**For The Serious Photographer Only**

Foister's Asks:

Have you invested over \$500.00 in a 35mm camera and optically top-notch lenses? Do you travel frequently and take high quality photographs of fascinating subjects? Do you use the finest color film in the world, Kodachrome, when subject lighting permits? Do you take pride in making slide presentations to your friends and/or customers of the unique images you have captured?

If the answer to most or all of these questions is "YES", then Foister's thinks you should consider one final question:

"Are you letting yourself and your images down at the final stage by projecting them with a \$100.00 projector through a \$25.00 lens???"

Foister's Camera Store has the E. Leitz & Co. model RT-300 AV slide projector in stock. It features Leitz optics and the brightest, truest color rendition available. You'll see this yourself when we demonstrate it to you side by side with the most popular projectors on the market. Come see the difference so you won't let your images down at the final stage.

**CHINON**  
**35FA II**  
Compact ....  
Convenient .... Automatic!

Now just...  
**\$99.95**

Take the CHINON 35FA II anywhere the action is. This completely automatic 35mm camera is feature-packed for ease of operation.

- Features include:
- \*Sliding lens cover — protects the lens from dust, fingerprints, moisture, etc.
  - \*Auto Focus — Active infrared AF system focuses even in total darkness
  - \*Auto Load — So easy anyone can load the film. No more fuss.
  - \*Auto Wind — Built-in motor advances the film to the next frame — Never miss a picture again.
  - \*Auto Rewind — Completely automatic — No buttons to push — No levers to slide.
  - \*Auto Rewind Stop — Saves on battery drain. Rewind motor automatically shuts off when film is completely rewound.
  - \*Auto Flash — Coupled to the AF system. Take razor sharp pictures even in total darkness.
  - \*Auto Exposure — Accurate and quick responding to subtle changes in lighting.
  - \*Continuous Shutter Release — Keep the shutter release button depressed for action sequences.
  - \*High Speed Film Capability — designed to accept ASA/ISO 1000 film.
  - \*Electronic Self-Timer — Put yourself in the picture. Shutter release is delayed 10 seconds.
  - \*Sharp 35mm F/3.5 lens \*Two Year Limited Warranty
