

Representative Jones III, Washington, April 16.—Representative Jones, of Virginia, suffered a second stroke of paralysis last night and his physicians today had about given up hope for his recovery. He was stricken first April 7, but his condition afterwards improved.

### Famous Wash Heals Skin

D. D. D., the greatest of skin remedies will remove those skin afflictions that have made your life a burden. That intolerable itching, burning and discomfort will disappear under the magic of this remedy. It has cured many cases pronounced incurable and will reach your case. We guarantee the first bottle to bring you relief.

# D. D. D.

R. R. Bellamy, Druggist.

### DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, are those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs.—Adv.

### NEGLECTED COLDS ARE DANGEROUS

Play Safe! Prevent serious illness—Try Dr. Bell's Pine-Tar-Honey.

Prompt use of Dr. Bell's Pine-Tar-Honey does more than break up your cough. It may be the "ounce of prevention" that saves you dangerous sickness. Doctors declare the common cold one of the serious diseases, which results like pneumonia and tuberculosis which cause a large portion of human mortality.

For years Dr. Bell's Pine-Tar-Honey has been remarkably successful with coughs, colds, grippe, croup and throat, chest or bronchial troubles. Time has proved its healing balsams will soothe and relieve irritation, breathing will be easier, while its antiseptic properties kill the germs which caused infection and are retarding recovery. Still sold at 25c by all druggists.

### Dr. Bell's Pine Tar Honey for Coughs & Colds

### How Old Are You By Your Hair?

You may be thirty in years, but if you are bald-headed, gray or your hair is dry, brittle, scraggly and ugly-looking people will surely take you to be many years older.

When your hair becomes faded, dry, streaked and scraggly, when it falls out badly and new hair cannot grow, the roots should be immediately vitalized and properly nourished. To do this quickly, safely and at little expense there is nothing so effective as Parisian Sage (liquid form) which you can get at R. R. Bellamy, and all good drug and toilet counters.

It's guaranteed to abolish dandruff—stop scalp itch and falling hair and promote a new growth or money refunded. It's in great demand by discriminating women because it makes the hair so soft, lustrous, easy to arrange attractively and appear heavier than it really is.

A massage with Parisian sage is a real delight—easy to use, not sticky or greasy, and delicately perfumed. An antiseptic liquid free from dangerous ingredients and guaranteed not to color the hair or scalp. If you want good looking hair and plenty of it by all means use Parisian sage—a little attention now insures beautiful hair for years to come.—(adv.)

### SERGEANT TILLERY IS AFTER RECRUITS

#### Colonel Lucas is Anxious to Have City Represented in His Command

Sergt. G. L. Tillery, of the Sixty-sixth Engineers (Railroad Operating Regiment) who was assistant general freight agent for the Atlantic Coast Line Railway Company prior to enlistment, has been stationed here and authorized to accept recruits up to and including April 20 for the Sixty-sixth and Fifth Engineers. Men accepted for this service will be engaged in maintenance of equipment on the standard gauge military railways of France and will be forwarded to Camp Laurel, Md., immediately after being induced into the service. The opportunity offered men of the draft age for selecting the branch of service they desire to enter is excellent. Arrangements will be made with Washington for securing the induction into service men in the draft age. Men from 18 to 21 years of age and men from 31 to 41 will be accepted and placed in one of the two regiments mentioned.

Sergt. Tillery was sent here by Col. E. W. Van Courtland Lucas, commanding officer of the Sixty-sixth Engineers and he is very anxious to have this city and county represented in his command. Colonel Lucas will be pleasantly remembered here, having come to this city in 1892 to assume charge as district engineer for the government of this district. After several years of faithful performance of duty he formed partnership with Mr. Hugh MacRae and this business was in operation for several years. Two weeks ago his regiment was in its infancy. Now it has more than 1,000 members and the list is filling up rapidly. Sergeant Tillery can be reached at his residence, 309 South Second street or at his old office, telephone No. thirty-five (35).

#### FIVE IN THE POUND.

#### Half Dozen Dogs Executed Yesterday. Eleven Reclaimed.

The first execution of the ownerless element of the city's canine population occurred today when a half dozen "scrubby" little dogs were knocked in the head with an ordinary hammer and their lifeless bodies tossed into the incinerator. These six dogs at least will not assist in further spread of hydrophobia. It was the first execution since the new ordinance went into effect, requiring that all unrestrained dogs be muzzled. Twenty-two unmuzzled dogs have been gathered up during the past week. Of this number 11 have been reclaimed, the pound fee paid and they are once more enjoying the protection afforded by a master. Five are being detained at the pound and unless speedy action is taken in their behalf they will furnish fuel for the incinerator.

#### CONVENTION SCHEDULE.

#### Seven Are Assured and the Eighth is a Possibility.

The revised list of conventions booked for Wrightsville Beach during the coming summer shows that representatives from seven associations will assemble on the beach and that the eighth is still a possibility. It has not been fully determined as yet whether the North Carolina Pine Association will come here or not, but the belief still prevails that it will. Conventions thus far booked include: Tri-State Light and Water Association, June 13, 14, 15.

North Carolina Merchants' Association, 17 and 18.

North Carolina Cotton Manufacturers' Association, 18, 19, 20.

Southern Textile Association, 24, 25, 26, 27 and 29.

North Carolina Bar Association, 26 and 27.

Baptist Seaside Assembly, 27 to July 3.

Junior Order of United American Mechanics, August.

#### Allen's Foot-Ease Does It.

When your shoes pinch or your corns and bunions ache so that you are tired all over, get Allen's Foot-Ease, the antiseptic powder to be shaken into the shoes and sprinkled in the footbed. It will take the sting out of corns and bunions and give instant relief to Smarting, Aching, Swollen, Tender feet. Over 10,000 packages are being used by the American, British and French troops. Sold everywhere, 25c. Don't accept any substitute.—Adv.

### A GOOD KIDNEY MEDICINE IS A BOON TO MANKIND

During our experience in handling and selling Dr. Kilmer's Swamp-Root we have found it superior to many other preparations, in that it has been free from any complaints and we have never had a single bottle returned to us. This is proof in itself that Swamp-Root is a meritorious medicine and we are pleased to recommend it to those in need of a kidney, liver and bladder remedy.

Yours very truly,  
WILSON DRUG CO.  
March 21, 1917. Hendersonville, N. C.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove What Swamp-Root Will Do For You.

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention The Wilmington Daily Dispatch. Regular, medium and large size bottles for sale at all drug stores.—Adv.

### REGARD ADVERTISING AS MOST UNFAVORABLE

#### Business Men Doubt That the Conditions as Outlined Exist Here

Business men generally are inclined to think that conditions can be improved as regards alleged illegal sales of liquor made here and members of the community welfare committee—men who are intensely interested in the welfare of visiting soldiers—share this opinion, but none of them are willing to admit that conditions are anything like as bad as some would have the country at large believe, and all are satisfied that with a little co-operation from Colonel A. W. Chase, Fort Caswell's commandant, that the city can be made safe for the soldiers and that they will not be obliged to forego the pleasure of their week-end visits, unless Colonel Chase is determined to keep them away.

Colonel Chase's letter, which has resulted in a lot of unfavorable advertising for the city and which is not reproduced because of this fact, is to be acted upon by the executive committee of the Chamber of Commerce. The matter was discussed at the Tuesday noon meeting of the membership of the community welfare committee and while it is understood that the Colonel cannot send a provost guard without the zone limit, in all probability he will be asked to allow the soldiers to continue coming here and to send a provost guard to assist the local authorities in handling the situation during their stay in the city. As one member of the committee expressed it, suppose Wilmington goes ahead with her clean-up and succeeds in ridding the city of all bootleggers, and that permission is re-granted the soldiers to visit here and then conditions gradually drift back to the old rut and the privilege of the men coming here is again denied. Wilmington will have been given a black eye all over the country—in fact, the city will have been made the goat, and we are no better off than in the beginning. What the average business man believes is best is a little co-operation on the part of local and military authorities, and when this is had that the situation will have been completely remedied.

Business men are frank to say that they do not believe such conditions are outlined exist. If there is anything wrong they are willing to lend every assistance in cleaning up these conditions, but they are opposed to advertising of this nature unless it is justified and even then they are inclined to think that bigger results can be accomplished without advertising to the four corners of the world what is transpiring within the corporate limits of the town of Wilmington.

Men who have been in the various cantonment cities say that conditions here as they see them are not even comparable to conditions elsewhere, and while they have the best interests of the soldier at heart they realize the harm that is being done the city. Statements of Mr. Johnstone, representing the War Department, to the effect that conferences were had with the various State, county and city authorities elicited the statement from the sheriff that members of his force had not had the pleasure of meeting Mr. Johnstone, and that they had not been called into any conference looking toward cleaning up the alleged evils that exist.

All are agreed that the city should be kept clean; Wilmington wants the soldiers to visit here, and Wilmington will do everything in her power to entertain them while they are in the city, but business men are very much opposed to the form of advertising the city is getting—especially at a time when every effort is being bent to locate shipyards here and which will result in an influx of citizens.

#### HAMPSTEAD MERCHANT HELD.

#### Alleged Utterances Construed as to Hamper Draft Law.

J. W. Bowers, a merchant of Hampstead, was remanded to jail in default of \$500 bond by United States Commissioner A. S. Williams yesterday afternoon, following preliminary hearing on a charge of violating the Espionage act. He will be given a hearing at the May term of Federal Court. Several witnesses swore that Bowers had made seditious remarks, but the point on which he was held was that he had made statements that could be construed to hamper the workings of the draft law.

#### SERVE DUTCH SUPPER.

#### Big Doings on the Street During the Afternoon—Free to All.

A Dutch supper will be served members of the Grotto, the ladies and their friends in the dining room of the Masonic Temple immediately following the Sepa Grotto parade of the afternoon which is scheduled to begin at 6 o'clock and conclude about 40 minutes later. All will be given the opportunity of forgetting their troubles while the big show is on, and those who fail to see the performance of the crack drill team and the parade will regret it.

Mr. J. P. Wiggins, of the Laurinburg Exchange, is spending the day in the city on business.

#### Prison for Dancers.

Amsterdam, April 16.—An American artist named Schaefer, his wife and two Germans have been sentenced to Munich to imprisonment for six weeks for holding a costume ball at Amsterdam, the beginning of the German offensive, a press dispatch from Frankfurt reports. The ball was attended largely by officers and members of the aristocracy.

### HAVE COMMITTEES TO ARRANGE PARADE

#### Will Be Held Friday Afternoon—Post Band Will Furnish the Music

Details of the Liberty Loan parade to be held Friday afternoon at 4:30 o'clock in an effort to stimulate interest in the sale of third issue bonds were discussed at the Tuesday noon meeting Liberty Loan workers, held at the Chamber of Commerce and committees to handle the various features were named. Music will be furnished by the post band and there will be 300 regulars from the fort in the line of march. The object of the central and subsidiary committees is to make the parade one of the most successful ever attempted in Wilmington. The committee as constituted are: Liberty Loan Features—Mrs. M. L. Stover and Mr. Fred W. Dick. Red Cross—Mrs. Lyman Delano and Miss Hale. Junior Red Cross—Mrs. A. H. Hariss.

Lodges—Messrs. W. E. Perdue, C. E. Bethea.

Civic Floats—Messrs. T. R. Ames and J. M. Hall.

Automobiles—Mr. George Honnet.

Mrs. W. A. French is general chairman of all committees and under her direction, with the assistance that the above named committees can give, all are agreed that the proposed parade can be made the most successful of any ever attempted. The line of march has not been determined as yet but it will cover the principal streets of the downtown section.

All Liberty Loan workers are urged to meet in the rooms of the National Special Aid Society tomorrow afternoon. It is also announced that the Woman's Liberty Loan committee will serve lunch to the soldiers who will be here on that day. Those willing to give cakes are asked to send them to Mrs. Price at the Housewives League rest room.

### SENATOR BROUSSARD'S FUNERAL HELD TODAY

New Iberia, La., April 16.—The funeral of United States Senator Robert F. Broussard was held here today in charge of the local lodges of Masons, Elks and Knights of Pythias, all of which Senator Broussard had been a member.

Governor Pleasant and virtually all the State officials, numerous State and Federal judges, representatives of political and civic organizations from various parts of Louisiana, six United States Senators and nine United States Representatives, comprising the congressional delegation from Washington, were among those who attended.

Senator Vardaman of Mississippi pronounced the eulogy at the services held in the Court House, and Representative Rodenburg, of Illinois, who had been an intimate friend of Mr. Broussard, spoke at the cemetery, extolling Mr. Broussard's work in the National House, where he served for 18 years, and telling of the warm affection felt for him by his colleagues in Congress.

### LONG RANGE GUN KILLED A WOMAN

Paris, April 16.—Shells from the long range German guns killed one woman and wounded one woman and one man in the Paris district last night, according to an official statement issued today.

#### Emperor Charles Should Resign.

Rome, April 16.—Emperor Charles should have resigned, but as it is not customary for sovereigns to leave their posts even when they make blunders, Count Czernin was obliged to go, says the Giornale de Italia, in commenting upon the resignation of Count Czernin as Austrian foreign minister.

#### Alleged Disloyalist Tarrred.

Tulsa, Okla., April 16.—John Kubecka, aged 26 years, who is said to have made disloyal remarks and invaded the home of a soldier called in the draft, was tarred and feathered by the Knights of Liberty here last night. He was told to leave Tulsa after he had been made to promise to never again see the soldier's wife.

### AMERICANS TO HAVE BASEBALL IN PARIS

Paris, April 16.—The handsome Bois de Boulogne is likely to become the principal baseball field around Paris. The city authorities have granted permission for the use of the unimproved space in the great park for three diamonds to be used by the American expeditionary force league in Paris.

Another diamond will be provided by the racing club at Colombes.

#### Rain in Cleveland.

Cleveland, O., April 16.—A heavy rain which started shortly before noon made it extremely doubtful whether the opening game of the American baseball season between Cleveland and Detroit, scheduled for today, could be played. Ty Cobb is suffering from an acute attack of grippe and it is unlikely that he will be able to participate in the present series.

#### Under Military Charges.

Washington, April 16.—A bill to bring all persons charged with violation of the Espionage act under the jurisdiction of the military court-martial, as introduced today by Senator Chamberlain, of Oregon, chairman of the Senate military committee.

If it were not for the recent events on the Western front it might be possible to squeeze a little amusement out of the fact that the actors in a certain war film, now appearing on Broadway, picked the town of Ham as their chief locale. Also there might be further chortles in the news that a new actor in town bears the name of Adam Egg. Select your own place to put the dash. Away up in the wilds of the Bronx a young woman doctor bears the name of Miss Lotta Payne.

Seen around the town: Two Japanese in evening clothes playing excellent billiards. A French "ace" hesitating before crossing Fifth Avenue at Forty-second street and wearing a slightly worried look. A nurse girl in Central Park wheeling triplexes.

Dogs in Milan, Italy, are on rations, and their owners have to produce tickets for biscuits.

## Men of the South, Can You Read This and Keep Back Your Lives and Your Money?

"The women of France have so much more to fight for than the men" said Dr. Esther Clawson Lovejoy, who recently returned after spending months of arduous repatriate work at Evian, to a conference of Red Cross workers in Wilmington yesterday. The words fraught with a meaning that only first hand observation and actual experience could give stirred the souls of her hearers as perhaps they had not been before.

"A man can only die," she explained, "but those women—many of them, must become the wards of the men they hate and mothers of children who may be made to fight against their own land. To die is easy compared to that."

"The boys of 14 and over are kept by the Germans to help in the war against their native land, the speaker declared. The girls of 16 and over are kept also. The girls can become the mothers of a Hun who can fight against her own land. Mother love is stronger than love for country or anything else in the whole world. A mother will give all for her children. Men cannot be conquered but women can be through their mother instinct. The Germans know this.

"Why do they keep these girls? They don't send them back. Is it to breed a German army.

"When the women return to France after having been in the hands of Germans, they experience a strange indescribable joy when they reach their native land again. It is a joy unlike anything that people in America have known. They have escaped from an unspeakable tragedy. They sing the 'Marseillaise' with their souls in their voices. No one can look at them without thinking of them as blessed martyrs. They care nothing for worldly possessions. They have given their all for their country, and they have returned."

"They speak of their boys who have been killed with a feeling of pride with their heads raised high, with a serene happiness. But for the girls of 16 and over, who have been left behind, they have only a look of despair, a feeling of indescribable pain."
