

My Doctor Said

"Try Cardui," writes Mrs. Z. V. Spell, of Hayne, N. C. "I was in a very low state of health, and was not able to be up and tend to my duties. I did try Cardui, and soon began to feel better. I got able to be up and help do my housework. I continued to take the medicine, and now I am able to do my housework and to care for my children, and I feel as though I could never praise Cardui enough for the benefits I have received."

TAKE CARDUI The Woman's Tonic

Wilder, President, Woodstock, Ill., simply say, "Mail me a Free Offer," and by return mail you will receive three Free Offers, the names of over 400 who have recently received typewriters free, and you will learn on what easy conditions you can get one of their typewriters free right away.

The Emerson Typewriter is one of the highest grade, widely visible typewriters made in the world. Many who have used the "Emerson" and other makes pronounce the "Emerson" superior to any \$100 typewriter on the market. It is a wholly reliable machine, has every new up-to-date feature, looks like other high grade \$100 typewriters, though it is selling just now at an astonishingly low price and on terms of your own choice. Nothing to pay at first, and after a thorough trial, 10 cents a day until paid. The "Emerson" has every new improvement, universal keyboard, back spacer, tabulator, two-color ribbon, everything the best; is the ideal machine for beginners as well as for the most expert typists and stenographers; just the typewriter for the smallest or largest office.

Wilder, President, Woodstock, Ill., say, "Mail me your Free Offer."

Grow Legumes.

It is true that a bushel of wheat or corn contains five or seven times as much human food as a steer or cow can make out of it, but to improve the soil legumes must be grown and these cannot be consumed by man. We must grow legumes to improve the soil and the most economical way to use the legumes is to feed them and put the manure on the land. For these reasons mixed farming which includes the growing and feeding of livestock, is essential to the permanent success of our agriculture. That soil fertility can be maintained without livestock does not alter the case, for it never has been done to any considerable or general extent. As affecting the average man, or men in general, it might as well be stated that legumes are essential to the maintenance of soil fertility any livestock are essential to the most economical production and disposal of legumes.—The Progressive Farmer.

Small Boy as Conservationist.

A lecturer before a suburban woman's club raised his voice with emphatic confidence. "I venture to assert," he said, "that there isn't one in this audience who realizes the importance of the conserving of our forests, not one who has ever done anything to prevent the destruction of our forests." A small boy who had accompanied his mother to the lecture interrupted in a high, childish voice. "I once shot a woodpecker," he said.

The Men Who Succeed

as heads of large enterprises are men of great energy. Success today demands health. To all is to fail. It's not only for a man to endure a week, run-down, half alive condition when Electric Bitters will put him right on his feet in short order. "Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders, and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at E. T. Whitehead Company's.

Eye Water Before or After.

"I thought that in the fifteen years of my practice of medicine," said a physician, "I had answered almost every possible 'fool' question; but a new one was sprung on me recently. A young man came in with an inflamed eye, for which I prescribed medicine—to be dropped into the eye three times a day. He left the office, but returned in a few minutes, asked his head in the doorway, and asked 'Shall I drop this in the eye before meals or after?'—Everybody's Magazine.

A Jewel.

Says one of the characters in a current play, speaking of his wife whom he wants to divorce: "She says that my meals are never cooked, she runs my house, she takes care that the buttons are on my clothes, but does that make her a wife?" Nope, it doesn't make her a wife. It makes her a jewel of purest ray serene.—Philadelphia Inquirer.

Christmas Makes Demand.

The German demand for apples and nuts to hang on Christmas trees is always very great. The inland production of apples, even in a favorable year, although large, is far too small for the demand, in spite of the fact that thousands of acres of new trees are planted each year. In order to supply the inland market, large quantities of apples and nuts must be imported from abroad each year.

WHAT'S THE REASON?

Many Scotland Neck People in Poor Health Without Knowing the Cause.

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with backache and headache; suffer from nervousness, dizziness, weakness, languor and depression. Likely the kidneys have fallen behind in their work of filtering the blood and that is the root of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no better remedy than Doan's Kidney Pills.

Below is a grateful testimony from a sufferer in this locality.

G. W. Tye, Cedar St., Weldon, N. C., says: "I am glad to say that I have been benefited by Doan's Kidney Pills. My kidneys gave me a great deal of trouble and I had pains through my loins. After taking Doan's Kidney Pills all these aches and pains disappeared and the trouble with my kidneys became a thing of the past."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Cure for Dime Novel Reading.

It was asked recently what could be done to stop boys from reading dime novels, and the reply of one observer was: "Teach dime novels in the same way that you do English in the high schools and they will soon stop it." I know one or two young folks who will never read Scott, because Ivanhoe was taken up as a school subject.

Any skin itching is a temper-ester. The more you scratch the worse it itches. Doan's Ointment cures piles, eczema—any skin itching. At all drug stores.

Bright Light in Calamity.

"Times of general calamity and confusion have ever been productive of the greatest minds. The purest ore is produced from the hottest furnace, and the brightest thunderbolt is elicited from the darkest storm.—Lacon.

"I have been somewhat constive, but Doan's Regulents gave just the results desired. They act mildly and regulate the bowels perfectly."—George B. Krause, 306 Walnut Ave., Altoona, Pa.

Stained Boards.

Boards that are stained are apt to become lighter after a little wear; but if rubbed with paraffin oil they will again become darker. They may then be rubbed with beewax and turpentine, when they will look as well as ever.

Uncle Ezra Says

"It don't take more'n a gill w' e effort to get folks into a peck w' trouble," and a little neglect of constipation, biliousness, indigestion or other liver derangement will do the same. If ailing, take Dr. King's New Life Pills for quick results. Easy, safe, sure, and only 25 cents at E. T. Whitehead Company's.

Somewhat Contradictory.

One of the new books of reference states in its preface that the "names received too late for insertion will be found in the appendix." This reminds us of an Australian editor's contemporary note to a correspondent:—"Your letter is so scintillating that we omit any reference to it."

Many Driven From Home.

Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping-cough and sore lungs make it a positive blessing. 50c and \$1. Trial bottle free. Guaranteed by E. T. Whitehead Company.

Glorious Democratic News.

The State election in Vermont which was held last week, has greatly increased the very high hopes of the Democrats for victory this fall. It has demonstrated one point in particular, which is of vital consequence to the democracy, and that is, the source from which Roosevelt draws his support, and this election has demonstrated that every Democrat in the State of Vermont voted the Democratic ticket and that Roosevelt polled a little over one-third of the Republican vote. The normal Democratic vote in Vermont is about 16,000 and the normal Republican vote is about 40,000, and Roosevelt polled 15,800, the regular Republican 26,000 and the Democratic candidate for governor 20,350. This shows that not only did every Democrat stand true to his party but that many Republican first voters have evidently left the Republican party in disgust and have now allied themselves with the Democrats.

This election shows that Roosevelt and Taft will split the Republican vote in too in every state in the union, and that the Democratic party is united. It is not only possible, but very probable that Woodrow Wilson will carry about 40 states out of the total 48 in the union.

However, the Democrats must keep up their campaigning and not permit the battle to lag through over confidence. Standpatism is sinking Taft like a millstone and Teddy is soaked in Standard Oil to the neck.—Washington Correspondence.

Governor Kitchin Gaining.

It is the general opinion of those who travel in different sections of this state that Mr. Kitchin is gaining ground every day. The fact that all the near republican papers and the former luke-warm democratic papers are having fits and pushing Senator Simmons to the front and are bolstering him up as best they can, only adds confirmation to the charges that he has left his first principles and gone over to the special interest. The only thing that Senator Simmons has left to identify him with the grand old party and the principles of Vance and Jarvis, is his party service of twelve years ago, and he has been repaid for this by having been honored with two terms as senator.

As Mr. Bryan says, the day has come when North Carolina can no longer follow Senator Simmons, and the handwriting is already tracing his sentence on the wall.—The Durham Sun.

Democratic National Hand Book Ready.

New York, Aug. 31.—The democratic text book for the 1912 campaign, a book of more than 400 pages, was issued today. It is the joint publication of the democratic national committee and the democratic congressional committee. Its contents include the platform of three parties, the speeches of acceptance of Woodrow Wilson and Thomas R. Marshall, and a mass of material on the tariff and the high cost of living.

At the same time the national committee gave out an article calling attention to the publication in the text book of a purported receipt for a \$10,000 contribution by the United States Steel Corporation to the republican campaign fund in 1904.

Cannot Eliminate Love.

A periodical devoted to the drama pleads for plays based on some emotion other than love. The difficulty in producing such plays is that every play must have a hero, and in making a hero the playwright, as well as his audience, almost inevitably adopts the view expressed two thousand years ago by a scribe on one of the dead walls of Pompeii: "He who has never loved a woman is not a gentleman."

The implicit confidence that many people have in Chamberlain's Colic, Cholera and Diarrhoea Remedy is founded on their experience in the use of that remedy and their knowledge of the many remarkable cures of colic, diarrhoea and dysentery that it has effected. For sale by all dealers.
