

ASSAULT MADE ON POPULAR GIRL

Brick From Unknown Assailant Hits Young Lady—Was Caused by Jealousy

Washington, N. C., Sept. 28.—The section of Jamesville is considerably stirred up over an accidental assault that was committed on Miss Bessie Griffith when she was riding on the county road in a buggy, with B. Harding.

When a dark spot in the road was reached a brick was hurled in the direction of the buggy which struck Miss Griffith in the face, rendering her unconscious. Harding drove to Jamesville as fast as possible, but the girl was suffering considerably when a physician reached her. A long gash was cut in her face and it was necessary to take several stitches. She is reported to be doing nicely.

It appears that Harding had been especially attentive to the young lady and according to reports the brick was intended for him and came from a jealous admirer of the young lady.

Floodhounds were carried to the scene and they immediately picked up a trail which carried them about five miles and finally ended at the residence of a young man who is said to have been an admirer of Miss Griffin. No arrests have as yet been made.

STRONG REGULATIONS AS TO STRONG DRINK

Mexico City, Sept. 28.—Stringent regulations of the manufacture and sale of pulque, the principal strong drink of Mexico, is ordered by First Chief Carranza in a decree which has just been promulgated. The beverage is made from the juice of the maguey cactus. The new regulations double the tax on the bringing of pulque into towns, and require manufacturers of it to record with proper authorities all details concerning their business.

The decree provides that no factories may be established more than forty kilometers from the town in which the product is to be sold. This is to insure that the pulque arrives quickly and in good condition.

Should the product spoil in process of fermentation, the manufacturer must notify the authorities and establish that it has been thrown out or used to make alcohol.

It is provided that the maguey lands also must be used to raise other agricultural products as well as maguey.

Infractions of these regulations will be punished by a fine of ten times the amount of the taxes or the factory may be closed.

TRAVELS 60 MILES TO KEEP SUNDAY SCHOOL RECORD

Hanover, Pa., Sept. 28.—J. Emory Renoll, who has not missed a session of Sunday school for nineteen years, travelled 60 miles Sunday to maintain an unbroken record. Renoll is secretary of Trinity Reformed Sunday School, and, when he learned of the edict closing all Sunday schools in Pennsylvania, he decided to go to Maryland. Arriving in Baltimore on an early train he found all the city schools closed, but, undismayed, he went to the country and after searching for hours, he found a school in session six miles from Baltimore which he attended.

CAR TURNED TURTLE.

Minister's Son Probably Fatally Injured in the Accident.
Spartanburg, Sept. 28.—A car driven by Rev. W. H. L. Pendleton, of this city, yesterday turned turtle at the foot of Windmill hill on the Appalachian highway. Master Carey Pendleton, the 12-year-old son of the minister, is perhaps fatally wounded and five other occupants of the car were also injured in a lesser degree. The injured were rushed to the Pendleton home here and are now under the care of physicians. Mr. Pendleton and family were en route to Hendersonville, N. C., where they were to spend the day.

Instantly Killed in Accident.
Taylorsville, Sept. 28.—Tally White, an employe of White Bros., saw mill in Ellendale township, was instantly killed Wednesday afternoon when a boiler exploded. Daniel White, a brother of the dead man, was also struck by parts of the boiler and seriously injured.

NEGROES LOOKED FOR LABOR AGENT

Large Number Gathered at Union Station This Morning; Were Disappointed

Nearly a hundred local negro laborer were disappointed this morning when the 9:50 train from the North arrived without an eagerly-expected and anxiously looked for labor agent. The laborers had gathered at the station to offer this agent their services for the high-paying positions that are being offered colored men in and around New York City.

The majority of the negroes lined the intersection of Front and Red Cross streets, while quite a few gathered at the exit gates, leading from the train sheds. From all outward signs they seemed very anxious to offer their services to the expected agent and appeared very much disappointed, when such a person failed to show up.

In speaking of the exodus of negro laborers from this city to Northern terminals where they are paid higher wages to unload freight from cars at the railway junction points and load it onto steamers for Transatlantic shipment a prominent citizen said yesterday: "Several years ago a prominent surgeon, who at that time had charge of a hospital in one of the Northern States, said that it often distressed him to receive for treatment negro men ill with pneumonia, who had come from a mild Southern climate and contracted the disease in the severe weather which they were compelled to work in. In almost every case they died from the exposure, which they were subjected to."

MILKS COW FOR SUFFRAGE.

School Teacher Rises to the Occasion at Fair.
Greensburg, Pa., Sept. 28.—The woman in charge of the suffrage booth at the Westmoreland County Fair proved that suffragettes can rise to the occasion.

The suffragists were selling refreshments, and it was found Friday that the milk supply was exhausted. A Scotland school teacher volunteered to milk one of the cows on exhibition if granted permission.

With bucket and stool she soon induced a \$400 bossy to contribute something to the suffrage cause.

TWO TAKEN FROM JAIL AND SHOT TO PIECES

Nashville, Sept. 28.—Two negroes charged with the murder of Bud Gardenburg, Saturday night, were this morning at 1 o'clock taken from the jail and carried to a nearby hill, where they were tied to a tree and riddled with bullets.
