Drymount, O.K., I mean they put your print on a foam board, for sure, any print you want. It's not big bucks and it won't wrinkle on your dorm wall. So I take Buffy in, O.K., so like she goes crazy, all those great killer prints—she takes a whole week to make up her mind. But it's no problem, ya know, 'cause like the sale is three weeks—awesome, for sure.
