brought on by a lack of iron in the

On account of the peculiar nature of woman, and the great drain placed upon her system at certain periods, she requires iron much more than man to help make up for the loss.

Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without deing you any good. You don't get the strength cut of it, and as a consequence you become weak, pale and sickly looking, just like a plant trying to grow in a soil deficient in iron. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work cr how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated fron three times per day after meals for two weeks. Then test your strength again "There can be no, healthy, beautiful, and see how much you have gainer. rosy cheeked women without iron," I have seen dozens of nervous runsays Dr. Ferdinand King, a New York down people who were ailing all the Physician and Medical Author. encurance and filled his blood with iron before he went into the affray; while many another has gone down in inglorious defeat simply for the lack

Dr. Schuyler C. Jaques, Visiting Surgeon of St. Elizabeth's Hospital, New York City, said: "I have never before given out any medical information or advice for publication, as I ordinarily do not believe in it. But so many American women suffer from iron deficlency with its attendant ills-physical

weakness, nervous irritability, melancholy, indigestion, flabby, sagging muscles, etc., etc.-and in consequence of their weakened, run-down condition they are so liable to contract serious and even fatal diseases, that I deem it my duty to advise all such to take Nuxated Iron. I have taken it myself and given it to my patients with most surprising and satisfactory results. And those who wish quickly to increase their strength power and endurance will find it a most remarkable and wonderfully efeffective remedy."

NOTE-Nuxated Iron, which is prescribed and recommended above by physicians in such a great variety of cases, is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians both in Europe and America. Unlike the older inof her children is, alas! not that kind organic iron products it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach on the conthat can be easily absorbed and as- trary, it is a most potent remedy in nearly tween Chaume wood and Bezonvaux or rundown, instead of dosing then. similated to do you any good, other- all forms of indigestion as well as for wise it may prove worse than useless. nervous, run down conditions.
