit organization which hopes to increase public understanding of American foreign policy issues.

Locally, the Great Decisions '82 program is sponsored by the Association of International Students, the Baptist Student Union, Campus Y, the International Association of Students in Economics and Business Administration, the International Center, the Model United Nations Club, the Office of International Programs and the Orange County chapter of the U.N. Association.

The series will run for eight consecutive weeks with the exception of the week of Spring Break. The first week's presentation is "America's Defense: What Price Security?" Panelists for the discussion will be Dr. Robert Rupen, professor of political science, Dr. Steven Rosefield, associate professor of economics and Dr. Dietrich Schroeder, professor of physics.

Other subjects to be covered in the following weeks include American allies, Central

America, the Palestinians, the world's resources, global inflation, Poland and Japan. The series is open to the public and there is no charge.

WUNC-FM radio, 91.5, will be airing the same topics at 6:30 p.m. on Tuesdays for National Public Radio. The broadcasts will feature different panelists from the discussion sessions and will run for eight consecutive weeks.

COLLEGE STUDENT WANTS TO SHARE MONEY MAKING PATENTED INVENTION!

In the last four years I have grossed \$50,000.00. The amazing thing is that I'm having fun making money. I do not have a clock punching job. I sell my invention in my spare time, mostly on week ends. My invention is called the WHAMMER JAMMER. It's like having a super boomerang, one that works anytime, without knowing how to throw it. Don't misunderstand me my WHAMMER JAMMER does not look like a boomerang, it has an entirely different design and it works better.

It's two airplane wings crossed in the middle. It works so good, when you throw it, it becomes weightless and flies.

You throw it straight away, low and hard, holding it straight up and down. The WHAMMER JAMMER goes out about 20 or 30 feet takes flight and circles and comes back.

I told you I grossed \$50,000.00 in the last 4 years just having fun.

I really don't try selling the WHAMMER JAMMER. I go to places where there's lots of people, sporting events, on campus, museums, vacation spots and other recreational activities.

When people see the WHAMMER JAMMER fly they come over to me and ask about it. I sell them for \$5.00 a piece.

The best day I ever had was 110. It's not unusual to sell 30 to 40 in 3 hours.

Like I said I really don't spend a lot of time doing this. The money is good and it's putting me thru college.

The idea of my sharing my invention came to me when my father was talking to a man about marketing another product.

It's been good to me and other students could make some extra money too. It's putting me through college and I don't have to tell you how hard it is getting money, particularly in your spare time, when you want to and having fun doing it.

In fact there are other students doing the same thing. No one has grossed \$50,000.00 in four years but me. They have only been doing this a short time but never the less they are selling them. I'm not trying to get you to spend a lot of money buying the WHAMMER JAMMER, so you can get into your own business, it's up to you.

You can send for 2 WHAMMER JAMMERS for the suggested retail price of \$5.00 a piece. Send \$10.00 you will receive 2 WHAMMER JAMMERS and all the information about quality purchases and how to demonstrate the WHAMMER JAMMER.

I have a buy back policy, if you are not satisfied and cannot sell them, I will buy them back at the price you paid.

So you see you have nothing to lose, not even your original \$10.00. If you are not satisfied and the WHAMMER JAMMERS are not damaged I will refund your money upon receiving whatever you purchased.

Send \$10.00 plus postage and handling charge.
