LIERE is your future charted for you, based I on the actual average earnings of trained and untrained men.

Which way will you go? You'll either go up, through training, to a position that means good money and more comforts as the years go by, or you'll go down, through lack of training, into the ranks of the poorly paid.

It rests entirely with you which way you go. You can make or break your own future. And now is the time to decide. Not next year, not next month, but now. You can go up if you want to. You can get the training that will command a trained man's salary. The International Correspondence Schools have helped hundreds of thousands of men to qualify for advancement. Let them show you
