

## Bad Spells

"I suffered, during girlhood, from womanly weakness," writes Mrs. Mollie Navy, of Walnut, N. C. "At last, I was almost bed-ridden, and had to give up. We had three doctors. All the time, I was getting worse. I had bad spells, that lasted from 7 to 28 days. In one week, after I gave Cardui a trial, I could eat, sleep, and joke, as well as anybody. In 8 weeks, I was well. I had been an invalid for 5 weary years! Cardui relieved me, when everything else failed."

# BROWNIES

Frankly, the original Brownie idea was to make a small camera on the Kodak principle that would teach the youngsters to take pictures. This meant making cameras and making them simple, but making them so good that their owners would be enthusiastic.  
The first Brownie made 2 1/4 x 2 1/4 pictures and sold for a dollar. It was made so well that the inevitable happened. Older and bigger Brownies for bigger people simply had to follow. They are made in the Kodak factories under Kodak superintendence by Kodak workmen. Habit with these people means honest workmanship. That's why the Brownie, a low priced camera, has been and is a success.

## "Dr. Miles' Nervine Raised Me From the Grave"

—Mrs. Taylor  
This is a strong statement to make, but it is exactly what Mrs. Thomas Taylor, of Blum, Texas, said in expressing her opinion of this remedy.  
"Dr. Miles' Restorative Nervine raised me from the grave and I have much confidence in it. I can never say enough for your grand medicine. If anyone had offered me \$10,000 for the second bottle of Nervine that I used I would have said 'no indeed!'"  
MRS. THOMAS TAYLOR,  
Blum, Tex.  
Nervous exhaustion is a common occurrence of modern life. The wear and tear on the nervous system is greater now than at any time since the world began. For sleeplessness, poor appetite and that "run down" feeling, nothing is so good as

Your nerves are your life and lack of vital energy makes existence a misery. Dr. Miles' Nervine will tone up your nervous system.
