

BUT TWENTY-TWO ENEMY ALIENS IN CITY AND COUNTY

Figures Made Public Following Close of Time Allowed for Registration

RECORDS FORWARDED REGISTRAR GATLING

Officials Do Not Feel There Was Any Effort on Part of Anyone to Avoid Required Registration

Nineteen enemy aliens, residents in the city, were registered by Chief of Police Nathan J. Williams and two from the county were registered by Mr. H. McL. Green, postmaster, according to figures made public, with permission of the United States district attorney's office.

Instructions were that all subject to registration in the county were to be registered by the postmaster, but a young man, perhaps not thoroughly understanding the instructions given, applied to Chief Williams. He was registered by the chief of police, who will turn his registration papers over to Mr. Green.

The fact that there are only 22 enemy aliens in the city and county discounts forecasts previously made that had the number as high as 200. It is possible, of course, that a few have attempted to hide by, but officials do not share this opinion and it would seem that the predictions of three weeks ago were badly off and the number greatly exaggerated.

THREE ALARMS WEDNESDAY.

Two Slight Blazes—the Other Was False Alarm. The fire department was called out three times yesterday, once during the afternoon and twice in the evening. One of the alarms was false and the remaining two amounted to very little. The false alarm was registered from Box No. 53 at 7:18 o'clock in the evening. The department answered an alarm turned in from Box No. 419 ten minutes prior to the ringing of the other alarm and found a quantity of hay ablaze in a barn located in the rear yard of Mr. Stein's home, No. 1410 South Fourth street.

CHAIRMAN APPOINTED COMMITTEES NAMED

Communcant Members of Lutheran Churches Asked to Contribute

Mr. H. E. Bonitz has been appointed county chairman and committees have been named from the congregations of the two Lutheran churches in the city, St. Paul's and St. Andrews English Evangelical, looked toward inauguration of the campaign to raise \$750,000 for work among soldiers and sailors, undertaken by the National Lutheran Commission for Soldiers and Sailors Welfare.

Mr. Bonitz was appointed county chairman by Mr. A. H. Snyder who has complete supervision of the work for the State. The appointment was by telegram and accepted immediately, Mr. Bonitz wiring for this city and county's apportionment.

Following shows how the money raised is to be expended: Equipment for chaplains, \$25,000; secretaries' salaries and expense, \$18,000; salary and expense of 150 camp pastors, \$400,000; assistance to churches near camps workers, \$40,000; interned aliens, \$20,000; work in France, \$50,000; buildings, brotherhood, cooperative, etc., \$125,000; literature, especially direct campaign to 165,000 men, \$35,000; emergency expenses, care of wounded and financial campaign, \$25,000. This gives a total of \$750,000, the amount to be raised.

COBURN PLEASSED ALL

Charlie Gano and His Cohorts Well Received

Coburn's Greater Minstrels, with Charlie Gano, was last night's attraction at the Academy of Music. That statement should be enough to satisfy all that the evening was a delightful one, for how could it have been otherwise with the inimitable Charlie on the scene. But the appearance of Coburn's minstrels warrants the use for more space. One does not want to get the idea that Gano, like Mizel, is the whole show, because he isn't. Despite the years he has taken on he is as good as ever, but he has associated around him end men and comedians that forbid a monopoly on his part.

He was unusually well received in his rendition of "Granddaddy" and "Sammy Simpson Shot the Shoots." The work of James Bishop was particularly pleasing and he was given tumultuous applause in his rendition of "Good-Bye Broadway, Hello France." The quartette work was a distinct feature and would stand greater usage than the director sees fit to arrange for. The comedians with two or three exceptions, kept a wide distance between themselves and the old line jokes and kept the audience in a fine humor throughout. The tumbling was another feature that helps to make the show what it is.

CARD OF THANKS. I wish to thank publicly all those who were so kind and considerate during the recent illness and death of my beloved husband, Mr. I. S. King, assuring each and everyone that their kindness, their sympathy and their assistance to me in the hour of my great bereavement will always be held in loving grateful memory. MRS. I. S. KING. STORE ENTERED AND MERCHANDISE STOLEN

Plummer's Place Robbed Last Night; Skeleton Key Was Used

The confectionery shop and ice cream parlor of Mr. John W. Plummer, No. 213 North Front street, was entered last night and merchandise to the value of \$55 or \$60 carried off, it was discovered when the establishment was opened for business this morning. Skeleton key was used in opening the back door, in the opinion of Mr. Plummer, but he has absolutely no idea who is carrying a key without his knowledge that permits access to his place whenever such person decides to visit. The police were notified this morning and are conducting an investigation, but without results up until the noon hour.

Chocolate, crushed pineapple and ice cream powder was carried off and while the theft will not necessitate cessation of operations in the factory end of the establishment, it inconvenienced the proprietor to the extent of having to borrow until newly ordered shipments can be received. A 50-pound barrel of powdered chocolate was moved, a \$12 case of crushed pineapple taken and a quantity of ice cream powder. There was no money in the cash register and no other merchandise was taken so far as this morning's survey showed.

The store was entered last week. Mr. Plummer stated, and a 60-pound barrel of butter taken, but no report was made to the police, Mr. Plummer believing that he could locate the stolen property. Last night's affair, however, took his breath and he reported his loss to the police immediately after it was discovered.

He is at a loss to understand how the thief or thieves gained access to the back door without being detected in view of the fact that it abuts on the river which is under heavy guard. He is satisfied that entrance was made by the rear door. The party or parties entering the store worked quietly and smoothly. Merchandise was not scattered about as is usually the case, the intruders merely taking the things selected, and departed. Because of the bulk of the stolen property, Mr. Plummer is convinced that conveyance of some sort was necessary for transporting the merchandise away from the rear of the store.
