WITH THE RECORDER.

Majority of Defendants Let Off Lightly This Morning.

There was little to Recorder's court this morning, other than an overplus of defendants, the majority of whom were charged with minor infractions of the law and consequently dealt with in a rather mild manner. James Jones and Morgan Spencer, colored boys, charged with larceny, were paroled with Mr. F. J. Dempsey for a period of 12 months. Rosa Smith, colored, whom the two above mentioned defendants swore was with them when the store of Mr. Ralph Canady was entered, was tried on a charge of store-breaking, but no judgment was rendered. James Allen, colored, was convicted of an assault with a deadly weapon, was fined \$15 and costs. Allen was first sentenced to a 30-day period on the roads, but this was changed to a fine.

David Elerby, colored, was fined \$5 and the trimmings, following his conviction on a charge of larceny. The case charging Enoch Murphy, alias Davis, with an assault with a deadly weapon, was continued until Thursday. Viola Southerland, colored, convicted of a charge of assault with a deadly weapon, was sentenced to a month at hard labor, but appealed from this judgment. Her bond was fixed at \$100. Hall Sumpter, colored, convicted of larceny, was paroled with his father, Mason Pherson, colored, charged with an assault and battery, was discharged as not guilty. Kate Davis, colored, charged with and convicted of an assault with a deadly weapon, was fined \$15 and the costs, after she had been sentenced to the farm of a 30-day period. William J. Cooper and John H. Spencer, colored, were discharged as not guilty, after the evidence had been heard in the case charging them with obstructing the sidewalk.

COMMITTEE HAD MEETING TODAY

Petitions Favoring Acquisition of Ferry in Brunswick in Brunswick

Members of the committee appointed by the chairman of the Board of County Commissioners at the last session following adoption of resolution favoring the joint purchase and operation of the Market street ferry by New Hanover and Brunswick counties on a one and two-third basis with New Hanover bearing the heavier burden, were in conference at the office of Maj. J. W. Little early this afternoon at which time the ferry and their work was discussed from every conceivable angle and the decision arrived at that it would be mighty hard upon the Brunswick commissioners to turn down the proposition of this county regarding the purchase and operation of the ferry connecting the two counties.

It has been stated on good authority in the city that several petitions are in circulation in Brunswick urging that the commissioners, at their next meeting, August 20th, adopt the same resolution that was adopted at the last meeting of the New Hanover Board, which would close the ferry question and insure better communication and at reduced cost between the two counties. It is said that the petitions are being largely signed.

The committee named by Chairman McGirt has gone into the cost of taking over and operating the ferry in a very thorough manner and will present facts to the Brunswick commissioners that will label the proposed taking over of the ferry by the two counties as a sensible business proposition and one that neither county can afford to turn down. This committee will wait on the Brunswick commissioners on the 20th.

MERCHANTMAN SINKS ANOTHER SUBMARINE

(By Associated Press.)
An Atlantic Port, Aug. 13.—Another German submarine has been sunk by the guns of a merchantman, the gunners of a British freighter which arrived here yesterday are correct in their assumption that 3 shots which struck an undersea boat off Brest, France, sent her to the bottom. The British encountered the submarine on her last outward trip from this port. The shot destroyed the periscope. The explosion and third were followed by an explosion and the submarine disappeared. The gunners were confident that the submarine went down involuntarily.

LAST OF SHACKS GONE.

Laborers Cleaning Mortar From Bricks of Once "Handsome" Buildings
Laborers are busy now cleaning the bricks that years ago were put into what then appeared to be "handsome" buildings on North Second street, to the east of the Victoria theatre building, but which, in the course of time took on a terribly shabby appearance as better building reared themselves on every side. The dismantling of the buildings located on the property recently acquired by the Howard-Wells Amusement Company, and justly termed shacks by so many people, has been completed and Second street, looking north from Market, presents a far better appearance in its naked beauty than when ornamented by buildings that were out of date and eyesores for so long. The work of destruction has been carried on under the direction of Mr. Carl Rehder, of the Howard-Wells Company, who has used every means known to himself and associates to cause laborers to hurry for he, like the others, realized that the work underway was good work and that the sooner the property was bare the better the appearance would be.

CASE AGAIN CONTINUED.

Mr. Edward B. Johnson Will Face Trial on Thursday at Noon.
The case charging Edward B. Johnson, white, with embezzling funds of the local branch of the Knights of Maecobeen, which was to have come up for preliminary hearing before Justice W. A. McGowan this afternoon at 1 o'clock was again continued and Thursday named as the day for trial, the lawyers on both sides agreeing on the continuance and the date named. Mr. Johnson, who has been out on bail since the warrant charging embezzlement was served some time ago, was in the custody of Constable John Davis this afternoon, although it was stated that bond would probably be arranged later in the afternoon.

INVENTIVE GENIUS MAKES CALOMEL DELIGHTFUL

Calomel, the Most Valuable of All Drugs, Now Purified From Its Unpleasant and Dangerous Qualities—Calotabs the New Name.

The medical virtues of calomel are in no way connected with its nauseating and dangerous qualities, as is proven by the fact that the new calomel tablet, recently perfected, is wholly free from objectionable effects yet retains all of the liver-cleaning and system-purifying qualities of the old-style calomel. For biliousness, constipation, and wherever calomel is essential, the new de-natured calomel tablet is a practically perfect remedy.

To inspire public confidence in this new discovery the manufacturers have authorized druggists everywhere to refund the price if the customer is not "perfectly delighted" with Calotabs. Sold only in original packages, sealed, twenty doses for thirty-five cents. One tablet at bedtime, with a swallow of water. No taste, no nausea, no griping. You wake up in the morning with a clean liver, feeling fine, and a hearty appetite. Eat what you please—no danger.—Adv.
