

### AMERICAN TOBACCO COMPANY WINS CASE

Washington, March 5.—Federal court decrees dismissing because of lack of jurisdiction a suit brought under the Sherman law against the American Tobacco Company for \$390,000 damages by the People's Tobacco Company, alleging unfair competition, were sustained by the Supreme Court. Disobedience of the dissolution decree of 1911 against the tobacco trust, was alleged but the lower court held that there had been failure to obtain service in this suit and that the Supreme Court decree had been obeyed by the American Tobacco Company.

### CALL RULE UPHELD BY SUPREME COURT

Washington, March 5.—The "call rule" for grain "arrive," established in 1906 by the Chicago Board of Trade, was held by the Supreme Court not to be in restraint of trade, under the anti-trust law. Injunctions issued by Federal District Judge Landis restraining the rule's operations, were set aside. Board officials contended the rule increased instead of decreased competition and prevented monopoly, but it was abrogated after the government's suit was filed in 1913.

### CITY OF WILMINGTON IN AN ATLANTIC PORT

Severely Damaged by Recent Storm Steamer limps Into Port

An Atlantic Port, March 5.—The American steamer, City of Wilmington, severely damaged in a recent storm at sea, limped into port yesterday under her own steam and was immediately docked at a shipyard for repair. The vessel was coming up the coast, light when the storm was encountered. Damage to her machinery resulted and for four days the City of Wilmington floundered helplessly in high seas. Springing a leak the sand ballast was taken out along with the water by the pumps, adding to the vessel's troubles. The City of Wilmington finally made the Bermudas, where temporary repairs were made which enabled the ship to reach this port under her own steam. No survey of the damage has yet been made.

### STATE NEWS

Permission to increase the street car fares from five cents to six cents was asked the Board of Aldermen by Mr. R. L. Lindsey, general manager of the Durham Traction Company. The request was referred to a special committee composed of Aldermen Rogers, Lockhart and Minor, for investigation and recommendation to the Board.—Durham Herald.

The merchants of High Point, out of a desire to continue in business, today formally announced that on and after April 10 no person who has not paid his or her account within 10 days after it is due will be given any further credit, unless, it is stated, satisfactory arrangements have been made. The merchants understand that the rule could not be made rigid without inconveniencing some few people, hence they reserve the right to permit an extension of credit.—High Point Enterprise.

A resolution adopted by the members of the Mecklenburg County Farmers' Union at their regular monthly meeting at the court house yesterday morning at 11 o'clock, urged that as little labor be used in the city as possible, that no public or private work be undertaken or carried on that can reasonably be postponed, and that idlers, both white and black, be put to work on the farms. This action was taken by the farmers owing to the scarcity of farm labor, and the imperative necessity for an increase in the food production this year.—Charlotte Observer.

To be taken into custody of an officer on charge of disposing of mortgaged property, while in the midst of appearing for a client charged with murder, was the disagreeable experience Friday afternoon by W. P. Cannaday, negro lawyer.

Constable George L. King arrested Cannaday during the trial of Ed Boistieu. Cannaday represented the negro jointly with Attorneys R. O. Everett and S. C. Brawley. Constable King, however, had little regard for the murder trial, citing Cannaday to appear before Clerk of the Recorder's Court S. O. Riley. Attorneys Everett and Brawley signed his bond. In court yesterday morning he was acquitted of the charge, claiming that the property he was charged with having disposed of had been stolen from his office.—Durham Sun.

The Cunnock Coal Mining Company, of Cunnock, has notified the Department of Labor and Printing that preparations are now going forward for the reopening of this coal deposit, one of the largest in the United States, outside of what is generally considered the coal fields of the country in the Appalachian mountains. Mr. W. W. Brewer is the general manager of the new company, which plans to again mine North Carolina coal for the market. In his letter to the department he states that it will probably be some time yet before the company is ready to begin actual operations, as there is considerable preliminary work to be done, but that the operations are to be carried forward under the most approved modern methods when the work of actually raising coal shall begin. The Cunnock mines are located in Moore county, and many years ago were worked extensively. "Egypt" coal, as it was then called, being a familiar commodity in North Carolina.—Raleigh News and Observer.

The name of William Richard Coleman, of this city, appears in the list of dead in the ranks of the American expeditionary force in France, as announced last night by the War Department in the daily report of General Pershing. Thus this city gives its first hero of the great world war who died on foreign soil of pneumonia less than one week after landing in France, and the news came as a shock to friends in this city while the first advice was contained in a telegram from the War Department to Mr. Coleman, an uncle, while close to on the heels of this came the press dispatch advices. There was an expression of sympathy and sorrow among the scores of friends as last night and today the fact has been whispered, "Dick Coleman has died in France."

The deceased was a member of Company B, 23rd Regiment, of United States Engineers, and he sailed from an Atlantic port about six weeks ago, and no advice had been received from him since that time. He was 31 years old and was born in Warren county and is survived by aged and bereaved parents, Mr. and Mrs. C. E. Coleman, of Warrenton, and three sis-

### WOMAN FOUND ROAD TO HEALTH

Says She Suffered Long Time With Various Complaints, Then Three Years Ago Found the Remedy

URGES OTHERS TO TRY IT

"I suffered from female weakness, kidney and stomach trouble and had such sore and tender feelings in the pit of my stomach I could scarcely lift anything without great suffering. I was treated by doctors without getting relief and they told me the stomach trouble with which I suffered most was due to female weakness, but I am glad to say that after taking several bottles of Acid Iron Mineral three or four years ago I was completely cured and have felt no symptoms of return. I would not be without it and find it a grand medicine for many things externally as well as internally," declared Mrs. R. G. Hamilton, of Troy, N. C.

ters and three brothers. Mr. Coleman removed to Rocky Mount when a mere boy, coming here when but 16 years of age, and engaging in the brick making industry with which he was associated up to the time that he left to join the colors during which time he rose through the ranks and for the last six to eight years he managed the Tar River Brick Company. "Dick" Coleman was an esteemed big-hearted citizen who never numbered an enemy in his lifetime, a prominent Mason he was always active in everything that pertained to the Masonic fraternity and as a member of Oasis Temple of Shriners at Charlotte, he was a moving factor in the establishment of Sudan Temple at New Bern and was one of its charter members. He was a member of Corinthian Lodge, of Rocky Mount chapter and St. Bernard Commandery in addition to his rank as a Shriner. This fraternity, immediately upon the advice of his death, has taken steps to see that the remains are given proper interment and that suitable markings and authoritative advices as to the location of the grave are communicated to the bereaved and that the permanent records are established.—Rocky Mount Telegram.

### Dandruff Scaps Lead to Baldness

If you have dandruff get rid of it quick—it's positively dangerous and will surely ruin your hair if you don't. Dandruff means faded, brittle, gray, scraggy hair that finally dies and falls out—new hair will not grow—then you are bald and nothing can help you. The only sure way to abolish dandruff for good is to destroy the germ that causes it. To do this quickly, surely and safely, there is nothing so effective as Parisian sage, which you can get from any good druggist. It is guaranteed to cure dandruff, stop itching scalp and falling hair, and promote a new growth, or the cost, small as it is, will be refunded.

Parisian sage is a scientific preparation that supplies all hair needs—an antiseptic liquid, neither sticky or greasy, easy to apply, and delicately perfumed. If you want beautiful, soft, thick, lustrous hair, and lots of it, you must use Parisian sage. Don't delay—begin tonight—a little attention now insures abundant hair for years to come. R. R. Bellamy will supply you and guarantee money refunded if not satisfied.—Adv.
