This Speaker, Cleveland's star pastimer, looks to be the same old sure-fire hitter. "Spoke's" hitting has been the chief feature of the Indians' exhibition games.

WILL YOU

invest your money with Uncle Sam now? Or let Germany take it away from you later?

Be practical. Look squarely at the facts. We will either invest our money with Uncle Sam now, at good interest rates, to help him win this war, or we will give it up later to pay Germany's war cost—and as much more as Germany chooses to collect.

MISS ALMA BROWN

An Illustration of the Best Life Insurance Policy Issued

Amount \$10,000 Double Indemnity

If death occur by accident the policy pays \$20,000 instead of \$10,000.

Disability Protection. If permanently disabled before age 65 from any cause—accident, blindness, paralysis, tuberculosis, insanity, or anything else—all further premiums are waived and you receive an income of \$1,000 a year for life. At death the full \$10,000 is paid, regardless of the premiums waived and the income already paid to you.

Annual Cash Dividends. This policy pays dividends annually after the second year. Had his policy been taken out in 1907 the dividend for 1917 alone would have been \$100.00. The longer it is carried the cheaper it becomes and the more it is worth.

Loans. After the second year you can always borrow from one-third to two-thirds of the amount you have paid in without jeopardizing the policy, and you can insure the loan—making the policy free of debt in case of death.
