CROP DIVERSIFICATION

Washington, D. C., Dec. 30 .- Commenting on the report of the United States Agricultural Department on the area of winter wheat sown this year in comparison with last year, President Harrison, of the Southern Railway Company, said:

"The figures show a gratifying tendency in the direction of crop diversification. In every Southern State traversed by Southern Railway lines, except Kentucky and Tennessee, the acreage reported this year shows a substantial increase over last year. Kentucky shows a decrease and the acreage in Tennessee is the same as last year. The largest increases are shown in Georgia, Alabama and Mississippi-States into which the cotton boll weevil has spread. Georgia and Alabama show increases of 13 per cent, over last year, while Mississippi, which has heretofore grown lit tle wheat, shows an increase of 157

"These increases in wheat acreage are in line with increases in other crops and with increasing the number and improving the quality of farm an imals in the South and show that Southern farmers are making real progress in the way of producing, as far as possible, everything consumed PYTHIANS ARE TO on the farm and of having other things besides cotton and tobacco for

Governor Craig to Return to Asheville-May Later Go On The Bench.

Raleigh, N. C., Dec. 29.—The Craigs c of Raleigh, have rented law offices in Asheville and will form a partnership of Locke Craig, Sr., and George Winse ton Craig as soon as the Governor isc sues from the pesky office which he o now holds,

Governor Craig's active partnership with his son may not last long. Friends of the chief executive are doing their levelest to land him upon the Federal bench and the chances get better as the prospect of passing the bill increases.

The offices of the Craigs will be in the Oates Building on Pack Square. The practice will begin as soon as they can pack up their belongings and get back to Asheville. George Craig received his license at the August sitting of the supreme court and has been in his father's office several months as executive secretary.

Governor Craig today offered a reward of \$100 for Claude Dail, an 18year-old negro who is charged with * attempt to commit criminal assault upon Effie Streeter, both colored; * charged also with burglary and murderous assault upon her and a ten-...7:17 year-old boy.

The sheriff of Greene who makes application for the reward says the assailant struck the woman over the head with a poker, then, in further effort to destroy the evidence against him, hit the child with the weapon, breaking the boy's skull. "Only a

SERBIAN HOWITZER GOING INTO AC TION.

Here is a Serbian howitzer going into action. The Serbian army, ofter its disastrous retreat from Serbia, was reorganized by the English and French and equipped with many of these guns, which are especially useful in the sort of mountain fighting which was necessary in the recent offensive by which the Serbs recaptured the big Serbian city of Monastir.
