General Semenov Forced to Retire Before the Superior Enemy

SIBERIAN SITUATION IS GROWING WORSE

Every Plan Proposed for Relief Meets Opposition. German Prisoners Fighting for Bolsheviki

Harbin, Manchuria, March 13.—General Semenov, the anti-Bolshevik leader in Siberia, has retreated into Manchuria before the advance of a superior Bolsheviki force, according to advices from the border. The accuracy of the Bolsheviki fire during the fighting is taken to indicate the cooperation of former German prisoners.

General Semenov brought his dead and wounded with him in his retreat. Nurses and a supporting detachment are to leave Harbin tonight. General Semenov's munitions are reported exhausted as well as the funds at his disposal.

Officials of the Allies at Harbin agree that the situation in Siberia is growing worse. Every plan proposed for the amelioration of conditions meets with opposition or apathy, they say, while 50 per cent. of the railway workmen in Manchuria are now Bolsheviki in affiliation, whereas a month ago the percentage was insignificant. Yesterday the workmen refused to move guns and trains to the aid of General Semenov and were planning the destruction of the supply outfit. "Loyal Cossacks," however, forced the movement of the relief trains. Reliable observers, according to reports received by the Associated Press, have found that there is a widespread pro-German propaganda, with speech-making by Bolsheviki orators, among the workmen, with never a word of a pro-ally nature.

The American consul at Harbin has distributed 15,000 copies of President Wilson's speeches and a similar number have been scattered by the consul at Vladivostok. All concerned agree that a more effective allied propaganda is essential.

The growth of Bolsheviki is said by some of the investigators to be due in a measure to fear of the Japanese, with disbelief in the sincerity of American friendship as another factor. The report that statements have been heard among the propagandists that any class of Germans was preferable to the Japanese and the idea appears illusory to many that the Bolsheviki will oppose German influences.

MT. OLIVE MAN CUTS THROAT OF A NEGRO

In Altercation Fatal Wound Was Inflicted—Self Defense Claimed

(Special to The Dispatch.)
Mt. Olive, N. C., March 13.—In an altercation this morning following a dispute concerning a ditch, Mr. John Bell, a prominent citizen of this section, cut the throat of Sam Broadhurst, negro. The wound resulted in the negro bleeding to death. It is understood that Mr. Bell claims that he acted in self defense.

SHIPS NOW RELEASED FOR SPANISH PORTS

Washington, March 13.—Ratification of new Spanish-American commercial agreement has been followed by action of the war trade board, authorizing the immediate departure of seven Spanish steamers carrying cotton and phosphate rock urgently desired by Spanish consumers.

The cotton cargoes will count as part of the monthly quota guaranteed to Spain under the agreement. Export licenses for certain railroad supplies specified in the agreement were also authorized and steps were taken to restore the general movement of trade under the new arrangement as speedily as possible.

A general renewal of applications for license for most commodities will be necessary.

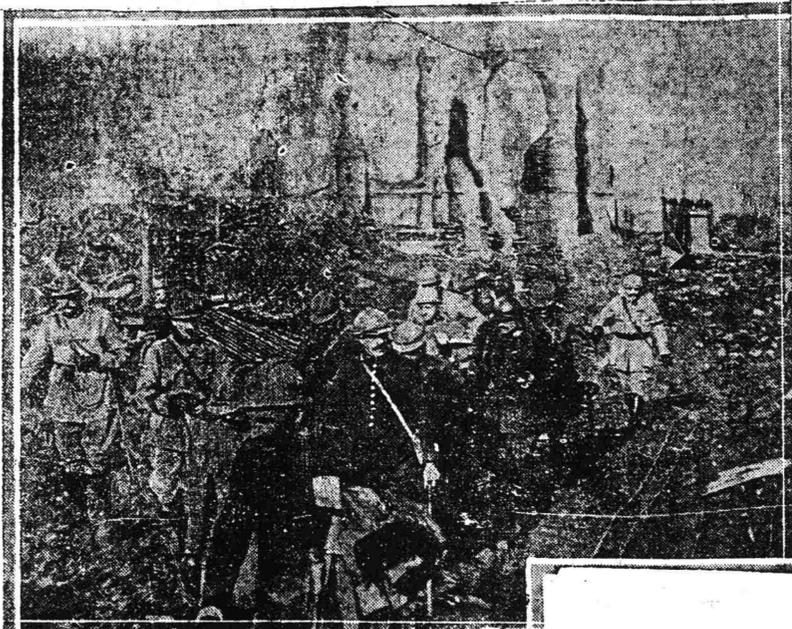

COMMITTEE TIED UP BY OVERMAN BILL

Washington, March 13.—Another attempt to get the Senate Judiciary committee together on the Overman bill to empower the President to consolidate and co-ordinate executive departments failed today and the members broke up in a dead lock. Chairman Overman announced he would attempt to force a vote Friday.

Chairman Chamberlain, sponsor of the war cabinet and munition war bill, probably will not oppose it and has said today to favor giving the President even greater powers than he has.

Charles Page Bryan Dead.
Washington, March 13.—Charles Page Bryan, former ambassador to Spain and former minister to several other countries, died here last night of heart failure. He was 61 years old.

CREEL ASKS THAT ADDRESSES BE GIVEN

Washington, March 13.—Chairman George Creel, of the Committee on Public Information, sent a written protest today to President Wilson against the War Department's new policy of withholding the addresses of soldiers in giving out casualty lists. The committee has refused to handle the lists as now issued on the grounds that they are valueless to the newspapers and the public.

President Wilson is studying the question from all its angles, but is expected to come to no decision until a full report is received from General Pershing, who has been asked for further information.

Hearing Continued.
Portsmouth, Va., March 13.—Hearing of Stephen C. Pace, charged with being short more than \$13,000 in his accounts, as assistant postmaster at this city, which was to have been today has been continued by United States Commissioner Stephenson to March 15.

ADDITIONAL SOCIAL

Mrs. R. C. Orrell and Miss Lillie Sears left last night for New York, where they will visit Mrs. Orrell's sister-in-law, Mrs. McClellan.

Miss Margaret Bremer, who recently graduated with honors in art science from one of the large trade schools of New York, has returned to her home, No. 8 Church street.

WOMEN WORK ON RAILROADS

Savannah, Ga., March 13.—Because of the inability to secure men for section gang work, the Central of Georgia railway yesterday put on a gang of 18 negro women to serve in that capacity. They began their labors this morning putting cross ties in position to be used in repairing the roadbed. The women are proving excellent laborers and the first day's work has been satisfactory to the management. They draw practically the same pay as the men. There is a white man foreman over them.

GREATER ACTIVITY ON THE AMERICAN SECTOR

Artillery Fire More Vicious Than Any Time Since Sammies Came

With the American Army in France, Tuesday, March 12.—(By The Associated Press).—There was greater artillery activity by the Americans on the Toul sector today than at any time since they took possession there. American shells have obliterated at least five groups of gas projectors, which had been set up by the enemy in preparation for an attack. Fires back of the German lines also were caused and a number of explosions were heard.

The American troops on the Toul sector again raided the German position, penetrating to the second line. No prisoners were captured but a number of the enemy were killed by shell and rifle fire.

Along the Chemin Des Dames a crew of a German raider which fell at Clamecy Monday night was made prisoner by American soldiers. The Germans later were turned over to the French.

AMERICAN MISSION HAS LEFT JASSY

Washington, March 13.—Members of the American and Allied special missions to Rumania have left Jassy for Odessa under assurances of safe conduct from the King of Rumania. They had been held for quarantine.

CARD FROM MR. BROWN.

Editor of Dispatch:
I regret that you, Mr. Editor, have seen fit to inject, into this discussion of Mr. Cooper's Public Record, a bit of my personal history. I had hoped that personal and private affairs could be kept out. I cannot believe that the Editor cares to answer questions of a personal nature relative to the records of Mr. Cooper. His private affairs are not involved as yet, and I have asked only questions relative to his record as a public servant, which record is public property.

However, you have gone far afield to drag into the discussion my connection with the hardware business in Dillon, S. C., and I will state, for the benefit of those interested, that the business failed to make money (which is a crime in the eyes of some) and quit. I will say, further, that the creditors of that business were paid 100

per cent. on the dollar. No 50 cents on the dollar for me, as yet, thank you, as happened to "Senator" Cooper Y. M. C. A. Pledge. I do not care to inject any more personalities into this, so keep off Mr. Editor.

At last you seem to think you have produced a bit of constructive legislation, on the part of Mr. Cooper, in claiming that the agitation on the part of Mr. Cooper, for election, by the people, of the members of the Board of Education. If he was so anxious for an election by the people, why the following news item from Raleigh?

Copied from the Morning Star of February 17, 1915:
"Two of Senator Cooper's bills, one to substitute Cuthbert Martin for J. O. Carr on the New Hanover School Board and the other to Tax debtors with Attorneys percentage on forced collections, furnished ginger and, indeed, the sensation of the day in the Senate." (Both bills failed of passage.)

This Educational Bill, introduced by Mr. Cooper, bears no resemblance to the Educational bill passed by the Legislature in 1917.

Simply because you claim a record for Mr. Cooper (President of your Company) it does not necessarily follow that he has a record. A man's public life necessarily does one of three things—makes a good record, a poor record, or no record at all.

If the President of your company has made a GOOD record why do I have such a hard time dragging it out of you? I ask you again, PLEASE PUBLISH THE RECORD OF THINGS ACCOMPLISHED by your President, while in the Senate and quit insulting the intelligence of the voters of this community by asking them to swallow your medicine without letting them know the brand.

Since you have seen fit to publish the childish impudence of your board of directors, I would inform the public that when I asked your office for an affidavit I was refused the information, I therefore, refused to furnish you with any legal document, or an affidavit to any man or set of men who are apparently either ashamed or afraid to reveal their identity.

Personally, I do not believe that there was a meeting of the Board of Directors (I know two who were not called for a meeting) and I further believe that the call came from none other than Mr. Cooper, hiding himself behind a board of directors, just as he appears now, tucked away in the Editorial room of The Dispatch crying "MY RECORD" when there is no record.

For the information of the public I would further state that the articles I submitted to The Dispatch for publication, relative to the candidacy of Mr. Cooper, were written by me and

(The inference of Mr. Brown that the reason he did not furnish the affidavit called for by our board of directors was because he was not given the names of the directors is misleading. Mr. Brown knows this is not true. This writer called his attention to the matter this morning and gave him an opportunity to make correction and, although he admitted that that was not the reason, he did not make the affidavit he finally decided to let the communication stand as written. Mr. Brown made the positive statement over the telephone, the day the letter was sent to him asking for the affidavit, that he would not sign an affidavit. Later on in the conversation, he did ask the names of the board of directors, which information was not given to him for the reason, as explained, that it was material to the matter under consideration. He was told that if he answered the communication and raised a point in that communication which made it necessary to furnish him the names of the directors these would be given, otherwise they would not.)

Personally, Mr. MacMillan seems to be a very fine gentleman but we need a man in the Senate who can represent all of the people and who is not beholden to a small crowd of special interest who brought him into the race at the last moment at a secret meeting and I take it that those at the secret meeting have a special axe to grind and I was wondering after they got through grinding the axe if there would be much left of the people's griststone.

MACMILLAN'S PLATFORM.

Editor Dispatch:
I notice Mr. MacMillan's political advertisement in a local paper asking the voters to support him for the office of State Senator on a platform of "Good Roads."

This is a very commendable platform but I was wondering if Mr. MacMillan had not inadvertently gotten the wrong platform and I felt that he would like to have the voters call his attention to the matter and upon reflection, no doubt, he will change his platform.

I mention this on account of Mr. MacMillan's attitude towards Federal Point township and feel that the voters of this township, as well as thousands of others, will question Mr. MacMillan's undivided allegiance to the platform of "good roads."

His persistent opposition to repair and improve the Federal Point township and improve the Federal Point township and Carolina Beach road, while a member of the Board of County Commissioners, is a matter of fact and record. Why? Was it because the fisher folk and farmers in the Federal Point section, who make their living by the sweat of their brow, had no standing in court and did not count?

Mr. MacMillan's opposition to the Carolina Beach road in the face of the cries of the school children is astonishing to say the least.

Personally, Mr. MacMillan seems to be a very fine gentleman but we need a man in the Senate who can represent all of the people and who is not beholden to a small crowd of special interest who brought him into the race at the last moment at a secret meeting and I take it that those at the secret meeting have a special axe to grind and I was wondering after they got through grinding the axe if there would be much left of the people's griststone.

What Tennessee Folks Say ABOUT A NEW DISCOVERY

Many local people are glad to testify to the good results obtained from Anuric, the discovery of Doctor Pierce of the Invalids' Hotel, Buffalo, N. Y., for kidney and bladder disorders, backache, rheumatism and all uric acid troubles. This is what Mr. E. W. Hagshaw says: "This is what I have used all, or nearly all, of Dr. Pierce's Medicines. Commenced using them several years ago, and in my family over 50 years ago. The 'Favorite Prescription' saved the life of my wife and daughter 25 years ago, and I have scarcely ever been without Dr. Pierce's Remedies. In my home since. Recently I had occasion to use An-uric, that God-sent remedy for kidney and bladder troubles, and I can truthfully say that it has done me more good than any remedy I ever used, and they are legion. No one will make a mistake in using any preparation sent out by Dr. Pierce. I have had many years' experience with his Institution and know whereof I speak."

When the kidneys are weak or diseased, these natural filters do not cleanse the blood sufficiently, and the poisons are carried to all parts of the body. There follow depression, aches and pains, heartiness, drowsiness, irritability, headaches, chilliness and rheumatism. In some people there are sharp pains in the back and loins, distressing bladder disorders and sometimes obstinate dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the tissues, muscles and joints, it causes lumbago, rheumatism, gout and sciatica. This is the time to try Anuric, double strength, the discovery of Doctor Pierce, for kidney trouble and pains in kidney and all over body. Write for Anuric, Invalids' Hotel, Buffalo, N. Y., and send 10c. for a large trial package—this will prove to you that Anuric is many times more potent than lithia and eliminates the uric acid from the system as hot water melts sugar—or ask your drug gist now for a bottle of An-uric.
