

REGISTRATION NOT TO BE HELD HERE

Not time Enough For Notice, Decides Election Board—Books Will be Open.

There will be no registration in New Hanover county for the Presidential election in November. However, the regular polling places will be open for 30 days, beginning October 5, when all voters whose names are not on the books, but who are eligible, may be registered.

This course was decided upon by the County Board of Elections when it was found that the law requires that a 30-day notice of the registration be given and that the books be open for four successive Saturdays before the election and still another Saturday for the purpose of hearing challenges. There would not be enough time for this as the regulation notice could not be given from the time the Board of Elections met Tuesday of this week.

Some time ago the State Board of Elections sent out notices stating that a new registration would not be advisable. It has also been recommended by the New Hanover County Democratic Executive Committee that a new registration be done away with this year.

At the meeting held Tuesday the following registrars and poll holders were named:

First Ward—Polling place, Engine House 4th and Campbell, Registrar, R. J. Darden; Judges, S. L. Chinnis, James Elkins.

Second Ward—Polling place, Court House (down stairs); Registrar, W. W. Hodges; Judges, D. H. Howes, Jr., W. J. Meredith.

Third Ward—Polling place, Gibson Lodge; Registrar, J. R. Davis; Judges, S. J. Ellis, Coy Hewlett.

Fourth Ward—Mills' Stables, 10th and Dock street; Registrar, J. R. King; Judges, T. D. Love, Sam Seigler, Jr.

Fifth Ward, Second Precinct—Polling place, Engine house, 6th and Castle; Registrar, T. G. Landin; Judges, W. B. Savage, W. W. Ketcham.

Sixth Ward—Polling place, Mann's Store; Registrar, J. R. Mann; Judges, J. D. Edwards, W. A. Woods.

Seventh Mile Post—Polling place, Shepard's Store; Registrar, Gerrett Walker; Judges, George T. Smith, W. O. West.

Masonboro—Polling place, Lumsden Store (Whiskey Creek); Registrar, Blane Birer; Judges, Walter Horne, Geo. M. Grant.

Federal Point—Polling place; Burners Store; Registrar, T. J. Burnett; Judges, Gary Mintz, Wm. Biddle.

Winter Park—Polling place, Humphrey's Store at Crossing; Registrar, A. H. High; Judges, G. C. McIntire, E. H. Freeman.

Seagate—Polling place, Rogers' Store; Registrar, L. Larkins; Judges, S. Z. Melton, George Rogers.

Cape Fear—Polling place, Johnson's Store; Registrar, J. H. Johnson; Judges, E. J. Herring, J. W. Winkles.

APPEARANCE IS INVITING.

Bon Marche People Will Deal in Feminine Wearing Apparel.

Painters and decorators have been busy for the past several days on the front and interior of the new Bon Marche store, No. 123 North Front street, and when they have finished the building, both inside and out, will present a very much improved appearance. The front of the building has been done in green and the interior of the display windows in white. The contrast of the two colors lends an unusually attractive and inviting appearance to the building. The interior of the building has been considerably improved and beautified and when the stock is placed on display it is bound to attract. The Bon Marche people will handle dress goods, coats, suit suits and other feminine wearing apparel.

DIED SUDDENLY

Mother of Mr. H. C. Fisher Passed Away in Fayetteville.

Mr. W. L. Fisher received a long distance telephone message this morning, telling him of the sudden death of his mother, Mrs. H. C. Fisher, of Fayetteville. Mr. Fisher left on the morning train for Fayetteville. The message did not state at what time Mrs. Fisher passed away nor did it say that she had been ill for any period. Mr. Fisher was of the opinion that his mother was in her usual health, having received no information to the contrary until today's message telling of her death, came.

Mrs. Fisher suffered a stroke of paralysis some time ago and her health had never been really good since. The presumption among friends here is that the deceased was stricken a second time and that death followed.

WANT ADDITIONAL TEACHER

Patrons of Winter Park School Will Shortly Ask for Relief.

A fourth teacher is almost imperative at the Winter Park School, according to the friends and patrons of that institution who recently met and unanimously voted in favor of an additional instructor. The increased enrollment and the fact that the students are widely distributed throughout the several grades is assigned as the reason why an additional teacher is needed at the meeting, which was an enthusiastic one.

HUGHES CLUB WAS ORGANIZED

Republicans Gathered For Pow-Wow at Court House Last Night

With only a few present, but amid rejoicing, the Hughes National Republican Club, of Wilmington, was organized at the Court House last night and officers elected. Mr. D. L. Goff was chosen as president and Messrs. W. A. Cannon, R. L. Johnson, J. F. Harris, W. I. Holt and U. A. Underwood were elected as vice-presidents. Mr. H. S. Meredith was named as secretary and Mr. E. C. Hines as assistant secretary. Mr. J. P. Queich was elected as treasurer. The following gentlemen were named as an executive committee: Messrs. E. H. Freeman, S. M. King, Iredell Meares and T. E. Wallace.

The meeting was called to order by Chairman J. W. Brooks, of the New Hanover Republican Executive Committee. Upon motion by Mr. T. E. Wallace the following gentlemen were appointed as a committee by the chairman to prepare and submit a list of nominations: Messrs. T. E. Wallace, J. G. Osterman and H. C. Twining.

While the committee was preparing its nomination list Iredell Meares, Esq., Republican candidate for judge of the Superior Court from this district, made a brief speech attacking the administration's policy and Democracy in general.

According to Mr. Meares, North Carolina is naturally a Republican State, and will give that party a handsome majority just as soon as the race question is eliminated. He launched into a denunciation of the Wilson administration, paying particular attention to the diplomatic relations with England, the tariff and the "watchful extravagance" in connection with the public money.

He expressed himself as deeply humiliated at the way in which the American nation had been made the vassal of the English government and bitterly arraigned the President for his Mexican policy. Mr. Meares also took a rap at Senator Overman and Congressman Pou. He declared that while Mr. Bickett's speech, delivered recently in Wilmington, was an elegant affair, it contained statements that the average voter is likely to misconstrue. Mr. Meares closed by urging all present to have their names put on the mailing list of "The Protectionist," adding that it was a good publication to read along with the Bible early in the day.

GRIDIRON SEASON WILL OPEN THIS AFTERNOON

New York, Sept. 23.—The football season of 1916 opened in the east today with the usual lack of games between the stronger eleven. Interest centers in the Harvard-Colby contest at Cambridge, which is expected to give some indication as to the quality of the Crimson men. Last year the Maine college managed to score one touchdown on Harvard.

STILL TALKING BRIDGE QUESTION

No Action Expected Until New Plans are Drawn and Submitted

The controversy relative to the proposed bridge across the Cape Fear at the foot of Market street is causing more talk than an ordinary election and opinion varies greatly as to what will be the final outcome. Some are arguing that an improved ferry service is most desirable, while there are others who maintain that a bridge is the only sensible solution of the question.

The government engineers' stamp of disapproval on the bridge proposition has halted matters at least temporarily yet the talk continues and there are some who pretend to believe that these same engineers will approve plans calling for a bridge of higher elevation and with a wider draw, but there are others who are satisfied that the engineers having decided against a bridge, are through.

One gentleman, who is in close touch with the water front, stated yesterday that the bridge, if built, would have to have a much higher elevation and a much wider draw than the first plans called for. He explained the fact that the draw is simply laid on the abutments and argued that there was too much danger of a steamer jarring it off, adding that it was up to the owner of the vessel to make good the loss in such case.

This same gentleman explained that the actions of a vessel when in shallow water are very uncertain and declared that this multiplied the danger. When there isn't much water to draw a heavily-laden vessel is prone to draw heavily, while in deep water the same vessel will ride higher up, he added. The contrariety of such is a vessel makes it extremely hard to prevent it from rubbing against the abutments and shaking the draw down.

And yet those in favor of a bridge will not give up hope, but will continue their advocacy of a bridge, even if it has to be erected further down or higher up the river. Plans for a new bridge are to be drawn up within the next few days and these will be admitted to the engineers. Until it is positively known that no bridge will be erected those advocating such will continue their efforts to insure one.

CHARGED WITH MISCONDUCT.

Policeman Jordan Will Appear Before Councilmanic Committee Today.

Policeman J. F. Jordan will be called before a Councilmanic meeting this afternoon at 2 o'clock for the purpose of having a charge of alleged misconduct, unbecoming to an officer while on duty, investigated. Officer Jordan was suspended Thursday by Chief of Police N. J. Williams, pending the results of the hearing.

Chief Williams suspended Officer Jordan after he and Councilman J. M. Hall, in charge of the department of public safety, had investigated the violation of the rules and regulations of the police department which are alleged to have occurred while the officer was in Brooklyn. The specific charge has not been made public.

Officer Jordan denies that he is guilty of misconduct and is confident that he can have witnesses to appear before the investigating committee and bear him out in his contentions. Officer Jordan was exonerated on a charge of being intoxicated while on duty, after a short suspension, about a year and a half ago.

Glass of Hot Water Before Breakfast a Splendid Habit

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks.

A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.
