THE ONLY SOLUTION OF TRANSPORTATION

Automobiles Must Be Delivered Under Their Own Power, Says Official

"Judging by the present trend of conditions I am convinced that even the most favorable of summer weather shipping conditions will not release any appreciable amount of railway facilities for the transportation of automobiles."
 "This opinion," said Mr. P. L. Emerson, sales manager of the Olds Motor Works, "is based on a pretty careful study of conditions which I have had an opportunity to make in practically every large distributing center in the country."
 "Of course the railroads suffered severe setbacks during the terrific winter. But though they are now able to greatly increase their carrying capacity, this is largely offset by the movement of war materials which are being completed in steadily increasing volume."
 "How very fortunate it is that automobiles can be delivered to their destination under their own power. For if it were not for the daily drive-always there would be mighty few new cars put into use this season."
 "Usually at this time of the year dealers and distributors in all the cities have good stocks of cars on hand that have been received from the factories during the winter. This year if such condition exists—there are practically no accumulated stocks of motor cars."
 "The manner in which automobile sales organizations have adjusted themselves to the new conditions is nothing short of marvelous. It is safe to say that approximately 90 per cent of all cars leaving the factories today are being driven overland by dealers. For our own retail connections we have only highest praise without exception Oldsmobile dealers are going to tremendous expense and braving all sorts of hardships in order not to disappoint purchasers dependent upon them for deliveries."
 "It is nothing new any more to start a big fleet of cars on a thousand mile trip. And as road conditions improve it is to be expected that practically every automobile made will be consigned via the public highways."
Forty Airplanes Downed.
 London, April 13.—Forty hostile airplanes were brought down yesterday and 20 others were driven down. Field Marshall Haig announced tonight. Twelve English airplanes are missing. Three hostile balloons also were destroyed.

DEMAND FOR CARS GREATLY INCREASED

While the Output Decreases, the Number of Orders Is Growing

When figures on automobile production show that the output is considerably decreased from last season, it is rather startling to find that all over the country the demand, instead of decreasing in proportion, has actually increased.
 A Middle Western distributor of Hupmobiles reports that up to the 20th of March he had taken orders and received the money for more cars than he had sold in the entire month of March either last year or the year before, his two banner years.
 The results for the entire month showed practically a 20 per cent increase in demand. When this figure is considered in relation to approximately a 40 per cent reduction in motor car output, the country would seem to be on the verge of an extreme car shortage.
 The situation is further aggravated by the fact that even if the supply were equal to the demand, it is practically impossible, on account of the freight car shortage, to deliver cars today in the quantities needed. Drive-always furnish the only remedy. As the weather steadies and roads improve, this remedy will become increasingly effective.
ENTERTAINED SOLDIERS.
 Fort Caswell Men in the City Partook of Dutch Supper.
 Members of Sepa Grotto were guests to visiting soldiers last night at a Dutch supper given in the dining room at the Masonic Temple and the evening was pleasantly spent. The program included a number of musical selections with some of the best talent in the city represented. The hours were from 7:30 until 9 o'clock and guests and hosts enjoyed every minute of the time.
DOCKET WITHOUT CASES.
 Recorder and Solicitor Taking It Easy Recently.
 Another docketless day dawned in Recorder's court yesterday, there being absolutely nothing to claim the attention of Recorder Harris. This condition has obtained on numerous occasions recently and while court officials are not raising any special objection, Superintendent H. Mack Godwin is very much in need of help at the stockade and on the roads and is looking with growing disfavor on the continued docketless courts.

Y. M. C. A. WORKERS ON THE FIRING LINE

Paris, April 13.—More than 500 American Y. M. C. A. workers are performing non-combatant duties within the battle zone, was announced here tonight. Great numbers of these men were with the British forces when the German drive began. They worked side by side with American engineers, saving food supplies and munitions. They also served hot coffee and food to the soldiers. When it was announced that American troops would be sent to the Picardy front many more Y. M. C. A. men were sent into the threatened area. Five Y. M. C. A. huts on the West front are now in the enemy's hands and two others have been demolished by shell fire.

SUBMARINE CHASERS SUSTAIN DAMAGE

Washington, April 13.—Unconfirmed reports through official channels reached the Navy Department tonight saying "several" submarine chasers at an Atlantic port had been mysteriously put out of commission. No information was forthcoming as to the number of vessels damaged or the character or origin of destruction.
 Up to a late hour tonight no confirmation had been received by the Department and it was officially announced that no statement would be forthcoming tonight in any event.

PATRIOTIC FAISON.

Citizens of the Town Are Backing Up the Boys in Service.
 (Special to The Dispatch.)
 Faison, N. C., April 13.—The town of Faison, which has already furnished upwards of 30 men for service with the colors, is backing the boys with their spirit of patriotism. Patriotic meetings have regularly been held at the schoolhouse, growing more interesting each time. Last night, under the auspices of the Faison Lodge 173, Knights of Pythias, an entertainment was held at which songs were sung, touching verses read by composer, Mrs. J. M. Bowden. The service flag of the lodge, with 12 stars, brought keenly to the audience the fact that many homes were represented from here.
