

Topic is toxic waste

Seminar set for Friday

By PAM DUNCAN Staff Writer

"Toxic Waste Disposal in North Carolina: Where Are We Headed?" is the topic of a seminar on occupational and environmental health to be held on Friday, March 19 from 1 to 2:45 p.m. in 105 Berryhill Hall.

Carolina is an attractive area for chemical industries, such as the microelectronics industry, to locate," Sheline said. Speakers at the seminar will be Don Huisling from Gov. Jim Hunt's office, Bill Meyer from the N.C. Solid and Hazardous Waste Management Office, Catherine Cameron from the Tri-County Alliance of Concerned Citizens and Jane Sharp, president of the Conservation Council of North Carolina.

OEHAG is also sponsoring a conference on "Assessing Occupational and Environmental Health Hazards in the South," to be held on Saturday, March 20 from 8:15 a.m. until 4:30 p.m.

The conference will consist of several workshops covering the various topics concerned with occupational and environmental health hazards, Sheline said.

The conference is cosponsored by the American Medical Student Association of UNC and will be held in the Family Practice Center at North Carolina Memorial Hospital. The sponsors are asking for a \$5 donation from each participant for lunch.

Problems hinder nuclear plant

The Associated Press

CHARLOTTE, N.C.—The McGuire nuclear plant may not operate at full power until this summer or early fall because of steam-generator tube wear in three-month old unit, Duke Power Co. officials said Wednesday.

The plant's Unit 1 was taken off line Feb. 26 as part of Duke's steam generator evaluation program, officials said. During the outage, tubes in the four generators were checked and monitoring equipment was installed.

Duke began the program at McGuire after two European nuclear plants with steam generators of similar design began showing premature tube wear.

When the McGuire plant goes back to service, it will be operating at 75 percent power.

The tube problem dealt a severe setback to Duke's plans to make use of the \$960-million unit, which has run only 30 days since Dec. 1.

Duke officials said Wednesday they have found worn places on four metal tubes in one of McGuire's four steam generators.

Film by local independent filmmaker

Local independent filmmaker Nathan David Antila, a graduate student in the UNC department of English, debuts *In Dreams Begin Responsibilities* at 8 p.m. this Saturday in Room 115 of the Ackland Art Museum. Admission is free.

The feature-length, Super-8 film, based on the short story by Delmore Schwartz, boasts a cast from the Chapel Hill area.

Dreams features Robert Gross, a UNC graduate and scholar-in-

residence at the American Theater Company in Tulsa, Okla., and Denise McLemore, a senior from Roseboro. Other cast members include: Alana Teichman, Laura Sumner, Larry Pait, Lamis Faris, Gordon Ball, Glenn Sumner and Kimball King.

NOTICE TO ALL STUDENTS ENROLLED AT THE UNIVERSITY AT CHAPEL HILL

In The Revised North Carolina State Plan for the Further Elimination of Racial Duality in the Public Post-Secondary Education Systems, the following language appears (at Page 152) relating to "Student Organizations":
"It is the policy of The University that all student organizations sanctioned by the constituent institutions shall be open to membership without respect to race. It is the duty of the chancellor and his subordinates on each campus to require that every institutionally sanctioned student organization file with the institution a statement of the organization's non-discriminatory policy. The chancellor or his subordinates, in cooperation with student government, shall take appropriate remedial action, after investigation, where charges of racial discrimination by such organizations are found to be correct."
Further, in the rules and regulations issued by the Department of Health, Education and Welfare for the implementation of Title IX of the Education Amendments of 1972, the following language appears (Section 86.31(b)).
"(In providing any aid, benefit, or service to a student, a recipient (institution of higher learning) shall not, on the basis of sex... (7) Aid or perpetuate discrimination against any person by providing significant assistance to any agency, organization, or person which discriminates on the basis of sex in providing any aid, benefit or service to students or employees;"
As of 8 March 1982 the student organizations listed below have been officially recognized by the University Administration for the year ending 15 September 1982. Recognition is not granted unless the organization files with the Vice Chancellor for Student Affairs a statement of its non-discriminatory policy. Any currently enrolled student may examine the statement of non-discriminatory policy of any recognized student organization by applying at the office of the Vice Chancellor for Student Affairs.
Any currently enrolled student who applied for membership in any recognized student organization, was denied membership, and believes the denial was based in whole or in part on his or her race or sex, should notify the Vice Chancellor for Student Affairs.

I HATE STUDYING TREES! WHAT DO I CARE ABOUT TREES?
YOU SHOULDN'T SAY BAD THINGS ABOUT TREES
WHY? WHAT CAN A TREE DO TO YOU?
DAN, ONE OF THE MOST FASCINATING CHARACTERS OF YOUR BOOK IS ENTITLED "QUALITY TIME." I WONDER IF YOU COULD EXPLAIN THE QUALITY TIME CONCEPT TO US.
FOR SURE, MARK. QUALITY TIME IS THE KIND OF TIME YOU SPEND WITH YOUR KIDS IF YOU'RE REALLY TOO PRESSED TO GIVE THEM THE MORE TRADITIONAL QUANTITY TIME!
BY GIVING A CHILD QUALITY TIME, THAT IS, HIGHLY CONCENTRATED PORTIONS OF FOCUSED ATTENTION, THE BUBBY PRESENT CAN SHAKE VALUABLE HOURS OFF THE TIME REQUIRED TO IMPACT HIS CHILD'S DEVELOPMENT.
SO QUALITY TIME IS BASICALLY A TIME-SAVER.
RIGHT. IT WORKS WITH OLD PEOPLE, TOO, BY THE WAY.
