

GOVERNOR BICKETT VISITED SOLDIERS

Governor Delighted With Conditions at Camps Jackson and Sevier.

(Special to the Dispatch)
 Raleigh, Nov. 14.—Governor Bickett, returning from Camps Jackson and Sevier where he reviewed with Governor Manning, of South Carolina, the troops largely made of North Carolinians, is happy over the moral and sanitary conditions that he finds.

"My judgment is that these conditions are infinitely better than in the average city," he said, "and I should not feel uneasy if my son were there. The health and moral conditions surrounding are better than you will find in any town in North Carolina. I just don't see how a fellow goes astray. It is the cleanest place I ever saw except the State Penitentiary."

This might have been taken as a Bickett joke but for the record of the State prison here in Raleigh. When the State's housekeeper, Mrs. Nellie Price goes off and reports on all the buildings, he can use the prison as perfection, as 100 per cent, and grade from it. And none ever equalled it. That's the home place here in Raleigh, superintended by Warden Busbee and Superintendent Collie, aided and abetted by a lot of fine women.

"We Governors were permitted to review the troops for the first time," Governor Bickett continued, "by Major General John Bailey of New York. I spoke at a banquet down there and exchanged all the felicitations with the Governor of South Carolina permissible under the statutes in such cases made and provided. The camps are ideal. There are 18,000 men at Camp Jackson and 27,000 at Camp Sevier. General Bailey could not have said more about the troops had he been the most ardent Southerner. He declared that they are the best timber in the world for soldiers. We saw General Melver, commander of one of the brigades and General S. L. Faison, commander of the brigade in which are most of the North Carolina troops.

The largest service flag flying from the top of the Bell Telephone system building, 195 Broadway, New York City. The Woolworth Tower looms up in the background behind the flag, which contains 6,861 stars.

Henry Faison, of Duplin county, and a North Carolinian. He told me that he did not intend that these boys should be sent into any slaughterhouse. They will know when they are ordered to advance, whether there is any trap for them or not."

BUSINESS SPECIALS

MESSENGER SERVICE.
 For this service we use the Postal Telegraph Cable Company's messengers. They will call for your "ads." in the same manner and quick time as they now cover the city for telegrams, night letters, cables, etc.

For further information as to "ads." call 176, but for telegraph service call "Postal Telegraph."

WANTED—POSITION AS NIGHT watchman—good references. J. A. Holleman, 117 So. Water St. Nov. 14-3tj

ECHOES OF THE RED CROSS

The financial reports of the recent street pageant, dance and military drill, and the booth at the Corn Show, were announced at the work rooms at the Murchison Building Tuesday morning to the earnest crowd assembled despite the overtime put in last week on account of these events, and were received with enthusiastic applause.

Nothing rewards a worker like success which crowns his efforts, so with the unselfish untiring workers of the Red Cross, credit for the work is not thought of and the majority prefer to remain in the background and are content to be privates in the rear rank. Yet there is a certain gratification unmistakable when hard work results in an enlarged bank account, to meet financial obligations. The total amount cleared from the two events was \$325.33, which is a very substantial sum and will further the work of the Red Cross Military Relief.

The committees in charge deserve great credit for the success of their undertakings and they wish to return thanks to all who in any way added to the success of the occasion and for the magnificent support of their co-workers.

A Virginian Wounded.
 (By Associated Press)
 Ottawa, Nov. 14.—C. H. Blackburn, of Fredericksburg, Va., is reported among the wounded in today's Canadian casualty list.

Recorder's Docket Light.
 Charles Walker, colored, was the only offender to face the Recorder at today's session. He was charged with disorderly conduct and prayer for judgment was continued upon payment of the costs.

 have suffered no casualties.

The German artillery is active in the Ypres salient in Flanders and it has shelled heavily the new British positions around Passchendaele. This may mean either preparation for a strong German attack to regain this important position or an effort to forestall further British advances.

The Painleve cabinet which took office but two months ago has resigned and France again has to face a ministerial crisis. The resignation of the ministry was caused by its defeat in the chamber of deputies, after a debate on the new allied war council which Premier Painleve had defended. The Socialists had not supported the ministry which also has had to contend with the dissensions caused by the Bolo Pasha affair and other internal matters. Its fall probably was hastened somewhat by the withdrawal of Foreign Minister Ribot on October 23, when the entire cabinet resigned, but was prevailed upon to retain office by President Poincare.

The last British drive in Palestine carries their troops into the latitude of Jerusalem, but about 45 miles west, as they are sticking closely to the shore, where they can get the support of their warships. The front now extends from Hamamah (1), near the coast north of Gaza (2), which has been the British base for some time, to Arak-el-Mansheyeh (4). Askalon (2), on the coast, was captured yesterday. The arrow shows the direction of the next British thrust. The late prior British column, moving north from Beersheba, has been comparatively quiet recently and if it is advancing at all is moving slowly.

BOILS AND CARBUNCLES ARE WORSE IN WINTER

If Your Blood Happens to Be in Bad Condition, S. S. S. Will Correct It Now.

The peculiar effect on the blood caused by the rapid changes of winter the chilly blasts and dampness long continued will undoubtedly have a disastrous effect upon your system if your blood happens to be in bad condition. You should not allow yourself to run the risk of suffering with boils and carbuncles, you should not willingly walk into the snare of pain and suffering of rheumatism or catarrh when you can put your blood in shape to prevent it by the simple method of taking S. S. S. for a short period during the fall.

Boils and carbuncles are evidence of disordered blood. They do not necessarily mean an inherited taint, but they tell you that your blood is poisoned—that the life-giving stream that should flow through your veins—pure, vigorous and healthy—has become upset, maybe by over-eating and drinking, possibly by constipation, stomach trouble or uric acid. Whatever the cause, your blood has become poisoned and you are not going to know what it is to feel entirely well until the poison and impurities have been washed from your system. The blood, purified and invigorated, will once more perform its normal function of keeping the body full of health and vigor.

Every part of the body is dependent upon the blood for nourishment and strength, and when for any cause this vital stream becomes run down, it invites disease to enter. The liver and kidneys, failing to receive the proper nourishment from the blood, grow inactive and dull, and the waste and bodily impurities that should pass off through these channels of nature are left in the system to encourage some blood disorder. When the blood is in this weakened condition, it should be treated with a remedy that is not only thorough, but gentle in its action.

S. S. S. is a purely vegetable remedy, made of roots, herbs and barks, is just what is needed. It not only cleanses the blood of impurities and enriches and strengthens it, but gently builds up the entire system by its fine tonic effect. S. S. S. reinvigorates every part of the body. It gives tone and vigor to the blood, and as it goes to the different parts, carries health and strength.

S. S. S. acts promptly and gives good results. It gives the blood power to drive out rheumatism, catarrh, boils, sores and ulcers, skin diseases and other blood disorders. Get it at your druggist's and take it now.

Meanwhile, write us if you need advice. Our Chief Medical Adviser is ready to tell you what your best treatment is. Address: Medical Department, Dr. J. C. Swift Specific Co., Atlanta, Ga.—Adv.
